MEMORANDUM

MEMO NOS.

QI-1730

FFS 17-12

TO: QUEST Integration (QI) Health Plans,
Acute Care Hospitals, Nursing Facilities,
Physicians, and Advance Practice Registered Nurses (APRNs)

FROM: Judy Mohr Peterson, PhD 
Med-QUEST Division Administrator

SUBJECT: Electronic Preadmission Screening Resident Review (ePASRR)
Trainings Sign-up, Start Up and Go-Live

In collaboration with public and private stakeholders, the Med-QUEST Division (MQD) has successfully developed a more efficient Web-based ePASRR application. The ePASRR application meets Hawaii's obligation under the Americans with Disabilities Act (ADA) and the Supreme Court's decision in Olmstead that individuals with Serious Mental Illness (SMI) or Intellectual Disability/Related Conditions (ID/RC) not be admitted to a Medicaid-certified nursing facility (NF) until a full assessment is made.

To ensure compliance with PASRR requirements, all individuals that apply for admission to a Medicaid-certified Nursing Facility in Hawaii (list of Medicaid-certified Nursing Facilities attached) will be required to be processed through this Web-based application. **The Neighbor islands (i.e., Hawaii Island, Kauai, Lanai, Maui, Molokai) will begin using the ePASRR application on December 11, 2017; Oahu will begin using the ePASRR application on February 1, 2018.**

To support use of the ePASRR application, Health Services Advisory Group, Inc. (HSAG) and the MQD will be offering in-person and Web-based trainings which are necessary for a new process. Key training dates in December include:
