EVV (Electronic Visit Verification) Updates

- MQD has issued Memo QI-2305 with guidance on manually editing/entering visits.
- * Manual edit monitoring began on 2/1/2023.
- * Providers should refer to the memo to ensure standards are being met.
- * Providers are able to monitor their manual edits with two Sandata reports "Auto Verification Report Detail" and "Auto Verification Report Summary".
- MQD Provider Agency meetings have ended and guidance will now be provided by the Health Plan or DDD.
- EVV Provider meeting presentations and documents from previous meetings are posted on our MQD EVV website.
- MQD Town Hall meeting series has been completed and the latest presentations have been posted to our MQD EVV website.
- Providers using Sandata EVV for visit capture can access training at the two sites below:
 - * Hawaii Caregiver Video Library: <https://fast.wistia.com/embed/channel/x564zgak7t>
 - * Sandata Training Site: <https://sandata.wistia.com/projects/39hu84ouhv>
- If your agency cannot see a member or authorization in Sandata, please contact your payer for assistance.
- If your agency is having claims payment issues relating to EVV, please contact your payer. If not resolved after two weeks escalate to MQD at EVV-MQD@dhs.hawaii.gov.
- If a claim line is denied for EVV reasons, there are two options:
 - * Fix the visit(s) to reach a Verified/Approved/Processed status and resubmit the claim.
 - * Adjust the units down to match the claim line and resubmit the claim. Be sure to contact your payer on claim resubmission requirements.
- Member/participant services should not be stopped due to an EVV issue such as, missing authorization or EVV device issues.
- Additional information and FAQ'S regarding EVV can be accessed on our Hawaii EVV website: <https://medquest.hawaii.gov>
- Please send all EVV inquires and requests to EVV-MQD@dhs.hawaii.gov

Adult Dental Benefits

Effective January 1, 2023, State of Hawaii has expanded its dental benefits to the Medicaid adult population. This means that eligible adult beneficiaries can now receive a range of dental services including preventative, restorative and some denture coverage. Fee-for-Service Medicaid Dentists shall contact Hawaii Dental Service (HDS) if there are any questions on coverage and claims submissions. HDS's dedicated Medicaid Customer Service line is 808-529-9345 or toll-free 855-819-9117.

Covered adult dental benefits include the following:

**Preventative Services
Endodontic Therapy Services
Oral Surgery
Prosthodontic Services**

**Diagnostic and Radiology Services
Restorative Services
Periodontal Therapy Services
Emergency and Palliative Treatment**

(Some limitations and prior authorization may apply)

As a reminder, prescriptions written by Medicaid dental providers for Medicaid children and adults are submitted to and paid by the MQD fee-for-service fiscal agent, Conduent. Dental prescriptions for drugs on the Medicaid dental formulary are processed using BIN: 610084 and PCN: DRHIPROD. For questions regarding dental procedure claim submission and processing, please contact the Hawai'i Medicaid FFS Call Center (operated by Conduent) at 1-877-439-0803. For questions about drug coverage, contact Conduent Pharmacist, Gary Peton, at (808) 952-5591.

WINASAP Maintenance Yearly Clean-Up

Database Backup: It is recommended that you back up the WINASAP5010 database weekly. Depending on the amount of information you enter in any given period of time, you may want to perform a backup more often.

Purge Claims: Depending on your claim volume, you should periodically purge claims from the WINASAP5010 claims database to reduce the amount of information displayed on claim inquiry windows and reports. WINASAP5010 automatically backs up the database before purging it and automatically reorganizes the database after the purge is finished. We recommend purging claims monthly to extend the systems functionality.

Repair Claim Provider Data: When a user updates a detail in the Provider Reference tab, changes made aren't immediately reflected on the claims in which that provider was used. To fix this, use WINASAP5010's Repair Claim Provider Data function which allows users to automatically fix the previous claims with the new provider's data. Unlike resaving the claim, this tool does not perform compliance checks, but is still useful if the provider is used in multiple claims for expediency.

WINASAP Modem and Storage Database Tips!

- The USB WINASAP modem cord from PC to phone jack outlet should always remain untangled.
- Having a phone jack splitter may interrupt and slow data transmission. It is best to have the WINASAP modem connected from the PC directly to the wall jack.
- We suggest a limit of two years worth of claims kept in the database warehouse.
- The USB mini external modem (Zoom 3095) is inexpensive and is popular with the provider community.

Adjustment or Void on a Hard Copy Claim

Please follow these steps below when submitting an adjustment or voided claim.

