- 23. Explanation of remittance advices;
- 24. A statement that specifies that the provider may not bill the Member in the event that a provider fails to follow Health Plan procedures resulting in nonpayment;
- 25. The description of the exceptional circumstance when a

APPENDIX D: Provider Manual Requirements Provider may bill a Member or assess charges or fees, as follows:

- a. If a Member self-refers to a specialist or other provider within the network without following Health Plan procedures (e.g., without obtaining prior authorization) and the Health Plan denies payment to the provider, the provider may bill the Member if the provider provided the Member with an Advance Beneficiary Notice of noncoverage; and
- b. If a provider bills the Member for non-covered services, for exceeding established limits of coverage, or for selfreferrals, the provider will inform the Member and obtain prior agreement from the Member regarding the cost of the procedure and the payment terms at time of service;
- 26. A description of the Health Plan's grievance system process and procedures for Members which will include, at a minimum:
  - a. The Member's right to file grievances and appeals with requirements and time frames for filing;
  - b. The Member's right to a State grievance review;
  - c. The Member's right to a State administrative hearing, how to obtain a hearing, and rules on representation at a hearing;
  - d. The availability of assistance in filing a grievance or an appeal;
  - e. The Member's right to have a provider or authorized

APPENDIX D: Provider Manual Requirements representative file a grievance and/or an appeal on his or her behalf, provided he or she has provided consent to do so;

- f. The toll-free numbers to file a grievance or an appeal; and
- g. When an appeal or hearing has been requested by the Member, the right of a Member to receive benefits while the appeal or hearing is pending and that the Member may be held liable for the costs of those benefits if the Health Plan's adverse action is upheld.
- 27. A description of the provider grievance system including how to file a grievance or appeal;
- 28. A description of how the provider can access language interpretation, auxiliary aids, sign language services, and specialized communication for its Members (e.g., Braille, translation in a language other than English, etc.);
- 29. A description of the provider's responsibility for continuity of treatment in the event a provider's participation with the Health Plan terminates during the course of a Member's treatment by that provider;
- 30. A description of credentialing and re-credentialing requirements and activities;
- 31. A description of the Health Plan's QAPI and the provider's responsibilities as it relates to the QAPI;
- 32. Medical records standards and the provider's responsibilities regarding medical records;

APPENDIX D: Provider Manual Requirements

- 33. A description of confidentiality and HIPAA requirements with which the provider must comply;
- 34. A statement that the Health Plan will immediately transfer a Member to another PCP, Health Plan, or provider if the Member's health or safety is in jeopardy;
- 35. Claims submission and adjudication procedures;
- 36. Utilization review and management activities;
- 37. A description of D-SNP alignment activities that will impact provider practice, including any uniform appeals and grievance processes;
- 38. A description of value-added services;
- 39. A description of the provider's role in the development of treatment or service plans for Members; and
- 40. Processes surrounding provider termination to include transition of care.

# **APPENDIX E:** Approach to Care Delivery

- A) As a part of the Med-QUEST Division's (MQD) Hawai'i 'Ohana Nui Project Expansion (HOPE) initiative, DHS describes the framework and strategies to achieve healthier families and healthier communities, and the Triple Aim of better health, better outcomes, and sustainable costs. As a next step, DHS is further describing how DHS will approach and implement activities related to critical aspects of care delivery including primary care, behavioral health integration across the continuum of care, and addressing social equity and social risk factors (SRF).
  - 1. Advancing Primary Care
    - a. Primary care has evolved over time and advanced primary care models are emerging to better meet the needs of patients, especially patients with complex medical, behavioral, and social conditions. Advanced primary care models are described as providing care that is comprehensive, relationship-based, person-centered, whole-person oriented, coordinated across all elements of the health care system, accessible, evidence-based, and high quality.
    - b. DHS's approach to supporting advanced primary care models is to include new requirements in the QUEST Integration Health Plan contracts. Some of the Health Plan requirements include:
      - Supporting providers that are interested in implementing advanced primary care models.

This may include activities such as providing administrative support, technical assistance, training, and other support.

- 2) Continuing to adopt payment policies that shift from volume-based to value-based payment models that promote and reward value. These payment policies and methodologies should also consider the cost of essential infrastructure and systems needed to transition to advanced primary care models.
- 3) Increasing the proportional investing in primary care.
- Providing a robust system of health coordination that is performed in the home, in the community, and at the site of care including in primary care practices.
- 5) Supporting increased utilization of telehealth services.
- 6) Supporting Project Extension for Community Healthcare Outcomes (ECHO). Project ECHO<sup>™</sup> is an innovative medical education and mentoring model that builds provider capacity with multi-disciplinary teams while improving access to care.
- c. In addition, DHS intends to support primary care by establishing a specialized health home pilot concept

called the Hale Ola. The Hale Ola is a type of advanced health home that for provides comprehensive and coordinated care to Members with complex medical, behavioral, and social conditions. The Hale Ola will integrate and coordinate all primary, acute, behavioral health, and other services to treat the whole person. The Hale Ola will have a strong focus on behavioral health, prevention, health promotion, disease management, medication management, and other services.

- 2. Behavioral Health Integration across the Continuum of Care
  - a. DHS's overarching goals are to integrate behavioral health with physical health at the primary care level, through the continuum to the most intensive level for Members with complex conditions and social needs.
    Other goals include integrating care with value-based payment structures, and screening, diagnosing, and treating conditions as early as possible.
  - b. In order to achieve the goals, DHS is implementing the stepped approach to behavioral health (Von Koroff and Tiemens, 2000). The concept of the stepped approach is that individuals can move fluidly up and down a continuum of services and that treatment level and intervention will be paired with the individual level of acuity to provide effective care without overutilization of resources.

- c. There are three components of the stepped approach.They include:
  - Utilizing the Hawai'i Coordinated Access Resource Entry System (CARES);
  - Establishing clear protocols describing the criteria for moving along the continuum of care; and
  - 3) Supporting behavioral health integration models at the point of care.
- d. Utilizing and supporting Hawai'i CARES:
  - 1) The Department of Health (DOH) Alcohol and Drug Abuse Division (ADAD) created the Hawai'i Coordinated Access Resource Entry System (CARES) to better address the needs of individuals with behavioral health conditions. Hawai'i CARES is a comprehensive and responsible system of care that aims to provide a continuum of care to deliver and reduce all barriers to substance use disorder, mental health, and co-occurring treatment and recovery support services, as well as crisis intervention and support services. One of the major functions of Hawai'i CARES is to establish a hub of providers that complete universal intakes and screenings of Members and provide other services that support improving access to whole

person care. All QUEST Integration Members needing mental health, substance use, and crisis intervention services need to utilize this multiple entry-point and coordinating center to access care.

- 2) The Health Plans are required to work with Hawai'i CARES to ensure their Members are receiving needed care. The Health Plans must also work with Hawai'i CARES so authorization of needed services are provided in a timely manner. Hawai'i CARES and the Health Plans will also collaboratively work together to improve access to behavioral health services, and to ensure there is coordination of care and communication among the physical and behavioral health care team members.
- e. Establishing protocols for movement along the continuum of care:
  - i. Even though a system of care is being developed through Hawai'i CARES, there are still other areas that need to be further developed in order to implement a stepped approach. One of the areas is to establish clear protocols that provide guidance and criteria on how Members will "step up" or "step down" the continuum of care. This will ensure that the right Members receive the right services at the right time in the right

settings, and it will also ensure consistency and standardization across the delivery system and Health Plans. DHS will take the lead on this work and collaborate with the Health Plans, Hawai'i CARES, and other stakeholders to establish the protocols.

- f. Supporting behavioral health integration at the point of care:
  - An important aspect of a stepped approach to behavioral health is ensuring that there is adequate capacity at the provider level to provide services along the continuum of care. This is why the Health Plans are required to support providers in adopting evidence-based behavioral health integration models at the point of care. Some of the evidence-base integration models include the Collaborative Care Model, Screening, Brief Intervention and Referral to Treatment (SBIRT), Medication Assisted Treatment (MAT), Motivational Interviewing, and other evidence-based models.
  - 2) Health Plans will support integration at the point of care by providing administrative support, technical assistance, and other support to practices that are interested in implementing integrated models. Additionally, the Health Plans will support integration by adopting

payment models that support and promote integrated care. By providing support and implementing payment policies that promote and reward integrated care, providers are more likely to adopt and implement integrated care models and access to care will likely increase.

- 3. Addressing Health Equity and SRF
  - a. Another important aspect of care delivery is ensuring health equity and addressing social factors that may have an impact on health. The HOPE guiding principles stress the importance of applying a lens of health equity to the implementation of HOPE vision and addressing the SRF. SRF are the conditions in which people are born, grow, live, work, and age that shape health. Socio-economic status, discrimination, education, neighborhood and physical environment, employment, housing, food insecurity and access to health food choice, access to transportation, social support networks and connection to culture, as well as access to healthcare are all determinants of health.
  - b. DHS's approach to health equity and addressing SRF is to develop a SRF transformation plan in partnership with the Health Plans which, when complete, will represent DHS's plan to identify, evaluate, and reduce, to the extent practicable, health disparities based on age, race, ethnicity, sex (gender when available), primary language, and disability status. The SRF transformation plan is

expected to develop a shared DHS and Health Plan Road Map to comprehensively and systematically address health disparities.

c. Early implementation stages of the plan will emphasize the use of analytics and analytic methods by DHS and the Health Plans to identify and monitor health disparities, and increased identification of unmet social needs through enhanced data collection methods. Later implementation stages will focus on care delivery. This will include identifying and fortifying community-based SRF supports, addressing social needs through referrals and resources, and targeting efforts to address the needs of populations at high risk for adverse health outcomes through socially and culturally appropriate mechanisms and communication. Simultaneously, the SRF transformation plan will pave the way for the development of financial mechanisms to address and mitigate health disparities and unmet social needs. Health Plans will be expected to align to and describe their "on the ground" community and beneficiary-level activities that will realize the overall goals.

#### 4. Next Steps

 a. Following the execution of the new Health Plan Contract (estimated effective date is July 1, 2021), and in collaboration with the Health Plans and stakeholders, DHS will continue to develop the HOPE implementation plan and timeline. DHS will consider the importance of

administrative simplification and standardization of processes at DHS, Health Plan, and provider level to ensure the HOPE vision is implemented as effectively and efficiently as possible. Additionally, DHS will also consider contingency plans that may be needed to adapt to unforeseeable or impactful events such as public health emergencies or budget crises.

#### APPENDICES APPENDIX F: Early and Periodic Screening, Diagnostic & Treatment Screening

### APPENDIX F: Early and Periodic Screening, Diagnostic & Treatment Screening

- A) EPSDT Form Changes
  - 1. DHS 8015/8016
    - a. The EPSDT forms are used to align with the most current recommendations and guidelines and in response to input from providers in the community. Refer to Med-QUEST Division for the latest DHS 8015/8016 forms.
    - b. DHS 8015 serves the purpose of guiding providers through the required components of an EPSDT exam, improving the quality of exams, and through the data collected, providing a better understanding of the health and health needs of our Medicaid clients.
    - c. DHS 8016 is used to document the completion of any screening(s) and/or immunization(s) that were attempted and not done during a comprehensive EPSDT screening visit, as well as to document any immunization or screening not captured on the 8015 or not associated with a comprehensive EPSDT screening visit.
    - A supply of these forms may be obtained by calling the Medicaid designated fiscal agent. The instructions for completing the form appear in detail on the back of the DHS 8015/8016.

APPENDIX F: Early and Periodic Screening, Diagnostic & Treatment Screening

- B) EPSDT Billing Procedures
  - 1. The enhanced reimbursement (\$120 for FFS in 2019) for comprehensive EPSDT exams will apply under the following conditions:
    - a. Submission of a completed DHS 8015.
      - 1) Attach the original completed and signed hardcopy DHS 8015 to the CMS 1500 claim, and mail to the appropriate Health Plan for QI Members or to the Medicaid designated fiscal agent for fee-for-service Medicaid Members. If the completed form is not attached to the claim, the claim cannot be processed as a comprehensive EPSDT visit; or
      - 2) Submit electronically a completed and signed/finalized EPSDT exam through the EPSDT online form prior to electronic submission of the claim. The Health Plans or Med-QUEST Division staff will match the completed electronic EPSDT form with the electronic claim.
      - 3) Without a completed EPSDT form submitted in either hard-copy or electronic as described above, the claim cannot be processed as a comprehensive EPSDT exam and enhanced reimbursement will not be provided.

APPENDIX F: Early and Periodic Screening, Diagnostic & Treatment Screening

- 2. No other claim for an evaluation and management (E&M) service (99201-99255; 99304-99499) is submitted on the same day by the same provider for that patient. The EPSDT exam includes the diagnosis of abnormal conditions and appropriate treatment rendered by the EPSDT examining provider on the day of the EPSDT examination. For example, otitis media found during an EPSDT exam should be submitted with the appropriate EPSDT code; a separate claim line for an office visit for the diagnostic and treatment of otitis media should NOT be submitted.
- 3. Eligible codes can be found in the <u>Medicaid Provider Manual's</u> EPSDT chapter.

- 10. *Return Form to*: Enter the name of the service coordinator or the contact person. Indicate the managed care plan name if applicable, telephone, fax number and email address of the person able to provide additional information about the patient.
- 11. *Referral Information*: Complete all sections for an initial request. Skip this section, if this is an annual or "other" review.
  - **A. Source(s) of Information**: Identify the source(s) of patient information received.
  - **B. Responsible Person**: Provide the name, relationship, phone and fax numbers of the family member/personal agent who will be making decisions for the patient.
  - **C.** Language: Check the box of the primary language spoken by the patient. If checking "Other," indicate the language spoken. Information is used to obtain interpreters.
- 12. Assessment Information: Complete all sections.
  - A. Assessment Date: Indicate the date of the most current assessment.
  - **B.** Assessor's Name, Title, Signature, Phone and Fax Numbers: A registered nurse (RN), physician or primary care provider must perform the assessment. Enter the name, title and telephone, fax number and email address of the assessor. The assessor must sign the form.

Electronic submittal of form(s) will be accepted with the box checked that a signature of the RN, physician or primary care provider has signed a hard copy of this form and the hard copy of the form(s) can be found in the patient's file.

13. *Requesting*: Check what is being requested (either level of care or at risk). Indicate the begin and end date of the request. If hospice services have been elected by the patient AND the services will be provided in a nursing facility, attach the hospice election and physician verification form. <u>Hospice services in other settings</u> <u>do not require an 1147 form.</u>

Indicate the length of approval requested. Check one box.

14. *Medical Necessity Determination*: Completed by DHS reviewer or designee. Leave Blank. <u>DO NOT COMPLETE</u>.

#### PAGE 2 AND 3-APPLICANT/PATIENT BACKGROUND INFORMATION

- 1. Name: Self-explanatory.
- 2. Birthdate: Self-explanatory.
- 3. Functional Status Related to Health Conditions: Complete all sections.

#### APPENDIX G: Level of Care and At-Risk Evaluation

- I. List significant current diagnosis(es): List the primary and secondary diagnosis(es) or medical conditions related to the patient's need for long-term care.
- II. Comatose: If patient is comatose, check "Yes" box and go directly to Section XVIII. If patient is not comatose, check "No" and complete rest of section.

#### III. Vision/Hearing/Speech through XIII Dressing and Personal Grooming: Select the description that best describes the patient's functioning.

Note: Make only one selection in all sections except VI. Mental Status/Behavior and IX. Mobility/Ambulation. For Mental Status/Behavior, make only one selection for orientation (items a through c). Aggressive and/or abusive and wandering may also be checked with the appropriate orientation. For Mobility/Ambulation, check a maximum of 2 for items b through e. If an individual is either mobile or unable to walk, no other selections can be made.

#### XIV. Housecleaning through XVII Meal Preparation (complete only for At-Risk criteria):

Select the description that best describes the patient's functioning.

- a) Independent
- b) Able to complete some tasks with some assistance, includes oversight/cuing
- c) Unable to complete tasks on own or needs assistance
- XVIII. **Total Points:** Add the points from each section to obtain total. Comatose patients are assigned 30 points.
- XIX. **Medications/Treatments:** List the significant medications prescribed by a physician. They may be chronic and given on a fixed schedule (such as antihypertensives), or short term (such as antibiotics), or significant PRN medications (such as narcotics and sedatives). Do not list stool softeners, enemas, and other agents to treat constipation, acetaminophen, non-steroidal anti-inflammatory agents (NSAIDs) unless they are given at least daily. If a patient has more than significant medications than available lines, attach orders or treatment sheet.
- XX. Additional Information Concerning Patient's Functional Status: Use the space to provide additional information on the patient's functional status. This section may be used to identify the extent of the assistance (minimal, with assistance or total) that is required. Attach a separate sheet if more space is required. See attachment Functional Status related to Health Conditions on scoring this section.
- XXI. **Skilled Procedures**: Check the particular skilled procedure(s) that the patient requires. If the care is daily (D), indicate the number of times per

day that care is required. If care is less than once per day check "L". If the care is not applicable, check "N". If restorative therapy is being requested, attach the evaluation and treatment plan(s) AND indicate whether the patient is able to participate in therapy a minimum of 45 minutes per session 5 days a week. XXII. Social Situation: A. Person can return home: Identify whether the patient can return home. The home can be a family member's (daughter, son, brother, sister, parents, etc.) home as well as the patient's own home. Check "NA" if the patient is already in a home environment. If the individual does not have a home, indicate whether the patient can be placed in a community setting. Check "NA" if the patient is already in a community setting. B. Caregiving support: If the patient has a home, identify whether the caregiving support is willing/able to provide care. If caregiver requires assistance, identify the assistance required. C. Caregiver name. Provide the caregiver's name, relationship, address, phone and fax numbers. XXIII. Comments on Nursing Requirements or Social Situation: Provide any additional information that would help explain the Patient's nursing requirements or social situation. Physician/PCP/RN Signature: Self-explanatory. Electronic submittal of form(s) will be accepted with the box checked that the physician, the primary care provider, or the registered nurse has signed a hard copy of the form(s) and that the plan of care has been discussed with the physician, primary care provider, or registered nurse. The hard copy of the form(s) must be kept in the Patient's file. Date: Indicate the date of the physician, Primary Care Provider, or Registered Nurses' signature. APPENDICES APPENDIX I: LTSS - PAI & PAII Service Descriptions

