## **Pass it On!**

Everyone needs to know the latest information on Medicaid. Be sure to route this to:

- ☐ Entire Office
- ☐ All Billing Departments
- ☐ Billing Professionals

## **Conduent's New Office Location!**

We have relocated! Our new office is now located in Bishop Square at 1001 Bishop St. Suite #575 Honolulu, HI 96813.

## **New Provider Management System**

On March 1, 2020, the Division will launch it's new web based provider enrollment system. This is a change from the previously communicated implementation date of August 2019. This new system will allow providers to enroll, update, and make changes to their information quickly and easily online. This will reduce 'paper' processing and will save time for both the provider and state staff.

In the near future, Medicaid providers will be receiving an informational letter providing more details about this project and requesting their updated contact information (i.e. email, phone number). It is essential for the Division to have accurate contact information for all of our providers. This is in preparation for future informational notices that will focus on what providers will need to do to prepare for the implementation of the new system.

We anticipate starting provider community training prior to the launch in March 2020, and will have more specific training dates over the next few months.

For more information, please visit the MQD website at: <https://medquest.hawaii.gov/en/plans-providers/Provider-Management-System-Upgrade.html>

## **Electronic Visit Verification (EVV)**

The 21st Century Cures Act passed by Congress in December 2016 requires states to implement EVV for certain home and community-based services: personal care services (PCS) and home health care services (HHCS). This includes Self-directed/Consumer-directed services.

The EVV vendor kick-off meeting occurred the week of June 10 in Phoenix. The EVV vendor - Sandata, AHCCCS, and Med-QUEST met to review and ensure the details of the project and process are correct before work begins.

Additional EVV information can be found at the Med-QUEST website: [www.medquest.hawaii.gov/EVV](http://www.medquest.hawaii.gov/EVV)

## **1139 Revalidation Application Forms Processing**

Please ensure you are submitting all required documents and following the proper instructions indicated on the 1139 instructional sheet. Also you will need to ensure all required signatures are in live ink. For any questions about your application, please contact the provider hotline at 1-808-952-5570. The application revalidation process is coordinated in processing phases and takes time to complete. It is imperative that the application is properly filed and completed accordingly.

## **Please contact us via Email!**

Written Correspondence can be sent via email to [hi.providerrelations@conduent.com](mailto:hi.providerrelations@conduent.com). When inquiring about a claim, you may submit with a Claim Reference Number (CRN). If you are inquiring about a claim, it is best to submit your inquiry on a Form 239. The written correspondence form is available online on the Med-QUEST website DHS Medicaid Written Correspondence Form 239.

## How to Properly Submit a Hard Copy Claim Adjustment

Adjustment claims may be submitted only within 12 months from the date of service. When the original claim is denied and you want to make a correction on the claim, simply submit a new claim. The adjudication time for new claims is much quicker than adjustment claims.

Here are tips on how to properly submit an adjustment claim:

- Circle actual changes only. i.e. if adding a line, circle entire line including total charges. If changing a code, replace with correct code and circle it.
- When deleting a line, strike through line item.
- On the top of the claim form, write the words "Resubmission"
- To make corrections on the UB04, in FL 04, please ensure you have the TOB of xx6 or xx7. Use TOB xx8 only to void the claim.
- If submitting an adjustment on the on the CMS 1500, please indicate "A" in FL 22 under resubmission code. Also notate the 12 digit CRN under Original Reference No. If voiding the claim, simply indicate "V" in FL 22 and notate the CRN.

If Conduent frequently returns your claims for the same reasons, we will contact your organization as additional training may be necessary.

## How to submit an adjustment electronically using WINASAP

### Adjustments on a 1500–Professional Claim form

When submitting an electronic claim via WINASAP, please use frequency type code 7 to replace or 8 to void

### Adjustments on a UB04–Institutional Claim form

When submitting an electronic claim via WINASAP, please change the Bill Date to TODAY'S date, and the Type of Bill will be changed to xx7 for replacement and xx8 to void

Please use your WINASAP User Guide for details at <http://edisolutionsmmis.portal.conduent.com/gcro/winasap>

## Refund Check Procedures

We are returning all your Financial Adjustments that are missing pertinent information. Supporting documentation must provide the information needed to clearly identify the claim to be adjusted or voided and must include the following:

- Client name and Patient Medicaid Identification Number
- Date of Service
- Claim Reference Number (CRN)
- Amount of the Check and Net Amount of Claim(s)
- Specific reason for refund
- For overpayments due to other insurance payment, a copy of the other insurer's EOB must be included.
- For duplicate payments please provide copies of Remittance Advices or the CRN.
- Failure to provide required information will result in check being returned with a request for missing information.

## Where on the claim to indicate Share of Cost amount on a UB04 and 1500 Claim Form?

The provider must use value code 23 along with the share of cost amount in box 39-40 when billing hard copy on a UB04 and FL field 29 on the 1500 claim form.

### **Why are your claims being returned?**

Our agents may advise that there are no claim(s) on file and it has been returned when inquiring. A reason for a returned claim is due to data entry errors on the claim processed by your organizations billing department. To decrease payment delays and erroneous post mailing charges, we highly suggest your claim be reviewed carefully before submission. Our agents are available to answer simple billing criteria's based on the instructional billing sheets on prior bulletins and are unable to advise what you should be billing. Here is a list of popular reasons why Conduent is returning your claims.

- ◆ Dental Claims should be sent to Hawaii Dental Services
- ◆ ICD-10 indicators are not indicated in box 66 on the UB04 and box 21 on the CMS 1500 Claim form
- ◆ Missing live ink signatures. Please sign on the bottom of the UB04 since there are no instructions of where to provide an authorized live ink signature
- ◆ Ensure the attached Explanation of Benefit is legible
- ◆ The patient's Medicaid Identification consists of 10 digits
- ◆ Do not write the word "RESUBMISSION" on your claim unless it's an adjustment claim. If you are submitting another claim because you have gotten no response, just submit a new claim.
- ◆ Adjustment Claims should have the original claim reference number (CRN) and correction marks in its proper claim field

No timely filing is waiver is needed if the patient's enrollment meets this exception.

Evidence must be provided showing that the claim was previously submitted within the 12 month filing deadline. If this documentation is not available, extenuating circumstances must be described. You must submit your written request to the Finance Office. Please send your letter to the following address:
