SECTION 10 ADMINISTRATIVE OVERVIEW

10.100 Purpose of the Request for Proposals

- A. This Request for Proposals (RFP) solicits proposal from a qualified Offeror to provide Medicaid Ombudsman services to eligible Medicaid beneficiaries and Medicaid participating Providers. The Medicaid Ombudsman Offeror must be able to assist the Medicaid beneficiaries to ensure their access to care, promote their quality of care, and to improve their satisfaction with the QUEST Integration (QI) and Fee-For-Service (FFS) programs. The Offeror will assist Medicaid beneficiaries in resolving issues/concerns about access to, quality of, or limitations to, health care services in the QI and FFS programs. The Medicaid Ombudsman Offeror will also address concerns of the Medicaid participating providers (Provider).
- B. The Offeror shall not be affiliated with any of the QI health plans contracted by Department of Human Services (DHS). A list of the currently participating Hawaii QI health plans and FFS contractors may be found in Appendix B.
- C. The successful Offeror shall be responsible for all costs of providing the required services as described in this RFP. These include but are not limited to all staffing, office space, office equipment, travel expenses, computer hardware and software, and data reporting capacity to perform the services described herein.
- D. Offerors are advised that the entire RFP, any addenda, and the corresponding proposal shall be part of the contract with the successful Offeror. The DHS reserves the right to modify, amend, change, add, or delete any requirements in this RFP to serve the best interest of the State. If significant amendments are made to the RFP, the State will consider allowing Offerors additional time to submit their proposals.
- E. Offerors are encouraged to read each section of the RFP thoroughly. While sections may appear similar among RFPs, state purchasing agencies may add additional information as applicable. It is the responsibility of the Offeror to understand the requirements of each RFP.

10.110 Medicaid Beneficiaries

- A. Medicaid Ombudsman services are an alternative service available to Medicaid beneficiaries to address and resolve their concerns and problems related to:
 - 1. Access to medical and behavioral health care;
 - 2. Quality of medical and behavioral health care; or
 - 3. Coverage for medical and behavioral health care.
- B. Medicaid Ombudsman services shall be provided to Medicaid beneficiaries participating in the Hawaii QUEST Integration Program listed in Section 30.300.
- C. Medicaid Ombudsman services will provide information and assistance to Medicaid beneficiaries regarding rights and obligations, and dispute resolution relating to health care services delivered by the providers participating in the QI and FFS programs.
- D. Medicaid Ombudsman services shall not be a replacement for the grievance and appeals process for the QI and FFS programs, nor do they replace the right of a Medicaid beneficiary to request an Administrative Appeal with DHS.
- E. Receiving Medicaid Ombudsman services does not preclude a Medicaid beneficiary from exercising the right to file a grievance with the QI health plans and FFS contractors, or to request for an Administrative Appeal Hearing separately or concurrently.
- F. If the beneficiary chooses to go through the Administrative Appeal process, the Medicaid Ombudsman shall assist the Medicaid beneficiaries with that process. However, the Medicaid Ombudsman shall not represent Medicaid beneficiaries at a DHS Administrative Appeal Hearing. The Medicaid Ombudsman may refer beneficiaries to sources of legal representation.

10.120 Providers

- A. Medicaid Ombudsman services shall be made available to Provider to address their concerns, as provided in Section 40.320.

- B. Medicaid Ombudsman services shall provide a resource for Providers to connect them with the contracted QI health plans and FFS contractors, as provided in Section 40.320.
- C. Medicaid Ombudsman services shall provide resources for Providers to connect with FFS programs.

10.200 Authority for Issuance of RFP

- A. This RFP is issued under the authority of Title XIX of the Social Security Act, 42 USC Section 1396, et. seq. as amended, 42 CFR 438.71, the implementing regulations issued under the authority thereof, Section 346-14, Hawaii Revised Statutes (HRS), and the provisions of the Chapter 103F, HRS. All Offerors are charged with presumptive knowledge of all requirements cited by these authorities, and submission of a valid executed proposal by any Offeror shall constitute admission of such knowledge on the part of such Offeror. Failure to comply with any requirement may result in the rejection of the proposal. DHS reserves the right to reject any or all proposals received or to cancel this RFP, according to the best interest of the State.

10.300 Issuing Officer

- A. Offerors are advised that if awarded a contract under this RFP, each Offeror shall, upon award of the contract, furnish proof of compliance with the following

requirements of HRS, required to conduct business in the State:

1. HRS Chapter 237, tax clearance
2. HRS Chapter 383, unemployment insurance

B. Offerors are advised that there are costs associated with compliance under this section. Any costs are the responsibility of the Offeror.

C. Proof of compliance is shown by providing the Certificate of Vendor Compliance issued by Hawaii Compliance Express (HCE).

20.600 Hawaii Compliance Express (HCE)

A. The DHS utilizes the HCE to verify compliance with the requirements to conduct business in the State, upon award of the contract. The HCE is an electronic system that allows vendors/contractors/service providers doing business with the State to quickly and easily demonstrate compliance with applicable laws. It is an online system that replaces the necessity of obtaining paper compliance certificates for Department of Taxation and Internal Revenue Service tax clearances, Department of Labor and Industrial Relations (DLIR) labor law compliance, and Department of Commerce and Consumer Affairs (DCCA) good standing compliance. There is a nominal annual fee for the service. The "Certificate of Vendor Compliance" issued online through HCE provides the registered Offeror's current compliance status as of the issuance date and is

accepted for both contracting and final payment purposes.

B. See website:

<https://vendors.ehawaii.gov/hce/splash/welcome.html>

20.610 Suspension and Debarment

A. Pursuant to Office of Management and Budget (OMB) 2FR Part 180, no award of contract under this RFP shall be made if the Offeror, its subcontractors, and its principals have been suspended, or debarred, disqualified, or otherwise excluded from participating in this procurement.

20.700 Rules of Procurement

A. To facilitate the procurement process, various rules have been established as described in the following subsections.

20.710 No Contingent Fees

A. No Offeror shall employ any company or person, other than a bona fide employee working solely for the Offeror or company regularly employed as its marketing agent, to solicit or secure this contract, nor shall it pay or agree to pay any company or person, other than a bona fide employee working solely for the Offeror or a company regularly employed by the Offeror as its marketing agent, any fee commission, percentage, brokerage fee, gift, or other consideration contingent upon or resulting from the award of a contract to perform the specifications of this RFP.

20.720 Restriction on Communication with State Staff

A. Communication with State staff shall be consistent with requirements identified in Subchapter 4 Allowable Communication Section 3-143, Hawaii Administrative Rules (HAR).

1. Prior To Submittal Deadline:

a. Discussions may be conducted with Offerors to promote understanding of the purchasing

agency's requirements.

2. After Proposal Submittal Deadline:

- a. Discussions may be conducted with Offerors whose proposals are determined to be reasonably susceptible of being selected for award, but proposals may be accepted without discussions, in accordance with Section 3-143-403, HAR.

20.730 RFP Amendments

- A. DHS reserves the right to modify, amend, change, add, or delete any requirements in this RFP to serve the best interest of the State. DHS reserves the right to issue amendments to the RFP any time prior to the closing date for the submission of the proposals.
- B. In addition, addenda may also be made after proposal submission consistent with Section 3-143-301(e), HAR.

20.740 Costs of Preparing Proposal

- A. Any costs incurred by the Offeror for the development and submittal of a proposal in response to this RFP are solely the responsibility of the Offeror, whether or not any award results from this solicitation. The State of Hawaii shall provide no reimbursement for such costs.

20.750 Provider Participation in Planning

- A. Provider participation in a state purchasing agency's efforts to plan for or to purchase health and human services prior to the state purchasing agency's release of an RFP, including the sharing of information on community needs, best practices, and providers' resources, shall not qualify the provider from submitting proposals if conducted in accordance with HAR Sections 3-142-202 and 3-142-203, HAR, pursuant to Chapter 103F, HRS.

20.760 Disposition of Proposals

- A. All proposals become the property of the State of Hawaii. The successful proposal shall be incorporated into the

resulting contract and shall be public record. A copy of successful and unsuccessful proposal(s) shall be public record as part of the procurement file as described in Section 3-143-616, HAR, pursuant to Chapter 103F, HRS. The State of Hawaii shall have the right to use all ideas, or adaptations to those ideas, contained in any proposal received in response to this RFP. Selection or rejection of the proposal shall not affect this right.

- B. According to Section 3-143-612, HAR, Offerors who submit technical proposals that fail to meet mandatory requirements or fail to meet all threshold requirements during the technical evaluation phase may retrieve their technical proposal within thirty (30) days after its rejection from the purchasing agency. After thirty (30) days, the purchasing agency may discard the rejected technical proposal.

20.770 Rules for Withdrawal or Revision of Proposals

- A. A proposal may be withdrawn or revised at any time in the designated DHS proposal electronic submission site prior to, but not after, the Proposal Due Date specified in Section 20.100.
- B. After the Proposal Due Date as specified in Section 20.100, all proposals timely received shall be deemed firm Offers that are binding on the Offerors for ninety (90) days. During this period, an Offeror may neither modify nor withdraw its proposals without written authorization or invitation from the DHS. Offerors may withdraw their bid without incurring penalties as described in Section 80.700.
- C. Notwithstanding the general rules for withdrawal or revision of proposals, the DHS purchasing agency may request that Offerors submit a final revised proposal in accordance with Section 3-143-607 HAR.