### **APPENDIX I: LTSS - PAI & PAII Service Descriptions**

# Description of LTSS Benefits (addendum to RFP-MQD-2021-008 Section 4.8.C)

A) Personal Assistance Services – Level I and Level II

- Personal assistance sometimes also called "attendant care" for children needing these services, are services provided in an individual's home to help them with their IADLs and ADLs.
- 2. Personal assistance services Level I are provided to individuals requiring assistance with IADLs to prevent a decline in the health status and maintain the individuals safely in their home and communities. Personal assistance services Level I are for individuals who are not living with their family who would otherwise perform these duties as part of a natural support. Personal assistance services Level I is limited to ten (10) hours per week for individuals who do not meet institutional level of care. Personal assistance services Level I may be self-directed by the Member, who is a social services recipient and consist of the following:
  - a. Companion services, pre-authorized by the service coordinator in the Member's service plan, means non-medical care, supervision, and socialization provided to a Member who is assessed to need these services.
    Companions may assist or supervise the individual with such tasks as meal preparation, laundry, and shopping/errands, but do not perform these activities as discrete services. Providers may also perform light

#### APPENDIX I: LTSS - PAI & PAII Service Descriptions

housekeeping tasks that are incidental to the care and supervision of the individual.

- b. Homemaker/chore services means any of the activities listed below, when the individual that is regularly responsible for these activities is temporarily absent or unable to manage the home and care for himself/herself or others. Homemaker/chore services, pre-authorized by the service coordinator in the Member's service plan, are of a routine nature and will not require specialized training or professional skills such as those possessed by a nurse or home health aide. The scope of homemaker/chore services specified in this section will cover only the activities that need to be provided for the Member, and not for other Members of the household, and will include the following:
  - Routine housecleaning such as sweeping, mopping, dusting, making beds, cleaning the toilet and shower or bathtub, taking out rubbish;
  - Care of clothing and linen by washing, drying, ironing, mending;
  - Shopping for household supplies and personal essentials (not including cost of supplies);
  - 4) Light yard work, such as mowing the lawn;
  - Simple home repairs, such as replacing light bulbs;
  - 6) Preparing meals;

#### APPENDIX I: LTSS - PAI & PAII Service Descriptions

- Running errands, such as paying bills, and picking up medications;
- 8) Escorting the Member to clinics, physician office visits, or other trips for the purpose of obtaining treatment or meeting needs established in the service plan, when no other resource is available;
- Providing standby/minimal assistance or supervision of activities of daily living such as bathing, dressing, grooming, eating, ambulation/mobility, and transfer;
- Reporting and/or documenting observations and services provided, including observation of Member self-administered medications and treatments, as appropriate; and
- 11) Reporting to the assigned provider, supervisor or designee, observations about changes in the Member's behavior, functioning, condition, or self-care/home management abilities that necessitate a change in service provided.
- 3. Personal assistance services Level II are provided to individuals requiring assistance with moderate/substantial to total assistance to perform ADLs and health maintenance activities. Personal assistance services Level II will be provided by a home health aide (HHA), personal care aide (PCA), Certified Nurse Aide (CNA) or Nurse Aide (NA) with applicable skills competency. Personal

APPENDIX I: LTSS - PAI & PAII Service Descriptions

assistance services Level II may be self-directed by the Member, who is a social services recipient, and consist of the following:

- a. Personal hygiene and grooming, including bathing, skin care, oral hygiene, hair care, and dressing;
- b. Assistance with bowel and bladder care;
- c. Assistance with ambulation and mobility;
- d. Assistance with transfers;
- e. Assistance with medications, which are ordinarily selfadministered when ordered by Member's physician;
- f. Assistance with routine or maintenance healthcare services by a personal care provider with specific training, satisfactorily documented performance, care coordinator consent and when ordered by Member's physician;
- g. Assistance with feeding, nutrition, meal preparation and other dietary activities;
- Assistance with exercise, positioning, and range of motion;
- Taking and recording vital signs, including blood pressure;
- j. Measuring and recording intake and output, when ordered;
- k. Collecting and testing specimens as directed;

APPENDIX I: LTSS - PAI & PAII Service Descriptions

- Special tasks of nursing care when delegated by a registered nurse, for Members who have a medically stable condition and who require indirect nursing supervision as defined in Chapter 16-89, HAR;
- m. Proper utilization and maintenance of Member's medical and adaptive equipment and supplies. Checking and reporting any equipment or supplies that need to be repaired or replenished;
- n. Reporting changes in the Member's behavior, functioning, condition, or self-care abilities which necessitate more or less service; and
- Maintaining documentation of observations and services provided.
- p. When personal assistance services Level II activities are the primary services, personal assistance services Level I activities identified on the service plan, which are incidental to the care furnished or that are essential to the health and welfare of the Member, rather than the Member's family, may also be provided.

APPENDIX K: I/DD Coordination of Services

# **1915(c)** Intellectual and/or Developmental Disabilities (I/DD) Home and Community-Based Services

Lis	t of Services	Brief Service Description
1	Adult Day Health	Adult Day Health covers structured age-relevant activities as specified in the individualized service plan (ISP), in a non-institutional center or facility encompassing both health and social services needed to ensure the optimal functioning of the participant. The desired outcomes include measurable improvements in individual independence, increased participation in the community, and other skill building that leads to increased community integration. Progress towards the participant's independence, community integration, and skill development goals will be assessed and reviewed regularly to evaluate the measurable gains being made toward the goals.
2	Additional Residential Supports	This service provides direct support worker staff hours to assist the residential habilitation (ResHab) caregiver when a participant experiences a physical or behavioral change that exceeds the level of staffing funded through their ResHab rate. The outcome of this service is to stabilize a participant's placement in the ResHab home, support the family unit, prevent loss of placement, and/or prevent a crisis. The service is intended to be short-term (less than 60 days) but can be renewed for additional periods depending on the participant's needs.
3	Assistive Technology	Assistive Technology device means an item, piece of equipment, or product system, whether acquired commercially, modified, or customized, that is used to increase, maintain, or improve functional capabilities of participants. The assistive technology must be for the use of the participant and necessary as specified in the ISP to assist the participant in achieving identified measurable goals, has high potential to increase autonomy and reduce the need for physical assistance, and is the most cost-effective option.
4	Chore	Chore services are needed to maintain the participant's home in a clean, sanitary, and safe manner. This service includes heavy household chores such as washing floors, windows, and walls; tacking down loose rugs and tiles; and moving heavy items of furniture, in order to provide safe access and egress as well as more routine or regular services such as the performance of general household tasks such as meal preparation and routine household care for the participant only. These services are available to participants living independently who need chore services and are without natural (non-paid) supports or who are living with family but the natural supports are physically unable to perform the chores. Documentation must indicate that no other party is capable of and responsible for providing chore services, including the participant, anyone else financially providing for the participant, and another relative,

