

STATE OF HAWAII HCBS SETTINGS RULE STATEWIDE TRANSITION PLAN
CMS Feedback (August 2016) and State Response (October 2016)

SECTION I: TECHNICAL CHANGES THAT MUST BE MADE BY THE STATE OF HAWAII BEFORE RESUBMITTING TO CMS FOR INITIAL APPROVAL

PLEASE NOTE: *Resubmission of the STP with these changes can be made without the state conducting another public comment period.*

Public Notice and Comment

The following information about the state's public notice and comment process is requested.

- The "Notice for a Public Forum" posted on the state's website should be included in the STP.
- CMS requires states to announce public comment periods via at least one electronic AND non-electronic communication. Please confirm and include evidence within the STP of the non-electronic communications that were published to make the public aware of both 30-day public comment periods from January 2015 and January 2016.

State Response: As CMS requested, the state has included the electronic and non-electronic forms of communication for the Notice of Public Forum and public comment periods for January 2015 and January 2016 in the transition plan as an attachment.

Waivers and Settings Included in the STP

The state has identified the following settings: Assisted Living Facilities, Adult Residential Care Homes (ARCH) and Expanded ARCH, Community Care Foster Family Homes, Developmental Disability Adult Foster Homes, Developmental Disability Domiciliary Homes, Adult Day Care, and Adult Day Health.

- Through a review of the 1915(c) Waiver Management System, CMS has identified three services (Prevocational services, Group Employment Supports, and Residential Habilitation) and would like the state to clarify in which settings these services are provided. For any situation wherein HCBS beneficiaries are grouped or clustered together for the purpose of receiving HCBS in a specific setting, those settings need to be included in the state's site-specific setting assessment, validation and remediation processes with respect to the federal HCBS rule. Any individualized, community-based services can be presumed by the state to meet the federal HCBS rule and do not need to be included the initial setting assessment/validation/remediation process.

State Response: The state provided further clarification of the three services stated above. Hawaii recently received approval of its renewal for the I/DD Waiver effective July 1, 2016. Prevocational Services ended and a new service "Discovery & Career Planning" is being provided. All (100%) of the Discovery & Career Planning settings are being scheduled for on-site validation visits with two reviewers to each setting. Group Employment was ended with the renewal. All (100%) providers that deliver "Individual Employment Supports" will receive a validation visit that will include identifying if there are any occasions where individuals may be grouped together rather than receiving community-based individual supports. All (100%) settings where Residential Habilitation Services are provided (certified and licensed settings) will receive on-site validation visits. Certified settings are Adult Foster Homes. Licensed settings include Developmental Disabilities Domiciliary Homes, Adult Residential Care Homes (ARCH), Expanded Adult Residential Care Homes (E-ARCH), and Therapeutic Living Programs (TLP). Following the validation visits, areas for remediation will be identified and providers will develop plans to address the areas to become compliant

with the Final Rule. Monitoring tools used in reviewing settings and providers are being revised to track remediation activities toward compliance, as well as ongoing compliance, with the Final Rule.

- The systemic assessment included a link to the regulations for Intermediate Care Facilities (ICF). The state should clarify whether ICFs are included under the setting of Adult Day Care or are their own setting type. As a reminder, ICFs are not considered to be an eligible setting to receive HCBS funding under the federal HCBS rule.

State Response: The state provided further clarification in regards to the regulations for Intermediate Care Facilities (ICF). The state ensures that the ICF settings are not home and community based settings and shall not receive HCBS funding. The state removed the ICF citation and included the correct citation for the Adult Day Care setting. In addition, the state converted the systemic assessment crosswalk into a readable format.

Systemic Assessment

In order to provide initial approval of the STP as it relates to the systemic assessment, CMS requests the state complete the following as it works to finalize its systemic assessment. To help inform the state's work, we are attaching examples of several state cross-walks from STPs that have received initial approval in 2016 for your review and consideration. The following guidelines will help ensure a thorough assessment.

- The state did not include the systemic assessment within the STP but rather provided a link to the document on the state website. However, the link was broken and a deeper search had to be conducted to locate the document. Please include the systemic assessment within the STP document so it is embedded within the STP and easier for the public to locate and review.

State Response: As CMS requested, the state included the updated systemic assessment crosswalk as an attachment to the transition plan making it accessible for the public to locate and review.

- The state has conducted a thorough evaluation of state regulations against the federal home and community-based settings final rule. However, CMS has identified several requirements in the federal rule that were not included in the assessment. Please include the following items in your state regulation review:
 - The setting provides opportunities to seek employment and work in competitive integrated settings, engage in community life, and control personal resources in the community, to the same degree of access as individuals not receiving Medicaid HCBS.
 - The individual has, at a minimum, the same responsibilities and protections from eviction that tenants have under the landlord/tenant law of the state, county, city, or other designated entity. For settings in which landlord tenant laws do not apply, the state must ensure that a lease, residency agreement or other form of written agreement will be in place for each HCBS participant, and the document provides protections that

address eviction processes and appeals comparable to those provided under the jurisdiction's landlord tenant law.

- Units have entrance doors lockable by the individual, with only appropriate staff having keys to the doors.
- Individuals sharing units have a choice of roommates in that setting.
- Individuals have the freedom to furnish and decorate their sleeping or living units within the lease or other agreement.

State Response: As CMS suggested, the state has included the above regulations to the systemic assessment crosswalk for review. In addition, the state included the updated systemic assessment crosswalk as an attachment to the transition plan making it accessible for the public to locate and review.

- The link provided to the regulations for Adult Day Care needs to be rechecked for accuracy. When it is copy and pasted into a web search engine, pieces of the link are omitted and it is challenging to find the regulations. Please provide a direct hyperlink to the regulations for Adult Day Care.

State Response: As CMS suggested, the state rechecked all hyperlinks for accuracy and corrected the citation for the Adult Day Care setting. In addition, the state converted the systemic assessment crosswalk into a readable format.

- A spot check of the state standards that are included in the state's crosswalk has been completed, and CMS has concerns with several of the state's determinations regarding compliance with the federal requirements, as described below. Please note that these examples are not exhaustive; therefore, in addition to addressing the points below, CMS requests that the state revisit its systemic assessment as a whole and ensure that each determination is accurate with regard to each component of each federal requirement.
 - Adult Residential Care Home and Expanded ARCH
 - HAR Chapter 11-100.1-21.D describes circumstances when restraints may be used and lacks language demonstrating compliance with the prohibition on restraints as laid out in the federal HCBS rule except in instances where a modification is clearly articulated within an individual HCBS beneficiary's person-centered planning process.
 - HAR Chapter 11-100.1-13 section h: says that the kitchen and food supply shall be accessible to residents who may desire snacks or meals, as appropriate. The use of "as appropriate" does not guarantee residents full access to meals, and thus should be deleted. The state may clarify that any restrictions must be clearly described as modifications in an individual's person-centered plan.
 - Community Care Foster Family Homes
 - CMS found HAR Chapter 17-1454-43 and Chapter 17-1454-50 silent regarding residents' full access to the greater community.

- HAR Chapter 17-1454-43 and Chapter 17-1454-50 do not mention access to food for residents.
- Developmental Disability Adult Foster Homes
 - HAR Chapter 11-148-29 Section 2 indicates that “chemical and physical restraints shall be prescribed and have the sanction of the resident’s physicians or therapists and a Human Rights Committee.”

