STEP 2 Tell Us About Your Family.

Complete this step for each person in your family. Start with yourself, then add other adults and children. If you have more than two (2) people in your family, you will need to make a copy of <u>pages 5 and 6</u> for each additional person and attach the pages to this application. As a condition of eligibility, a Social Security number must be provided for each individual (including Children over the age of 1) who is applying for Medicaid or an application filed for SSN before applying for assistance*.

However, if you are a parent or spouse who is not applying for medical help for yourself, we may still need your income to determine eligibility for the household members who are applying. If you choose not to provide an SSN, we will need to follow up with you to get information about the non-applicant's income. Your SSN will help us to process eligibility faster during application and renewals.

*If someone wants help getting an SSN, call 1-800-772-1213 or visit socialsecurity.gov. TTY users should call 1-800-325-0778. You may need to show proof of an SSN application or reason why an SSN cannot be obtained.

Who do you need to include on this application?

The following people should be included if they live with you or you are responsible for their care, even if they are temporarily away (college, deployment, etc.):

- Spouse
- Natural, adoptive, or stepchildren under age 19 years old
- Unmarried partner with a shared child
- Any other person on the same federal income tax return (including any children over age 19 who are claimed on a parent's tax return). You don't need to file taxes to get health coverage.
- Other children under your care who are under age 19 years old

For children under age 19 who need coverage, include even if not applying for health coverage:

- Any parent (or stepparent) they live with
- Any sibling they live with
- Any son or daughter they live with, including stepchildren
- Any other person on the same federal income tax return. You don't need to file taxes to get health coverage.

Earned Income Tax Credit (EITC):

EITC is a benefit for working people who have low to moderate income. This tax credit reduces the amount of tax you owe and may also result in a refund. You must understand that you have to report income changes because it may affect the amount of premium assistance (or tax credits) you may be eligible to receive. If you receive too much premium assistance (or tax credits) during the benefit year, you will need to pay the extra premium assistance back to the IRS when filing for federal income taxes for the benefit year.