- To void a field: Strike a line through the unwanted claim detail line and circle it. This process will remove the line item from claim. Use resubmission code A.
- To adjust: draw a circle around the claim line item with the change (only changes that are circled will be corrected)
- Adjustment claims are treated as replacement claims
- CMS 1500 form: write "Resubmission" on the top of the claim. In FL 22 enter an "A" to adjust or "V" to void along with the original CRN (Entering "V" in box 22 will void the entire claim)
- UB04 form: write "Resubmission" in box 2. In box 4 enter the bill type "xx6/xx7" to adjust or "xx8" to void. Enter the original CRN in FL37A.

Resubmitted claims must reflect the original number of claim lines. If the resubmission has less lines, Conduent will return the claim to provider (RTP). Conduent claim adjustment takes up to 30 days processing. Please follow up on your adjustment claim 25-30 days from when Conduent received it if you haven't seen an adjustment on the RA after processing time. If you do not get an RA with the CRN being adjusted, please contact our call center to inquire why claim cannot be adjusted. Your claim may be subject for return.

Timely Filing Waiver Process

Claims for Medicaid Fee-For-Service (FFS) enrollees must be submitted within 12 months from the date of service which includes initial submissions, resubmitted claims, or additional payment requests. Claims for FFS enrollees with Medicare or any other Third Party Liability (TPL) insurance coverage, shall also submit claims within 12 months from date of service or within 6 months from the date listed on the Explanation of Benefits (EOB), whichever is greater.

There is no timely filing deadline for claims for DPS (Department of Public Service) and OYS (Office of Youth Services) enrollees. With all other NON-DPS claims for services past the 12 month deadline must be pre-approved by submitting a waiver of the filing deadline prior to claim submission. The waiver request should be submitted to:

DHS/MQD/FO
1001 Kamokila Blvd, Rm 317
Kapolei, HI 96707

Please provide the following information on your request:

- Provider Name and NPI/PIN
- Name of Patient with Medicaid ID#
- CRN and Date of Service
- Justification of why your claim is late

1099-MISC Form

If a provider received payments from Hawaii Medicaid in the amount of \$600 or greater during the 2022 calendar year, they will receive a 1099 Misc. Income form and are required to report this amount to the IRS. The form was mailed on January 31, 2023. For returned 1099(s) due to insufficient or incorrect address, Banking Operations will reach out to the provider to submit a request in writing for an address to send their 1099 form to. Provider will need to follow up with Provider Enrollment to update the change of address. The Post Office will not forward the 1099(s), they will be returned to Conduent.

Department of Public Safety (DPS) Claims Processing

Incarcerated patients claims are processed and payable by Conduent. Please ensure you have a valid 10 digit state ID number starting with OPA. First, your claim must be sent to the Department of Public Safety for review which will then be forwarded to the fiscal agent, Conduent, for claim adjudication. A common reason we may not have your claim on file when you call for claim status is because the claim is not submitted with a signature in box 31 of the 1500 claim form or on the bottom of the UB04. Please remember that we need a live ink signature because ink stamped signatures are not acceptable.

Claim Submission Billing Address:

Department of Public safety (DPS) - Health Care Division
Medicaid Claims
1177 Alakea Street #602
Honolulu, HI 96813
Office: 1-808-587-1250

Checking Patient Enrollment

When calling into the call center, please ensure you have the members Medicaid ID, name and date of birth. If you do not have the Medicaid ID, you may inquire using the patient's social security number, name and date of birth.

Three Inquiries Per Phone Call

When calling the hotline, please ensure you have your information ready. This will help process your inquiries more effectively in a timely manner.

Emailed Medicaid Correspondence Inquiries

Send to hi.providerrelations@conduent.com

CLAIMS inquiries—include CRN, PA inquiries—include PA. Please indicate if attaching 239 Form to email.

Common RTP reasons

- The MEDICAID ID is invalid or missing. The ID # consists of 10 digits.
- All claims with no authorized signature on your CMS 1500 or UB04 claim forms will be returned back to you. The UB04 does not have a designated field for a signature so the authorized signer may sign anywhere on the bottom of the claim form. The authorized signature for a CMS1500 claim form is located in box 31.
- The patient is enrolled in a QUEST Integration Plan. Claim should be sent to the recipient's health plan.

Cost Share/Share of Cost Reporting

The provider may report a patient's SOC in fields 39-40 with value code 23 on the UB04 and field 29 on the 1500 claim form.