The state must (a) confirm that individuals are free from coercion and restraint; and (b) clarify that any modifications to this must be specifically outlined with specific details included in the person-centered planning process including other less-restrictive alternatives that were previously used and failed, when the use of restraints is permitted, types of restraints that are allowed (i.e. personal restraints, drugs used as restraints, mechanical restraints); and (c) describe in detail the safeguards that the state has established concerning the use of each type of restraint that is permitted. If the use of specific types of restraint is explicitly prohibited in policy by the state at all times, CMS requests the state identify the restraints that are not allowed within its STP.
- Developmental Disability Domiciliary Homes
 - HAR Chapter 11-89-13 Integration to the greater community is not mentioned.
 - HAR Chapter 11-89-13 Section 6 notes that restraints may be used only in an emergency when necessary to protect the resident from injury to self or to others. The language should include reference to requiring any modifications to the federal HCBS requirement that individual beneficiaries be “free from coercion and restraint” to be documented in the person centered planning process.
 - HAR Chapter 11-89-19 states that a minimum of 3 meals per 24-hour period is required. The federal HCBS rule requires residents to have access to food at any time unless otherwise determined through the person-centered planning process. Thus, this language needs to be modified to more accurately align with the federal HCBS requirement.
- Adult Day Health (1115)
 - HAR Chapter 11-96-9 Section 6 states that physical restraints may be used only in an emergency when necessary to protect the client from injury to the client or others. The language should include reference to requiring any modifications to the federal HCBS requirement that individual beneficiaries be “free from coercion and restraint” to be documented in the person centered planning process.

Since this was merely a spot check, CMS requests that the state of Hawaii please ensure that the state’s evaluation of its settings and regulations is accurate in identifying them as compliant, partially compliant, silent, or conflicting/non-compliant.

State Response:

- As suggested by CMS, the state reviewed the systemic assessment crosswalk for accuracy and made necessary revisions.

- The transition plan was updated to include language related to any modifications to the federal HCBS requirement is be documented in the person centered planning process.
- The state included the updated systemic assessment crosswalk to the transition plan making it accessible for the public to locate and review.
- As recommended by CMS, the state will remove the use of “as appropriate” as stated in HAR Chapter 11-100.1-13 section h for Adult Residential Care Home (ARCH) and Expanded ARCH.
- In regards to Developmental Disability Adult Foster Homes (a) the state is working on proposed language that will ensure that each foster adult is free from abuse, neglect, humiliation, harassment, coercion, and restraint, (b) add language that any modifications to the federal HCBS requirement is be documented in the person centered planning process, (c) and ensure that details related to safeguards are outlined in policies and procedures.
- As suggested by CMS, the state will amend the language “minimum of 3 meals per 24-hour period is required” as stated in HAR Chapter 11-89-19 to better align with the access to food requirement for Developmental Disability Domiciliary Homes.

Systemic Remediation

The state provides information on how regulations will be amended to bring state standards into compliance with the federal regulations. However, the actual process and timeline of how this will be completed is unclear. Please include the following information in the STP.

- Clarify what steps and include the timeline the state will follow to adopt necessary language changes within these policies, standards, rules, and regulations.

State Response: The state has included actions steps and timelines for completion to the systemic assessment crosswalk and attached to the transition plan. Timelines for completion may vary, depending on number of revisions needed to the existing language. However, all modifications to State standards shall be completed by December 2017. Any state standard that has been finalized and approved shall be effective immediately.

- The state has identified a timeframe of March 2019 to complete the systemic remediation. CMS recommends that the state reconsider this timeframe and provide a much earlier endpoint for regulatory remediation in order to ensure full compliance well before the final deadline.

State Response: As recommended by CMS, the state has reconsidered the timeframe for the completion of the systemic remediation and updated the transition plan from March 2019 to December 2017. This will allow the state a year, in 2018, to ensure that all HCBS settings are in full compliance with the final rule before the March 2019 deadline.

- The state has indicated that it will develop operational procedures for compliance with the revised state standards (p. 18, Row #5, Section 2). Please provide additional details about how

the state will identify non-compliant standards and what is required to establish new operational procedures.

State Response: The state has included further details to the development of operational procedures for standards that are identified as non-compliant during the systemic assessment review.