20.780 Independent Price Determination

- A. State law requires that a bid shall not be considered for award if the price in the bid was not arrived at independently without collusion, consultation, communication, or agreement as to any matter relating to

such prices with any other Offeror or with any competitor.

- B. An Offeror shall include a certified statement in the proposal certifying that the bid was arrived at without any conflict of interest, as described above. Should a conflict of interest be detected at any time during the contract procurement, the contract shall be null and void and the Offeror shall assume all costs of this project until such time that a new Offeror is selected.

20.800 Confidentiality Information

- A. The DHS shall maintain the confidentiality of proposals only to the extent allowed or required by law, including but not limited to Section 92F-13, HRS, and Sections 3-143-604 and 3-143-616, HAR. If the Offeror seeks to maintain the confidentiality of sections of the proposal, each page of the section(s) shall be marked as "Proprietary" or "Confidential." An explanation to the DHS regarding how substantial competitive harm would occur if the information were released is required. If the explanation is sufficient, then to the extent permitted by the exemptions in Section 92F-13, HRS, the affected section may be deemed confidential. Such information shall accompany the proposal, be clearly marked, and shall be readily separable from the proposal to facilitate eventual public inspection of the non-confidential sections of the proposal. The DHS shall maintain the confidentiality of the information to the extent allowed by law. Blanket labeling of the entire document as "proprietary," however, shall result in none of the document being considered proprietary.

20.900 Acceptance of Proposals

- A. DHS reserves the right to reject any or all proposals received or to cancel this RFP if deemed in the best interest of the State.
- B. DHS also reserves the right to waive minor irregularities in proposals when such action is in the best interest of the State.
- C. Where DHS may waive minor irregularities, such waiver shall in no way modify the RFP requirements or excuse an Offeror from full compliance with the RFP specifications

and other contract requirements if the Offeror is awarded the contract.

- D. DHS also reserves the right to consider as acceptable only those proposals submitted in accordance with all technical requirements set forth in this RFP and which demonstrate an understanding of the requirements. Any proposal offering any other set of terms and conditions contradictory to those included in this RFP may be disqualified without further notice.

21.100 Submission of Proposals

- A. Each qualified Offeror shall submit only one (1) proposal to provide Medicaid Ombudsman services. In the event that more than one (1) proposal is submitted, DHS shall reject all proposals submitted by that single Offeror. The Proposal Application by a single Offeror Identification Form (SPO-H-200) in Appendix D shall be completed and submitted with the proposal. The format and content of the proposal is specified in Section 60 and Section 70.
- B. The Offeror shall submit mandatory, technical, and business proposals in one (1) single electronic primary folder and a redacted version of the mandatory, technical, and business proposals, removing all confidential/proprietary information, in one (1) single electronic redacted version folder to the DHS-designated proposal electronic submission site provided by the Issuing Officer. If there are discrepancies between the electronic primary folder and the electronic redacted version folder, the electronic primary folder will be the final version. The Issuing Officer shall receive electronic primary and redacted versions of the mandatory, technical, and business proposals no later than 2:00 p.m. HST on the proposal due date specified in Section 20.100.
- C. The one (1) single electronic primary folder shall have three (3) subfolders: 1) Mandatory Proposal; 2) Technical Proposal; and 3) Business Proposal.
- D. The Offeror shall submit the mandatory, technical, and business proposals to the designated electronic submission site as follows:
 - 1. All proposals shall be submitted in a fully searchable Adobe

Acrobat Portable File Format (PDF).

2. The PDF submission shall not be password-protected or encrypted.
 3. Any forms and/or documents requiring signature(s) shall be scanned into the respective PDF files.
- E. The Offeror shall place the Mandatory requirements, as described in Section 60, in the Mandatory Proposal subfolder as one (1) PDF file. Appendix H shall be submitted as a separate file from other submissions in the Mandatory Proposal subfolder.
- F. For the Technical Proposal subfolder, the Offeror shall create one (1) PDF file for each evaluation category described in Section 80. Each file nomenclature shall be the same as the evaluation category (e.g., Category - Executive Summary). For each evaluation category PDF file submission, the Offeror shall include all appendices, graphics, and attachments as required in this RFP or to support the responses only for the specific evaluation category. No video shall be included.
- G. The Offeror shall place the Business Proposal, as described in Section 70 in the Business Proposal subfolder, as one PDF file. The information required in Appendix G shall be included in the Business Proposal.
- H. The Offeror shall solely bear the whole and exclusive responsibility for ensuring the documents are received by the Issuing Officer and for ensuring the complete, correctly formatted, legible, and timely transmission of all documents. The Offeror shall assume all risk that the Issuing Officer receiving equipment and system may be inoperative or otherwise unavailable at the time transmission is attempted.
- I. The Offeror file submissions to the designated DHS proposal designated electronic submission site can reviewed or revised until 2:00 p.m. HST on the proposal due date specified in Section 20.100.
- J. After the closing date and time, the DHS-designated proposal electronic submission site shall be closed to prevent further proposal submissions or revisions.

