_____ is an Authorized Agency in Hawaii's Homeless Management Information System (HMIS) and Coordinated Entry System (CES). The HMIS and CES are shared homeless and housing database systems used by homeless service providers throughout the State of Hawaii. **The HMIS and CES improve the ability for you to achieve housing by allowing providers authorized to serve you to share your information.** The shared information is used to identify your unique needs and to allow for coordination among different service providers to more efficiently serve you. Sharing your information reduces the need to be asked the same questions repeatedly and may result in faster, more personalized services. The HMIS operates over the Internet and uses many security protections to ensure confidentiality. Additionally, your information is protected by federal HMIS Privacy and Security Standards.

As you receive services, information will be collected from you about the services provided to you, and the differences made as a result of these services.

- Only Authorized Agencies will have access to your information. A list of Authorized Agencies is available upon request at www.partnersincareoahu.org/hmis-policies.
- Other approved organizations may receive access to information for reporting or research purposes allowed by law (i.e. court order) and approved by the Statewide Data Committee. The general public will NEVER have access to your information. Please review the Privacy Notice for more details.