Please note that CMS does not expect the state will need to reissue the STP for public comment after incorporating these technical changes listed above related to the systemic assessment prior to resubmitting to CMS to receive initial approval of the STP. Thus, we ask the state to please expedite completion of these recommendations as soon as possible.

Summary of the CMS Home and Community Based Services Final Rule

In January 2014, the Centers for Medicare & Medicaid Services (CMS) issued new regulations that require home and community-based waiver services to be provided in community like settings. See www.medicaid.gov and search for home and community based services for a copy of the regulations. The new rules define settings and that are not community-like and after a transition period, those settings that do not meet the new rules cannot be used to provide federally-funded home and community based services (HCBS). The purpose of these rules is to ensure that people who receive home and community-based waiver services have opportunities to access the benefits of community living and receive services in the most integrated settings. States will be allowed a maximum of five years (until March 2019) to make the transition. Hawaii intends to implement its transition plan by July 2017. The requirements for submitting a transition plan to CMS rest with the single-state Medicaid agency. In Hawaii, the Department of Human Services, Med-QUEST Division (DHS/MQD) has taken the lead for meeting the requirements for the transition plan. Hawaii proposes the My Choice My Way transition plan with the following time table and deliverables to come into compliance with CMS' revised HCBS rules.

Hawaii's "My Choice My Way" Advisory Group

Hawaii's transition plan is called "My Choice My Way." DHS/MQD convened an advisory group called My Choice My Way to develop Hawaii's transition plan. Self-Advocacy Advisory Council (SAAC) participates on the My Choice My Way advisory group. At the formation of the group, SAAC chose the name, My Choice My Way, for the transition plan and advisory group.

The Department of Human Services, Med-QUEST Division (DHS/MQD) is partnering with various organizations in Hawaii that includes SAAC, Special Parent Information Network (SPIN), Department of Health, Developmental Disabilities Division (DDD), Department of Health, Office of Health Care Assurance (DOH/OHCA), State Council on Developmental Disabilities (DD Council), Case Management Agencies, Hawaii Waiver Provider Association (HWP), Adult Foster Homes of the Pacific, and Big Island Adult Foster Home Operators. These organizations represent Medicaid waiver participants, waiver families, provider associations, advocates, other State agencies, and other stakeholders throughout this process to develop the plan, receive input, and assure that everyone has access to needed information to assist with transition activities. The organizational structure for the My Choice My Way advisory group is below.

DHS/MQD is committed to engaging with stakeholders through this process and looks forward to continuing to receive feedback. The outcome of this process will be that Medicaid waiver participants will receive services in a way that enables them to live and thrive in truly integrated community settings.

The My Choice My Way advisory group had its first meeting in October 2014. This advisory group has met at least monthly to develop the transition plan, review the public comments, and incorporate public comments into the transition plan. The My Choice My Way advisory group will continue to meet for implementation of the transition plan.

Components of My Choice My Way transition plan

Hawaii's My Choice My Way transition plan is attached to this document (Attachment A). Below is a summary of the components of the transition plan.

1.Assessment (both residential and non-residential settings)

- Process for assessing and analyzing all HCBS settings for compliance
- Individuals who have access to HCBS will have an opportunity to participate in assessing their settings
- The assessment may be completed alone or with help from family/friends
- Case managers and service coordinator may help complete assessment as well
- Providers will be given an opportunity for self-assessment of their settings
- State agencies perform an analysis of both individual and provider assessments
- State agencies perform mandatory site validation visits for providers setting that may isolate
- Complete a systemic assessment of State Statutes, Rules, Standards, or Other Requirements to meet new HCBS rules (Attachment B)
- Update transition plan based upon assessments

2.Remediation

- Modify State Statutes, Rules, Standards, or Other Requirements to meet new HCBS rules
- Develop waiver specific remediation activities (Attachment C)
- Inform providers of room for improvement to meet rules based upon assessments
- State agencies submit justification for heightened scrutiny to CMS for settings that may isolate but are in fact HCBS and do not have the qualities of an institution
- Develop operational procedures with providers to implement changes to meet new HCBS rules
- Develop relocation plan for individuals that are in a setting that does not meet the new HCBS rules