21.200 Proposal Opening and Inspection

- A. Proposals, modifications to proposals, and withdrawals of proposals shall be date-stamped and, when possible, time-stamped upon receipt by the DHS. All documents so received shall be held in a secure place by the State purchasing agency and not opened until the Proposal Due Date as described in Sections 20.100 and 21.200.
- B. Procurement files shall be open for public inspection after a contract has been awarded and executed by all parties.

21.300 Irregular Proposals

- A. Proposals shall be considered irregular and rejected for the following reasons including, but not limited to:
 - 1. If either the Proposal Application Identification Form or transmittal letter is unsigned by an Offeror or does not include notarized evidence of authority of the officer submitting the proposal to submit such proposal.
 - 2. If the proposal shows any non-compliance with applicable law or contains any unauthorized additions or deletions, conditional bids, incomplete bids, or irregularities of any kind, which may tend to make the proposal incomplete, indefinite, or ambiguous as to its meaning.
 - 3. If an Offeror adds any provisions reserving the right to accept or reject an award, or enters into a contract pursuant to an award, or adds provisions contrary to those in the solicitation.

21.400 Rejection of Proposals

- A. The State reserves the right to consider as acceptable only those proposals submitted in accordance with all requirements set forth in this RFP, and which demonstrate an understanding of the issues involved and comply with the scope of service. Any proposal offering any other set of terms and conditions contradictory to those included in this RFP may be rejected without further notice.

B. A proposal may be automatically rejected for any or more of the following reasons: (relevant sections HAR for Chapter 103F, HRS, are in parenthesis)

21.500 Cancellation of RFP

A. The RFP may be cancelled and any or all proposals may be rejected in whole or in part, when it is determined to be in the best interest of the State. The State shall not be liable for any costs, expenses, loss of profits, or damages whatsoever, incurred by the Offeror in the event this RFP is cancelled or a proposal is rejected.

21.600 Additional Materials and Documentation

A. Upon request from the state purchasing agency, each Offeror shall submit any additional materials and documentation reasonably required by the state purchasing agency in its evaluation of the proposal.

21.700 Final Revised Proposal

A. If requested, final revised proposals shall be submitted in the manner and by the date and time specified by the state purchasing agency. If a final revised proposal is not submitted, the previous submittal shall be construed as the Offeror's best and final offer/proposal. The Offeror shall submit only the section(s) of the proposal that are

amended, along with the Proposal Application Identification Form (SPO-H-200). After final revised proposals are received, final evaluations will be conducted for an award.

SECTION 30 BACKGROUND AND DEPARTMENT OF HUMAN SERVICES RESPONSIBILITIES

30.100 Overview of Medical Assistance in Hawaii

- A. The Med-QUEST Division (MQD) is the unit within the Department of Human Services (DHS) that administers Hawaii's medical assistance programs. Medicaid, a federal and state partnership program created by Congress in 1965, provides medical assistance benefits to qualified uninsured and underinsured through the QI and FFS programs.
- B. Together, Medicaid covers approximately 402,955 individuals. The basic eligibility requirements for Medicaid include; 1) U.S. citizen or qualified alien; 2) Hawaii resident; and 3) not residing in a public institution such as prison or the State psychiatric hospital. Most eligibility categories such as low-income adults, pregnant women, and children have different income thresholds and are not subject to an asset limit.
- C. MQD also administers at this time two state-funded programs. The first is a state-funded aged, blind, and disabled (ABD) program for certain lawfully present non-pregnant adults who are ineligible under Medicaid. The second is the Breast and Cervical Cancer program. The MQD retains the ability to add new state-funded programs. Eligibility requirements are the same as for Medicaid, but there is no U.S. citizenship requirement. Eligible persons are placed in the QI managed care health plans. Federal dollars are not claimed for these eligibility groups.

30.200 Overview of Department of Human Services (DHS)