Lis	t of Services	Brief Service Description
		caregiver, landlord, community/volunteer agency, or third-party payer.
5	Community Learning Services	Community Learning Services (CLS) support the participant's integration in the community. Services will meet the participant's needs and preferences for active community participation, including the participant's choice whether to do the activity individually or with a small group of others who share that interest. The intended outcome of CLS is to improve the participant's access to the community through increasing skills, improving communication, developing and maintaining friendships, gaining experience with the opportunities available in the community each as public events and enrichment activities, functioning as independently as possible, and/or relying less on paid supports. These services assist the participant to acquire, retain, or improve social and networking skills, develop and retain social valued roles, independently use community resources, develop adaptive and leisure skills, hobbies, and exercise civil rights and self-advocacy skills required for active community participation.
6	Discovery and Career Planning	Discovery and Career Planning (DCP) combines elements of traditional prevocational services with career planning in order to provide supports that are ongoing throughout the participant's work career. Discovery and Career Planning is based on the belief that all individuals with intellectual and developmental disabilities can work when given the opportunity, training, and supports that build on an individual's strengths, abilities, and interests.
7	Environmental Accessibility Adaptations	Those physical adaptations permanently installed to the participant's home, required by the participant's ISP, that are necessary to ensure the health, welfare, and safety of the participant and enable the participant to function with greater independence in the home. Such adaptations include the installation of ramps and grab bars, widening of doorways, modification of bathroom facilities, environmental control devices that replace the need for physical assistance, and increase the participant's ability to live independently, such as automatic door openers, or the installation of specialized electric and plumbing systems needed to accommodate the medical equipment and supplies that are necessary for the welfare of the participant and directly related to the participant's developmental disability.
8	Individual Employment Supports	Individual Employment Supports are based on the belief that all individuals with intellectual and developmental disabilities can work and that individuals of working age should be provided the supports necessary not only to gain access to and maintain employment in the community, but to advance in their chosen fields and explore new

List	t of Services	Brief Service Description
		employment options as their skills, interests, and needs change. Individual Employment Supports are designed to maximize the participant's skills, talents, abilities, and interests.
9	Non-Medical Transportation	Non-Medical Transportation enables participants to gain access to community services, activities, jobs, and resources as specified in the Individualized Service Plan (ISP) and when no other waiver service is responsible for providing the transportation. Limitations: This service shall not be used to provide medical transportation required under 42 CFR §431.53 and transportation services under the State plan delivered through the QUEST Integration Health Plans. Non-medical transportation may not duplicate transportation that is included within another waiver service or to transport the participant to a setting that is the responsibility of another agency, such as the Department of Education.
		An individual serving as a designated representative for a waiver participant using the consumer-directed option may not provide non- medical transportation. Non-medical transportation may not be provided to children less than 18 years of age, by parents, step- parents, or the legal guardian of the minor. Non-medical transportation may not be provided to a participant by their spouse.
10	Personal Assistance/ Habilitation	Personal Assistance/Habilitation (PAB) is a range of assistance or habilitative training provided primarily in the participant's home to enable a participant to acquire, retain and/or improve skills related to living in his or her home. PAB services are identified through the person-centered planning process and included in the individualized service plan (ISP) to address measurable outcomes related to the participant's skills in the following areas: 1) activities of daily living (ADL) skills: eating, bathing, dressing, grooming, toileting, personal hygiene, and transferring; 2) instrumental activities of daily living (IADL): light housework, laundry, meal preparation, arranging public transportation, preparing a grocery or shopping list, using the telephone, learning to self-administer medication, and budgeting; 3) mobility; 4) communication; and 5) social skills and adaptive behaviors. Limitations: For participants under age 21, PAB may not be delivered if such services have been determined to be medically-necessary EPSDT services to be provided through the QUEST Integration Health Plans.

List	t of Services	Brief Service Description
11	Personal Emergency Response System	PERS is a commercially-available system used by waiver participants who need assistance to secure help in an emergency while maintaining independence at home.
12	Private Duty Nursing	<ul> <li>Private duty nursing (PDN) services are defined as services determined medically-necessary to support an adult (21 years of age and older) with substantial complex health management support needs. PDN services must be specified in the ISP. PDN services are within the scope of the State's Nurse Practice Act and require the education, continuous assessment, professional judgment, nursing interventions, and skilled nursing tasks of a registered nurse (RN) or licensed practical nurse (LPN) under the supervision of an RN. The RN and LPN are licensed to practice in the State of Hawai'i.</li> <li>Limitations: PDN services are provided to participants age 21 and older up to a maximum of 8 hours on average per day during the authorization period. If DOH/DDD authorizes a short-term increase above the 8 hours-per-day limit, the authorized increase shall not exceed 30 days.</li> <li>For participants under age 21, all medically-necessary nursing services for children are covered in the state plan pursuant to the EPSDT benefit and to be provided through the QUEST Integration</li> </ul>
		Health Plans.
13	Residential Habilitation	Residential habilitation (ResHab) are individually tailored supports that assist with the acquisition, retention, or improvement in skills related to living in the community. These supports include adaptive skill development, assistance with activities of daily living and instrumental activities of daily living, community inclusion, transportation, and social and leisure skill development that assist participants to reside in the most integrated setting appropriate to their needs. Residential habilitation does not include general care supervision which are required under the home's license or certification requirements. Residential habilitation is a service, not a setting.

List	t of Services	Brief Service Description
14	Respite	Respite services are only provided to participants living in family homes and are furnished on a short-term basis to provide relief to those persons who normally provide uncompensated care for the participant for at least a portion of the day. If the participant requires nursing assessment, judgment and interventions during respite, the service may be provided by a Registered Nurse (RN) or Licensed Practical Nurse (LPN) under the supervision of an RN. Limitation: For participants under the age of 21, respite services provided by a RN or LPN are available only to participants receiving private duty nursing (PDN) through QUEST Integration EPSDT services.
15	Specialized Medical Equipment	Specialized medical equipment and supplies include: 1) devices, controls, appliances, equipment, and supplies, specified in the plan of care, which enable participants to increase their abilities to perform activities of daily living, or to perceive, control, or communicate with the environment in which they live; 2) items necessary for life support or to address physical conditions along with ancillary supplies and equipment necessary to the proper functioning of such items; 3) such other durable and non-durable medical equipment not available under the State Plan that are necessary to address participant functional limitations; and 4) necessary medical supplies.
16	Training and Consultation	Training and consultation services assist unpaid caregivers, paid service supervisors, contractors, and/or paid support staff in implementing the goals and outcomes developed from the person- centered planning process and included in the individualized service plan (ISP). The goals and outcomes are necessary to improve the participant's independence and inclusion in their community.
17	Vehicle Modifications	Adaptations to a vehicle to accommodate the special needs of the participant. Vehicle adaptations are specified in the ISP as necessary to enable the participant to integrate more fully into the community and to ensure the health, welfare, and safety of the participant.
18	Waiver Emergency Services	Waiver emergency services (outreach) shall be defined as the initial call requesting outreach and the immediate on-site crisis support for situations in which the individual's presence in their home or program is at risk due to the display of challenging behaviors that occur with intensity, duration, and frequency, that endangers his/her safety or the safety of others or that results in the destruction of property.

#### APPENDICES APPENDIX L: Medicaid Eligibility for Long-Term Care Services INSTRUCTIONS DHS 1148 (Rev. 02/2022)

#### MEDICAID ELIGIBILITY FOR LONG-TERM CARE (LTC) SERVICES

#### PURPOSE:

An Authorized Medicaid Provider such as the Med-QUEST Health Plan, Nursing Home and Intermediate Care (ICF-ID) Facilities or Hospital Waitlist (WL), Case Management Agencies (CMA) or Developmental Disabilities Division (DDD) Case Manager, shall use the DHS 1148, "Medicaid Eligibility for Long-Term Care (LTC) Services" form for a Medicaid applicant or beneficiary requesting Long-Term Care (LTC) services.

#### **GENERAL INSTRUCTIONS:**

An Authorized Medicaid Provider shall complete and route this form to MQD. MQD shall review the information submitted on this form and determine applicant/beneficiary eligibility for LTC services. If an individual is determined eligible for LTC services, MQD shall transfer information on this form into the Kauhale On-Line Eligibility Assistance (KOLEA) system. Re-evaluations shall be completed at least annually for beneficiaries that are receiving home and community- based services to determine if the beneficiary continues to need the level of care provided. Note: The revised DHS 1148 incorporates the DHS 1138 and 1138A forms, which have been rescinded. (See ICF Revised DHS 1148 "Medicaid Eligibility for Long-Term Care Services" Form.)

#### SECTION 1: AUTHORIZED MEDICAID PROVIDER AND MED-QUEST DIVISION

All requested information in Section 1 must be completed by the Authorized Medicaid Provider as applicable.

<u>SECTION 2: APPLICANT/BENEFICIARY INFORMATION (completed by Authorized Medicaid provider)</u> All requested information in Section 2 must be completed by the Authorized Medicaid Provider as applicable.

#### SECTION 3: NEW ADMISSION OF LONG-TERM CARE (LTC) SERVICES REQUEST (completed by Authorized Medicaid provider)

**Approved LTC:** The DHS 1147, DHS 1150 or DHS 1150C must be selected as evidence that Level of Care was approved in addition to the Start and End Date of Level of Care approval for I/DD services, where indicated.

