ADDITIONAL FEBRUARY FACE-TO-FACE TRAININGS FOR O'AHU

The Med-QUEST Division (MQD) will be offering additional ePASRR in person trainings on O'ahu on February 6- 7, 2018. This ePASRR application complies with the Americans with Disabilities Act (ADA) and the Supreme Court's decision in Olmstead that individuals with Serious Mental Illness (SMI) or Intellectual Disability/Related Conditions (ID/RC) not be admitted to a Medicaid certified nursing facility (NF) until a full assessment is made. All individuals who are admitted into a Medicaid certified nursing facility will be processed through this web-based application.

Individuals involved in the admission process to a Medicaid-certified nursing facility should attend at least one of the training sessions. For your convenience, on February 6, 2018, the sessions will be divided into two sessions. The morning session will be geared toward nursing facilities while the afternoon session will be geared toward acute care hospitals. On February 7, 2018, the session will broadly cover both nursing facility and hospital information. Space may be limited to two per agency, early registration is highly encouraged.