3.Key Stakeholder Engagement and Public Comment

- Posted a public notices and conducted comment periods. December 16, 2014 to January 30, 2015 and January 15, 2016 to March 1, 2016 (Attachment D).
- Sent tribal consultation letters with draft transition plan was sent to Ke Ola Mamo. For December 12, 2014 and December 30, 2015- Ke Ola Mamo did not provide comments on the transition plan to MQD for the first and second public comment period
- Public Forums held at the Queen's Conference Center Auditorium and streamed live through video teleconference (VTC) sites on neighboring islands, January 14, 2015 and January 14, 2016.
- Informational session held twice a year in January and July: one session will be for participants, families, advocates and the other for providers.

Location of My Choice My Way Transition Plan

- On the Med-QUEST website at <http://www.med-quest.us/#HCBSTran> News and Events section

Summary of Public Comments

DHS/MQD received public comment from two public forums as well as through its formal public comment period. In addition, several organizations from the My Choice My Way advisory group distributed to their membership information about the forum to include SPIN, HWP, DOH/DDD, DHS/MQD, and Case Management Agencies. DHS/MQD has copies of all of the public comments that we received for submission to CMS, if indicated. In addition, below is a summary of the public comments (Attachment E) that DHS/MQD received since publishing its draft My Choice My Way transition plan as well as changes that DHS/MQD made to the transition plan based upon public comment.

Public Forums

January 14, 2015 and January 14, 2016

Approximately 200 individuals statewide attended the public forum to include in person and video teleconference (VTC) sites on the following islands: Hawai'i (one in Hilo and one in Kona), Kaua'i, Maui, Moloka'i, O'ahu (one in person and one VTC). The attendees included waiver participants, their families, providers to individuals receiving HCBS, state agencies that provide services to waiver participants, and other stakeholders. The first forum provided an overview of the HCBS rules and a summary of the draft transition plan. The forum provided an overview site validation visits. Afterwards the My Choice My Way advisory group (or panelists) answered questions from the attendees. For questions that were related to the transition plan, the panelists referred individuals to components of the My Choice My Way transition plan (i.e., process for assessments). Both events were moderated by Hilopa'a, Hawaii's Family to Family Health Information Center. Many of the questions in the first forum were not related to the My Choice My Way transition plan. The second forum provided a summary of updates on the transition plan and shared assessment results from validations.

Public Comments

January 14, 2015 and January 14, 2016

DHS/MQD received public input from the first public forum as well as four written comments: one stakeholder organization, two parents, and one provider association. DHS/MQD received public input from the second public forum as well as 3 written comments: two stakeholder organization and one provider association. The My Choice My Way advisory group reviewed all of the public comments. My Choice My Way advisory group revised the transition plan to include additional steps to assure continued public input throughout implementation of the transition plan. The timeframes for several functions were delayed by a month to allow increased public input. DHS/MQD has posted a question and answer on its website that responds to all of questions posed through public comment process. A summary provides information on the comment type, date received, comment summary, state response, and impact on transition plan.

Information on My Choice My Way Transition Plan

Individuals may continue to obtain information on Hawaii's My Choice My Way transition plan or submit questions or comments to:

**HAWAII STATEWIDE TRANSITION PLAN
FOR HOME AND COMMUNITY BASED SERVICES (HCBS)**

The State of Hawaii has prepared this statewide transition plan in accordance with the new Home and Community Based Services (HCBS) regulations in 42 CFR Section 441.301(c)(4)(5) and Section 441.710(a)(1)(2). This plan addresses settings where home and community based services are provided through the Med-QUEST Division's QUEST Integration program and the 1915(c) waiver for persons with intellectual/developmental disabilities. Hawaii's plan outlines the activities to be undertaken by the State in partnership with the individuals who receive home and community based services, their families, friends, advocates, providers, and other stakeholders. The State of Hawaii will implement this plan in a manner that assures the health and safety of the individuals receiving HCBS. In addition, this transition plan does not replace previous assessments that an individual receiving HCBS may have had. The plan is organized into three sections: Assessment, Remediation, and Stakeholder Engagement/Public Input. Action steps, timeframes and the products of the steps are included with each area of the HCBS Plan.

Section 1: Assessment- Residential Settings

This area focuses on two key areas: 1) a system-level analysis of the State's regulations, standards, policies, licensing requirements, and other provider requirements that ensure settings to ensure full and on-going compliance with the federal requirements; and 2) an analysis of settings where HCBS are delivered to assess readiness to meet the federal regulations. The Assessment Phase employs a number of strategies to fully assess and determine compliance

#	Action Item	Description	Start Date	End Date	Responsible Agency(s)	Key Stakeholders	Sources or Documents	Outcome
Residential Assessment Activities								
1	Review State Standards	State will review current statutes, rules, regulations, standards, or other requirements to identify any needed changes for full compliance with the HCBS settings requirements.	10/17/14	10/17/16	DOH/OHCA, DHS/MQD, DOH/DDD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HRS, HAR, Waiver Standards, contracts, HCBS rules, CMS guidance	A systemic assessment was completed and the State has identified areas where current language needs to be strengthened or revised for full compliance with the HCBS settings requirements. <i>State systemic assessment and remediation</i> http://www.med-quest.us/PDFs/News%20Releases/RemediationCrosswalk.pdf
2	Compile list of all licensed/certified homes where HCB services are provided	Build database with information on every home that provides HCB services: <ul style="list-style-type: none"> • Provider name; • Address; • Telephone; • Number of licensed beds; • Numbers of participants; • Names of HCBS participants by setting; • Other 	01/01/15	01/30/15	DOH/OHCA DOH/DDD	My Choice My Way team are the decision makers on the factors to gather	DOH/DDD-OCB, DOH/DDD-CMB, DOH/OHCA	The State has obtained a comprehensive list of all licensed/certified homes. DHS/MQD will receive monthly updates for certifications/licensures, closures and admission suspensions for foster homes, adult residential care homes and developmentally disabled domiciliary homes

3	Develop process for settings analysis and identify reviewers for onsite validation	My Choice My Way workgroup advises State on development of the process for assessing and analyzing all HCBS settings. Workgroup develops a provider compliance matrix to identify settings for onsite review in addition to the mandatory Category 3 settings. State is responsible for identifying reviewers for onsite validations. The public will have input into the process for setting analysis.	03/01/15	04/30/15	DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	<p>The State developed a process for assessing and analyzing all HCBS settings. The provider compliance matrix is used throughout the assessment process. The State developed a process for settings validation and reviewer training, see Assessment #15 and #16.</p> <p><i>Provider compliance matrix</i> http://www.med-quest.us/PDFs/News%20Releases/ProviderComplianceTable.pdf</p>
4	Develop the settings analysis tool	<p>The tool will assist in identifying current settings and classifying them into categories:</p> <ul style="list-style-type: none"> • <i>Category 1</i>- Yes, meets requirements • <i>Category 2</i>- Not Yet, can meet with remediation • <i>Category 3</i>- No, cannot meet requirements • <i>Category 4</i>- Not yet, presumed not HCBS but State will require heightened scrutiny • The public will have input into the setting analysis tool. 	03/01/15	04/30/15	DHS/MQD	Providers	HCBS rules, CMS guidance	<p>The setting analysis tool was used after the self-assessment surveys were completed. See Assessment #10 for details on the analysis. The tool was shared with providers and was posted on the DHS/MQD website prior to use. There were no comments received on the setting analysis tool.</p> <p><i>Residential setting analysis tool</i> http://www.med-quest.us/PDFs/News%20Releases/SettingAnalysisToolNR.pdf</p>