For section **3.A.-3. G**, please select which type of LTC placement applicant/beneficiary is requesting and complete the placement contact information. The Authorized Medicaid Provider must complete the "Date of Admission" and attach the DHS 1150 and DHS 1150c forms.

Note: If the date of admission is delayed or changed the Authorized Medicaid Provider will need to resubmit the DHS 1148, and in this section, they will select the "Revised" box and complete "Date of Admission" with the new date.

#### SECTION 4: EXISTING LTC BENEFICIARY CHANGE REQUEST (completed by Authorized Medicaid provider)

If there are any changes in applicant/beneficiary LTC request, the Authorized Medicaid Provider shall complete all information requested in Section 4.

#### SECTION 5: LTC ELIGIBILITY DETERMINATION (completed by MQD)

MQD eligibility staff shall complete all information in Section 5 as appropriate and inform the AuthorizedMedicaid Provider/requesting party of the applicant/beneficiary LTC services determination. Once Completed MQD Eligibility Staff shall print their name, sign, and date the completed form.

If you have additional questions regarding the completion of this form, please email amanuel@dhs.hawaii.gov or call (808) 692-8109.

#### APPENDIX L: Medicaid Eligibility for Long-Term Care Services

#### FILING/DISTRIBUTION INSTRUCTIONS:

MQD shall complete the DHS 1148 and shall:

1) Send the response/referral to the referring party; and

2) File/scan a copy in the case record and update form information as appropriate to LTC section in KOLEA.

#### PAPERWORK REDUCTION ACT STATEMENT

A Federal agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays the currently valid OMB control number. Public reporting burden for this collection of information will vary; however, we estimate an average of one hour per response, including for reviewing instructions, gathering and maintaining the necessary data, and disclosing the information. Send any comment regarding the burden estimate or any other aspect of this collection of information to the OS Reports Clearance Officer, ASBTF/Budget Room 503 HHH Building, 200 Independence Avenue, SW, Washington, DC 20201.

Respondents should be informed that the collection of information requested on this form is authorized by 42 CFR part 50, subpart B, relating to the sterilization of persons in federally assisted public health programs. The purpose of requesting this information is to ensure that individuals requesting sterilization receive information regarding the risks, benefits and consequences, and to assure the voluntary and informed consent of all persons undergoing sterilization procedures in federally assisted public health programs. Although not required, respondents are requested to supply information on their race and ethnicity. Failure to provide the other information requested on this consent form, and to sign this consent form, may result in an inability to receive sterilization procedures funded through federally assisted public health programs.

All information as to personal facts and circumstances obtained through this form will be held confidential, and not disclosed without the individual's consent, pursuant to any applicable confidentiality regulations.   - 1. For eligible CCS members, CCS pays all SHS.

APPENDIX V: Screening, Brief Intervention, and referral (SBIRT) Process

# **APPENDIX V: SBIRT Process to Treatment:**

- A) **Pre- Screening**: (A pre-screening may be administered by a delegate and the authorized provider is responsible for tallying the score).
  - 1. Alcohol Use: Audit C
  - 2. Drug Use: *Single-item drug screen question* "How many times in the past year have you used an illegal drug..."
  - 3. Mental Health:
    - a. PHQ-2 inquiries about the frequency of depressed mood and anhedonia over the past two weeks. PHQ-2 is not an established diagnosis to monitor depression severity, but rather to screen for depression in a "first step" approach. Positive results will be further evaluated with a full screening of the PHQ-9.
    - b. *GAD-2* is the item 2 form of the GAD-7. A score of greater than or equal to 2 is a positive pre-screen
- B) **Full Screening**: Indicated for patients with a positive brief screen. Any evidence-based tools such as: AUDIT, DAST 10, and CRAFFT can be used to categorize the patient's substance use.
  - 1. Alcohol: If positive on the AUDIT-C, *AUDIT s*creen is used. Responses in AUDIT can be used in your BI
  - 2. Drug Use: If positive on the Single item drug Screening, *DAST-10* is used. Responses in *DAST 10* can be used in the BI
  - 3. Both alcohol and/or drug use: *CAGE-AID* used for Adults; *CRAFFT* and *ASSIST* used for Children and Youth.
  - 4. Mental Health:

APPENDIX V: Screening, Brief Intervention, and referral (SBIRT) Process

- a. If positive on the PHQ-2, then the PHQ-9 is used to determine whether they meet criteria for depressive disorder.
  - b. *GAD-7* is self-administered when the GAD-2 is positive. The GAD-7 has seven items, which measure severity of various signs of GAD (General Anxiety Disorder). Assessment is indicated by the total score, which is determined by adding together the scores of the 7 items.
- C) **Brief intervention**: Performed after a full screen. A motivational conversation is held with the patient with the intent of eliciting and supporting healthy behavior change.
- D) **Follow up**: Services that occur after initial intervention. Reassessment of patient's status, progress, and/or need for additional services.
  - The questions below are to be asked at a 6 month follow up after completing a SBRIT screening and member was found to need a Brief Intervention or Referral to Treatment.
    - a. <u>Follow-up QUESTIONS</u> at six months follow a positive SBIRT and members need BI or RT.
  - 1) Remind the patient of goals discussed during BI or RT and Assess steps/actions taken.
  - 2) When you were here, we talked about your use of alcohol/drugs, and you set a goal to..... (e.g., consider cutting back, not drink and drive, etc.). Tell me about what you've done, any steps you've taken (if any) toward this goal?
  - 3) YES, steps taken: (place information in member's medical record)
  - 4) NO steps taken (place information in member's medical record)
  - 5) Assess/Reaffirm commitment to the patient's goal.

APPENDIX V: Screening, Brief Intervention, and referral (SBIRT) Process b. Ask about commitment.

- 1) On a scale of 1-10, how committed are you to... (change)?
- 2) Why did you give it that number and not a lower number?
- 3) What would it take to raise that number? 1 2 3 4 5 6 7 8
   9 10
- 4) Not at all Committed
- 5) Very Committed
- 6) Have you contacted your health plan or community resource for additional assistance in the last six months? Note type of provider/treatment if disclosed.
- 7) Contacted someone but didn't set an appointment
- 8) Set an appointment
- 9) Went to appointment
- 10) Offer 24/7 Referral Resource # for additional assistance, if needed.
- 11) Give positive feedback and encouragement to members.

#### E) Referral to treatment:

 Indicated for patients who are likely to have substance use disorder (SUD) which requires more in-depth assessment and treatment.

#### F) Who can bill for SBIRT:

- 1. Per CMS, the current providers allowed to bill MQD are:
  - a. Physicians (MDs),
  - b. Physician Assistant (PA),

APPENDIX V: Screening, Brief Intervention, and referral (SBIRT) Process

- c. Nurse Practitioner (NP),
- d. Clinical Nurse Specialist (CNS),
- e. Clinical Psychologist (CP),
- f. Clinical Social Worker (CSW),
- g. Certified Nurse-Midwife (CNM),
- h. Independently Practicing Psychologist (IPP)
- i. Who are licensed, accredited, or a certified professional who meets the State requirements of a healthcare professional. The above-mentioned provider and/or his/her delegate may receive training. If the provider chooses to utilize a delegate, they are responsible to oversee and monitor delegate. In addition, they have voluntarily undergone SBIRT training provided by ADAD or have been grandfather into the program.

#### G) Eligibility:

- 1. \*All Medicaid beneficiaries who are 12 years and older who are identified positive via the brief screen.

#### APPENDICES APPENDIX Y: Waiver Request SOP APPENDIX Y: Waiver Request SOP

#### QUEST Integration Health Plan's Waiver Request Submission Procedures

- A) This instruction sheet shall be used by the health plans when submitting a Waiver request for review. Below are guidelines the health plans shall follow effective immediately.
  - 1. <u>A Waiver Submission</u>: "A Waiver Submission" includes, but is not limited to, a brand-new Waiver request (i.e., an Initial Submission), renewal submissions to renew an expiring active Waiver (with or without changes) and replacing of an active Waiver. If the new Waiver submission includes significant portions of text from an active Waiver plus new edits (ex. a Waiver submission to renew an active Waiver with changes), health plan shall submit both a Redline version and a Clean version.
  - 2. New Waiver Title: Waiver requests that are new Waiver submissions, are titled with a brand-new title in accordance with the waiver nomenclature provided by MQD on page 2.
- B) New Waiver submissions that affect, or are linked to, an active waiver, shall reference the title of the active waiver, within the body of the new Waiver submission.
  - a. Examples:
  - 1. New (Initial) Waiver Submission:
    - a. New Waiver Submission Title: HP W22-01 [Brief Description]
    - b. **Include in the body of the new Waiver submission description:** [Description of contract process heath plan is requesting to be waived, rationale and timeline, if applicable.
  - 2. <u>Renewal of an Active Waiver</u>:
    - a. Waiver Title: HP W22-01 [Brief Description] (Reference to HP W21-03)
    - b. Include in body of Waiver renewal: "With approval of this Waiver submission, health plan seeks to renew previously approved and still active Waiver HP W22-03 [Brief Description], which will expire on 08/31/22."
    - c. [Waiver renewal of an expiring active Wavier, must be submitted one month prior to the existing Waiver expiration date, to allow time for MQD to review and provide a final decision.]
  - 3. <u>Replacing an Active Waiver</u>:
    - a. Waiver Submission Title: HP W22-01 [Brief Description] (Reference to HP W21-03)
    - b. **Include in the body of the Waiver submission description:** "With approval of this Waiver submission, health plan seeks to replace active Waiver HP W21-03 [Brief Description]."
- C) Initial Submission:
  - 1. Health plans shall name the waiver request form with the following nomenclature: Health Plan ID, a "W", two-digit year, two-digit number, and a brief description of the waiver.
    - a. Health plan ID:
  - 2. This is a unique identifier for each health plan. The health plans shall use the following IDs:
    - a. AC AlohaCare
    - b. HM HMSA

