In the top right corner of the EPSDT Portal, you will see New 8015 and New 8016 icons. You can click here to start a new exam visit record to be submitted online.

Form View

Once you select what form you would like to execute, at the top navigation, this tells you what panel you are on.

The arrow navigation at the top right allows you to go back and forward through the panels but **does not validate** the data entered.

You will see the buttons located at the bottom left of the form. These are the actions when you click on them.

- **Next:** Validates information you entered to move to the next panel
- **Cancel:** Exits record and does not save any changes.
- **Save:** Will save the exam information entered.
- **Submit:** Validates the exam visit information. If all fields are validated, the record is submitted to the health plan.

When entering **Medicaid ID**, include all 10 digits, including leading zeros.

Digital Signature

To add your digital signature to an online 8015/8016, you will navigate to the **Provider Statement & Sign** panel. You will need to complete the Provider information if it is not completed.

To sign, click on the white area below **SIGNATURE** and a pop-up box will open. You can use **your mouse to scribble** and then click on the checkmark located on the bottom right. Once done, click **Submit**.