# QUEST Integration

- Material Submission Procedures
- A. This instruction sheet will be used by the health plans when submitting materials for review. All materials shall be sent to the MQD/CMCS mailbox: mqdcmcs@dhs.hawaii.gov. Below are guidelines the health plans shall follow effective April 1, 2025

#### 1. INITIAL SUBMISSION:

- a. Health plans shall attach a Material Review Tool, a clean copy of the material in MS Word 2024 or lower format and the reading grade level.
- b. Health plans shall name the material files with a Health Plan ID, two-digit year, three-digit number, title of material and type of file.
  - 1) Health plan ID:
    - a) This is a unique identifier for each health plan. The health plans shall use the following IDs:
      - i. AC- AlohaCare
      - ii. HM- HMSA
      - iii. KP- Kaiser Permanente
      - iv. OH- Ohana Health Plan
      - v. UN- UnitedHealthcare Community Plan
  - 2) Two-digit year:

This will identify what year the material is being submitted.

3) Three-digit number:

The number shall be in chronological order of submission (ex: 001, 002, 003...).

- 4) Title of material:
  - a) Title shall be a clear indication of what type of material is being submitted for review/approval (example.: Health Plan Event, Survey Cover Letter, Provider Manual, Member Handbook, or Complex Care Script), <u>no abbreviations</u> shall be used.

#### 5) Type of File:

- a) RT Completed Review Tool
- b) Clean Clean version of material
- c) Reading Level Contains any words removed (in track changes) and screenshot of material's reading level (Health plan may abbreviate reading level, ex: Rdglvl)
- d) Redline Material revisions in track changes for resubmitted materials.

#### 6) Examples:

- i. Example 1:
  - i. AC25-001 Health Plan Event RT
  - ii. AC25-001 Health Plan Event Reading Level
  - iii. AC25-001 Health Plan Event Clean
- ii. Example 2:
  - i. HM25-002 Survey Cover Letter RT
  - ii. HM25-002 Survey Cover Letter Rdglvl
  - iii. HM25-002 Survey Cover Letter Clean
- iii. Note: Leave 1 space between the number and title of the material

#### APPENDIX Z: Material Submission SOP

- iv. **Note**: MQD is not specific on what the health plan chooses to put in between title of material and the type of file (ex: health plan can use a space, underscore or dash)
- c. If the material is a previously approved deliverable from the Readiness Review, health plan shall submit a new material review request, include a redline version of the material, a revised deliverable review tool and add the deliverable identifier to the material file name:
  - 1) Example 1: AC25-001 PN1.5 Pharmacy Contract
  - 2) Example 2: HM25-001 A2 Subcontractor Agreements
- d. In the event the health plan revises a material that was approved in a previous year, the health plan shall submit as a new material review request. Health plan shall also provide the previous submission's nomenclature in the "Health Plan's Additional Information" section of the review tool and include a redline version of the material with track changes identifying any revisions made from the previously approved material.
- e. If the material was previously approved in the current year and the health plan submits as a new material, health plans shall complete resubmission procedures as described below.
- f. All written materials shall be worded such that the materials are understandable to a member who reads at the 6th grade reading level (6.9 or below).
- g. Insert the material file name in header or footer of the material submitted for review
  - a) Example 1: AC25-001 Health Plan Event
  - b) Example 2: HM25-002 Survey Cover Letter
- h. For materials with weblinks, it is highly recommended those links be included within the submitted material and functional at the time of submission. If the link cannot be accessed by an MQD reviewer, please submit a brief representative screenshot of the targeted site.
- i. For materials with call scripts, please include scripting which addresses the scenario of a member who needs language support.

#### 2. <u>RESUBMISSION:</u>

- a. When submitting a material that was previously approved in the same year, add the next sequential material version number to the approved material file name and submit the following:
  - 1) Material Review Tool with action taken by health plan,
  - 2) Redline version of the material with track changes identifying any revisions made from the previous submission or approved material,
  - 3) A clean copy of the material in MS Word 2024 or lower format (this is how the material will look once approved in its present form), and
  - 4) Grade level for readability.
    - a) Example:
      - i. HM25-001 LTSS Survey Cover Letter RT v2
      - ii. HM25-001 LTSS Survey Cover Letter Rdglvl v2
      - iii. HM25-001 LTSS Survey Cover Letter Redline v2
      - iv. HM25-001 LTSS Survey Cover Letter Clean v2
- b. All written materials shall be worded such that the materials are understandable to a member who reads at the 6th grade reading level (6.9 or below).
- c. Insert the material file name in the header or footer of the material submitted for review:

APPENDIX Z: Material Submission SOP

- a) Example 1: AC25-001 Health Plan Event v2
- b) Example 2: HM25-002 Survey Cover Letter v2

#### 3. DISCONTINUE:

a. When Health Plan decides that a submitted material review is no longer needed, Health Plan shall send an email to MQD via the material submission channel to recall the material submission. If the recalled material is resubmitted, it shall be assigned a new item#.

#### 4. MATERIAL REVIEW TOOL:

- a. Health plans shall submit a completed Material Review Tool following the guidelines below:
  - 1) Item #
    - a) Shall be the same health plan identifier, two-digit year, and three-digit number utilized material file name.
    - b) Select from the drop-down box provided:
      - i. Example: AC25-001
  - 2) Material Title:
    - a) Title shall be a clear indication of what type of material is being submitted for review/approval (example.: Health Plan Event, Survey Cover Letter, Provider Manual, Member Handbook, or Complex Care Script), <u>no abbreviations</u> shall be used.
      - i. Example 1: West Oahu Newspaper
      - ii. Example 2: PN 1.5 Pharmacy Contract
  - 3) Purpose of Material (Brief):

### 11. Name, position title, and contact information of the person who completed this Notification Form:

APPENDIX AA1: Staffing Change Notification

STAFFING CHANGE NOTIFICATION FORM (10/20) INSTRUCTIONS

#### PURPOSE:

The purpose of this form (Notification Form) is to notify Med-QUEST Division (MQD) of staffing changes, for which written notification to MQD is a requirement under the Request for Proposal (RFP). The submission to MQD of this Notification Form, will serve as written notification to MQD. Complete a Notification Form for each position affected for which written notification is required. (See SAMPLE Notification Form provided.) If this Notification Form is not adequate to describe, or is not applicable to, the staffing change to be reported, please notify MQD using written correspondence that explains the staffing change in detail.

#### FORM INSTRUCTIONS:

### 1. Date Notification Form is submitted to MQD

Enter the date that this Notification Form is submitted to MQD.

### 2. Date Health Plan has knowledge of the subject staffing change

Enter the date that the Health Plan is informed of, or decides upon, the staffing change being reported. Health Plans must notify MQD in writing within seven (7) days of learning of a change in the status of particular positions.

### 3. QI CCS Other

Check the box next to the program to which the staffing change being reported applies. Only one box shall be checked. If "Other" is checked, provide the name of the applicable program in the space provided.

### 4. Health Plan Position Title and FTE

If more than one position is affected by the staffing change, select one to be the "subject position" for this Notification Form, and complete separate Notification Forms for each position affected that requires written notification. Enter the official name of the subject position given by the Health Plan. Also, enter the full-time equivalent (FTE) assignment from the Health Plan for the subject position. The FTE indicates the extent to which an individual serving in the subject position is required by the Health Plan to dedicate work to that position as it relates to the program specified above (QI, CCS, or Other). For example, a 1.0 FTE assignment by a Health Plan regarding QI, indicates that its employee serving in the subject position is specifically designated and assigned to perform only the work of the position as it relates to QI, in an amount equal to a full-time schedule. Likewise, a 0.6 FTE assignment by a Health Plan regarding QI, of a full-time employee indicates that the full-time employee serving in the subject position, may perform other work not pertaining to the QI program or QI position, in an amount equal to 40% of a full-time schedule.

### 5. RFP Position Title and Required FTE (as listed in the RFP)

Enter the name of the position listed in the RFP (as it is listed in the RFP) to which the subject position of this Notification Form corresponds. Also, enter the FTE requirement (if any) for this position as stated in the RFP.

### 6. Name of person exiting the above position

Enter the name of the person leaving the subject position.

# 7. Name & contact information of person <u>entering</u> the above position and FTE this person will serve in the position & program

Enter the name, phone number, and email address of the person hired or promoted to officially fill the subject position. Also, enter the FTE this person is required by the Health Plan to dedicate toward this position and program. If no one has yet been hired or promoted to fill the subject position, provide information for the <u>Interim Contact Employee</u> in item #10.)

APPENDIX AC: HCBS Provider Attestation and Evidence Tool

**APPENDIX AC: HCBS Provider Attestation and Evidence Tool** 

HCBS Final Rule Compliance: Non-Residential Provider Attestation and Evidence Tool

**Instructions:** This is completed by a licensed/certified residential care services provider (e.g., ADC and ADH). The setting must be integrated, least restrictive, and affords the member to have full access to the benefits of community living.

Complete each section by providing a YES, NO, or NA answer, if applicable. The provider must demonstrate compliance with HCBS setting rules by completing this attestation form. This form will serve as evidence of compliance to policies, procedures, and operating practices implemented and evaluated during the credentialing and contracting process with a health plan.

Any "Yes" response, the provider must provide evidence to demonstrate compliance. Evidence documentation includes, but is not limited to:

- Provider policies and procedures
- Member rights and responsibilities
- Example of member choice of activities and schedules
- Example of member transportation log
- Example of member visitor log
- Member individualized schedules (redacted)
- Member Health and Functional Assessment (redacted)
- Member Health Action Plan (redacted)
- Member Rights Modification Plan (redacted)
- Photos and/or architectural renderings of physical space
- Training curriculum and materials

Any "No" response <u>with no</u> health and safety risk preventing the member from exercising the right, the provider must provide a copy of documentation that the health plan reeducated the member of their individual rights, informed member of the intent of the HCBS final rule, and/or discussed person-centered goal setting. **\*\*\*** Applies to HCBS Questions 1-26 only. **\*\*\*** 

EXAMPLE: A provider responded "No" to HCBS Requirement 8 Physical Accessibility. A member with Alzheimer's has a health and safety risk which limits access to areas of the setting. The provider shall submit to the health plan, but not limited to:

- 1) Policies and procedures to address individual rights and modifications process to HCBS Requirement 8 Physical Accessibility.
- 2) Member rights and responsibilities
- 3) Member residency or legal agreement (blank or redacted)
- 4) Member Health and Functional Assessment (redacted)
- 5) Member Health Action Plan (redacted)
- 6) Member Rights Modification Plan (redacted)

Please attach full copies of each evidence document referenced. For each evidence line, please provide the name of the document, the specific excerpt or language from that document that demonstrates compliance, and cite the section, page number, or other appropriate reference from the document.

## HCBS Final Rule Compliance: Residential Provider

**Instructions:** This is completed by a licensed/certified residential care setting (e.g., CCFFH, EARCH, or ALF). The setting must be integrated, least restrictive, and affords the member to have full access to the benefits of community living.

Complete each section by providing a YES, NO, or NA answer, if applicable. The provider must demonstrate compliance with HCBS setting rules by completing this attestation form. This form will serve as evidence of compliance to policies, procedures, and operating practices implemented and evaluated during the credentialing and contracting process with a health plan.

Any "Yes" response, the provider must provide evidence to demonstrate compliance. Evidence documentation includes, but is not limited to:

- Provider policies and procedures
- Member rights and responsibilities
- Member residency or legal agreement (blank or redacted)
- Example of member choice of activities and schedules
- Example of member transportation log
- Example of member visitor log
- Member individualized schedules (redacted)
- Member Health and Functional Assessment (redacted)
- Member Health Action Plan (redacted)
- Member Rights Modification Plan (redacted)
- Photos and/or architectural renderings of physical space
- Training curriculum and materials

Any "No" response <u>with no</u> health and safety risk preventing the member from exercising the right, the provider must provide a copy of documentation that the health plan reeducated the member of their individual rights, informed member of the intent of the HCBS final rule, and/or discussed person-centered goal setting. **\*\*\*** Applies to HCBS Questions 1-26 only. **\*\*\*** 

EXAMPLE: A provider responded "No" to HCBS Requirement 10 Physical Accessibility. A member with Alzheimer's has a health and safety risk which limits access to areas of the setting. The provider shall submit to the health plan, but not limited to:

- 1) Policies and procedures to address individual rights and modifications process to HCBS Requirement 10 Physical Accessibility.
- 2) Member rights and responsibilities
- 3) Member residency or legal agreement (blank or redacted)
- 4) Member Health and Functional Assessment (redacted)
- 5) Member Health Action Plan (redacted)
- 6) Member Rights Modification Plan (redacted)

Please attach full copies of each evidence document referenced. For each evidence line, please provide the name of the document, the specific excerpt or language from that document that demonstrates compliance, and cite the section, page number, or other appropriate reference from the document.

# **APPENDIX AE: Report Submission SOP**

### HEALTH PLAN (HP) and Med-QUEST Division (MQD) STANDARD OPERATING PROCEDURE (SOP) FOR QUEST INTEGRATION (QI) REPORT SUBMISSIONS

### **Preparation of Report Submission**

- A. QI Report Assignment List (Located on QI Reports SharePoint)
  - 1. MQD will provide a **QI Report Assignment List** to Health Plan (**HP**).
    - a. The **QI Report Assignment List** includes all required reports that the **HP** must submit for MQD review and a list of the assigned Report reviewers.
    - b. **HP** shall complete the Staff assignment in the **QI Report Assignment List** to indicate which staff will be assigned for each specific Report and maintain when changes occur.
    - c. MQD will allow access to the **HP** Assigned Staff listed in the **QI Report** Assignment List.
    - d. The MQD Report Reviewers include the MQD Assigned Staff and External Reviewers, if applicable.
    - e. **HP Assigned Staff** shall notify all the **MQD Report Reviewers** for each Report submission and re-submissions.
    - f. Any communications regarding report inquires, concerns and/or clarifications will be between the **HP** Assigned Staff and the **MQD** Assigned Report Lead. Note: Be sure to "cc" all other MQD Report Reviewers on the email.
- B. Tracking Log (Located on the QI Reports SharePoint)
  - 2. MQD will create a QI Report Submission **Tracking Log** on each Health Plan's SharePoint site.
  - 3. Both MQD staff and **HP** staff shall update the **Tracking Log** when submitting and returning reports.
- C. Point-of-Contacts (POCs)
  - 1. **HP** shall designate 2 staff as its **POCs** to communicate with MQD's QI Report SharePoint **POC**.
  - MQD's designated POC for QI Reports is Mona-Lisa Shuptrine (<u>mshuptrine@dhs.hawaii.gov</u>).

Her role is to provide technical assistance with the Report submission in SharePoint, including changes of **HP** Assigned Staff. She will not be involved in the report and review tools content.

### A. Submission Site

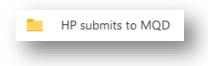

1. MQD will create a SharePoint submission site for all the QI Reports. The submission site will have a folder for the reporting year. This folder contains all the Report Category folders and a **Tracking Log**.

Each report folder, will contain Monthly / Quarterly / Annual folders for each Report (see example below).

### B. Reminders

1. All submissions from **HP** to MQD shall be placed in the **"HP submits to MQD"** folder of the Monthly / Quarterly / Annually Report sub-folder in SharePoint.

2. All completed Report Review Tools (**RT**s) from MQD to **HP** may be found in the "**MQD** returns to **HP**" folder of the Monthly / Quarterly / Annually Report sub-folder in SharePoint.

3. HP Report Due Date Extension requests shall be sent to the MQD Assigned Report Lead for approval two (2) business days prior to the report's due date. MQD Assigned Report Lead shall determine if the Health Plan's request is approved or not approved. The MQD

**Assigned Report Lead** shall alert all other report reviewer(s) of updated due date. When a report due date falls on weekend, submission will be the following business day.

- a. If the HP is requesting a report extension more than thirty (30) calendar days, the HP shall submit a Waiver Request to MQD explaining the reason for a report extension request. MQD waiver staff will review the HP's request with the MQD Assigned Report Lead, and other report reviewer(s) if needed. The HP shall follow the Waiver Request guidelines listed in Appendix Y of the Health Plan Manual.
- 4. **MQD Assigned Report Lead** shall input the approved report extension date in the **Tracking Log**.
- 5. Both MQD and **HP** shall be responsible to maintain the **QI Report Assignment List** and notify **HP** Report Assignees and MQD Report Reviewers when there are changes.
- 6. There will be no MQD staff signature on the **RTs** until it's final approval.

### **Initial Submission of a Report**

- A. The initial submission of a Report shall be deposited in the **"HP submits to MQD"** in each Health Plan's SharePoint site .
- B. Prior to depositing the Report, HP shall do the following.
  - 1. **HP** shall name the electronic file of each Reports as:

"HP\_(Reports code as appears in Reports Table)\_YYMM" Note: Annual reports just need the year due (\_YY) Examples: AC\_TPL\_2507 HM\_ASR\_2509 KP\_AQFG\_25

- C. Upon depositing the Reports, HP shall do the following.
  - 1. **TRACKING: HP** shall fill in the "**Date HP Deposits INITIAL Report to MQD**" column of the **Tracking Log** in SharePoint. Note that MQD expects all reports are being submitted timely.
- D. MQD Review
  - 1. On or after the report due date, the MQD designated **External Reviewer** will retrieve the Report and work with the other assigned MQD Report Reviewers to review the report. The **MQD Assigned Report Lead** is responsible to finalize the **RT**.
    - a. Once the review is completed, the **MQD** Assigned Report Lead will:

- 1) Deposit the **RT** file in the "MQD returns to HP" folder;
- 2) Input in the "Date MQD Reviewer Deposits Report RT for HP" column in the Tracking Log; and
- 3) Notify the HP Assigned staff via email that a RT is available on the SharePoint.
- b. The outcome will be either **Approved or Denied**, in the Initial Submission section of the **RT**.
  - 1) If the outcome is "Approved", go to section, *MQD Review Outcomes and HP Instructions #1* below.
  - 2) If the outcome is **"Denied"**, go to section, *MQD Review Outcomes and HP Instructions #2* below

### Data Quality

- A. **HP** shall ensure all the submitted data meets the reporting requirements and can be used to determine the KPIs. Note that if the submission failed to meet data quality standards, then a resubmission may be required even with an Approved KPI status.
- B. HP shall resubmit data to MQD when being informed their data is rejected by the External Reviewer.
  - 1. Accepted: Report Passed Data Quality Check
  - 2. Rejected: Report Failed Data Quality Check

"RT_HP_(Reports code as appears in Reports Table)_ YYMM_version#DATA QUALITY STATUS_KPI STATUS'"
Example: RT_AC_TPL_2507_v1 – DATA QUALITY STATUS_Accepted_KPI STATUS Approved RT_AC_TPL_2507_v1 – DATA QUALITY STATUS_Rejected_KPI STATUS Approved RT_AC_TPL_2507_v1 – DATA QUALITY STATUS_Accepted_KPI STATUS Denied RT_AC_TPL_2507_v1 – DATA QUALITY STATUS_ Rejected_KPI STATUS Denied

C. If KPIs are still able to be evaluate, despite a rejected report, the External Reviewer and MQD Assigned Report Lead may evaluate for KPI performance and determine an Approved or Denied outcome. The reviewers may still require a resubmission at any point in the review process.

# **MQD** Review Outcomes and HP Instructions

### A. Approved

- 1. If "Approved" is checked, Report is <u>Approved.</u>
- 2. The MQD Assigned Report Lead shall complete the RT, upload in the "MQD returns to HP" folder and notify the assigned HP staff via email that the RT is available in its designated folder in SharePoint. MQD Assigned Report Lead shall name the RT using the following nomenclature.

"RT_HP_(Reports code as appears in Reports Table)_ YYMM_version#	
Example:	RT_AC_TPL_2507_v1 – Approved

- 3. The **HP** Assigned Staff retrieves the RT from the "MQD returns to HP" folder on SharePoint, and views the **RT**.
- 4. TRACKING: MQD Assigned Report Lead shall fill in the Approved report status in the "Approved or Denied" column, date returned in the "Date MQD Reviewer Deposits Report RT for HP" and date of final approval in the "FINAL Approval Date" column at the far right of the Tracking Log.
- 5. The Review process for the Report is **<u>DONE</u>**. No further actions needed.

### B. Denied

- 1. If "Denied" is checked, the Report is denied. It could be due to various reasons.
- 2. The MQD Assigned Report Lead shall complete the RT with a resubmission date upload in the "MQD returns to HP" folder and notify the assigned HP staff via email that the RT is available in its designated folder in SharePoint. MQD Assigned Report Lead shall rename the RT using the following nomenclature.

- 3. If a resubmission is required, Health Plan shall respond to the questions/comments on the **RT** before returning it to MQD. **HP** shall resubmit a revised Report Tool if requested.
- 4. **TRACKING:** The **MQD Assigned Report Lead** shall update the **Tracking Log** in SharePoint to input the Denied report status in the "Approved or Denied" column, date returned in the "**Date MQD Reviewer Deposits Report RT for HP**" and the "**Date Due for HP to Resubmit Report**" column.

- 5. The **HP** Assigned Staff retrieves the **RT** from the "MQD returns to **HP**" folder in SharePoint, and reviews the comments in the **RT**.
  - a. The **RT** will also provide the following for **HP**:
    - 1) Report elements, including KPIs that are "Not Met";
    - 2) Any External Review and MQD Report Reviewer notes and comments; and
    - 3) Due date for **HP**'s resubmission response (two weeks after date **RT** returned to **HP**)
    - 4) Any remediation steps required (Preliminary Non-Performance, Notice of Concern, Hard CAP)
- 6. **HP** Resubmission
  - a. To respond to MQD, **HP** shall complete and deposit a Resubmission.
  - b. A Resubmission is an updated **RT** containing the **HP**'s responses and accompanying revised Report Tool (if requested). To complete and deposit it, do the following.
    - 1) Using the latest **RT** retrieved from MQD, **HP** shall address MQD concerns regarding the Report and provide responses inside the **RT**.
    - 2) HP shall rename the electronic file of the resubmission **Review Tool** and **Report Tool (if requested)** as:

RT:

"RT\_HP\_(Reports code as appears in Reports Table)\_YYMM\_version#" Example: RT\_AC\_CCR\_2509\_v2

### **Report Tool:**

"HP\_(Reports code as appears in Reports Table)\_YYMM\_version#"

Example:

AC CCR 2509 v2

### Version #s

1 <sup>st</sup> MQD return RT	_v1
1 <sup>st</sup> Resubmission	_v2
from HP	

2 <sup>nd</sup> MQD return RT	_v3
2 <sup>nd</sup> Resubmission from HP	_v4
3 <sup>rd</sup> MQD return RT	_v5
Etc.	

- 3) **HP** shall then deposit the resubmission **RT** and revised Report Tool (if requested) into the "**HP submits to MQD**" folder on SharePoint.
- 4) Upon depositing the resubmission **RT** and revised Report Tool (if requested), **HP** must do the following.
  - a) Notify the assigned MQD Report Reviewers via email that the resubmission is available. MQD Report Reviewers information is on the **QI Report Assignment List**.
  - b) **TRACKING: HP** must update the **Tracking Log** in SharePoint to input the Resubmission date in the "Date HP Deposits Resubmission Report to MQD" column.
- c. MQD Review of Resubmission
  - 1) The **MQD** Assigned Report Lead will retrieve the resubmission and work with the other assigned MQD Report Reviewers to review the resubmitted document(s). The **MQD** Assigned Report Lead is responsible to finalize the **RT**.
  - 2) Once the review of the Resubmission is complete, the MQD Assigned Report Lead will upload in the "MQD returns to HP" folder and notify the assigned HP Assigned staff via email that the updated RT is available in the "MQD returns to HP" folder on SharePoint.\_
  - 3) **TRACKING: MQD Assigned Report Lead** shall update the **Tracking Log** in SharePoint to input the Approved or Denied report status in the "**Approved or Denied**" column and date returned in the "**Date MQD Reviewer Deposits Report RT for HP**" column.
    - a) If the report is Approved, fill in the date of final approval in the "FINAL Approval Date" column at the far right of the Tracking Log.
    - b) If the report is Not Approved, fill in the resubmission due date in the "Date Due for HP to Resubmit Report" column.
  - 4) The outcome will be either Approved or Not Approved.
- d. MQD Resubmission Review Outcomes and HP Instructions

- 1) If the outcome is Approved, go to section, *MQD Review Outcomes and HP Instructions #1* above.
- 2) If the outcome is Not Approved, go to section, *MQD Review Outcomes and HP Instructions #2* above.