5	Revise transition plan to include assessment information as described below	Transition plan will be updated to incorporate information found from assessment of providers and participants/consumers. Stakeholders will review transition plan for input.	12/14/15	01/14/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD, OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	The remediation section of the transition plan was updated to include additional information gathered from assessments. See Remediation Section:2, page 18.
Residential Participants/Consumers								
6	Develop the participant/ consumer experience survey	HCBS participants and consumer advocacy entities will receive the experience survey. The survey will provide the participant/consumer with the opportunity to report their experience with their current HCBS settings. Survey will be: <ul style="list-style-type: none"> - Formatted in larger font size (i.e., 18 point); - Include pictures; - Plain language; - Reading level; and - Referred to SAAC for input prior to issuing. 	01/01/15	02/01/15	DHS/MQD	Participants, families, SAAC, SPIN, DD Council	Crosswalk document of NCI and HCBS Rule. Other states' surveys and CMS exploratory questions	SAAC reviewed the survey and provided valuable feedback. The State then finalized the survey and mailed the surveys to a sample of participants.
7	Select a statistically significant sample of HCBS participants	State will select a statistically significant sample of HCBS participants who live in provider-owned or controlled settings to complete the survey.	02/01/15	02/28/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN	Compiled database (Assessment #2)	The State used the Raosoft sample size calculator to determine how many HCBS participants will be mailed a survey. <ul style="list-style-type: none"> • The margin of error was 5%; • The confidence level was 99%; • The estimated population used was 6,000; and • The response distribution was 50%. Using the values above, the minimum recommended sample size was about 600 combined residential and non-residential participants.
8	Conduct a participant/	State will conduct an assessment using the survey:	04/01/15	05/31/15	DOH/DDD, DHS/MQD	Participants, families, SAAC,	HCBS rules, CMS guidance	Surveys were mailed in April 2015 and returned by May 2015. Each survey was given a unique identifier number. After the survey results were inputted into survey

	consumer experience survey	<ul style="list-style-type: none"> Identify organization(s) that help participant/consumer complete survey (i.e., Health plan service coordinators, DDD case managers, DD waiver agencies that do not provide residential services); Utilize family members who have active contact with their relative to interpret the needs/experiences of non-verbal participants/consumers; Ask SAAC to complete the survey; Attach instructional information when issuing; Post form on-line (and through survey monkey) to download in addition to mailing; Provide contact information for questions- e-mail and voice mail; Provide self-addressed envelope to return to DHS/MQD; and Fax # to send back. 				SPIN, DD Council		<p>monkey. The State posted the survey on the DHS/MQD website.</p> <p><i>Residential participant/consumer experience survey</i> http://www.medquest.us/PDFs/News%20Releases/ResidentialParticipantSurvey.pdf</p>
9	Training for organizations on the participant/consumer survey	The State will provide training to organizations that will help participants to complete the survey.	03/01/15	03/31/15	DOH/DDD, DHS/MQD	Providers	HCBS rules, CMS guidance	The State provided training primarily to health plan service coordinators and DDD waiver case managers. The health plans and DDD were given the list of participants that were receiving a survey. Training for the services coordinators and case managers was experiential based and included: contacting the participant/guardian/provider to see if they received a survey and if they needed help completing it, arranging a date and time to assist completion of the survey, and

								assuring participants that responses will not affect them or their HCBS services.
10	Analysis of participant/consumer experience survey	The State will perform an analysis of the surveys. In addition, the State will perform an analysis that confidentially matches providers with their participants/consumers to verify if assessments are accurate.	06/1/15	07/31/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DD Council	HCBS rules, CMS guidance	<p>The State mailed about 333 residential participant surveys which received a 47.7% response rate. State staff entered all the survey responses into survey monkey, analyzed the data, and sorted providers into categories of compliance.</p> <p>The My Choice My Way advisory group recommended an average rating by percent compliance. Weight for each question was the same.</p> <p>The State also performed an analysis that confidentially matched providers with their participants to verify if assessments were accurate using the setting analysis tool. Providers that had a less than 60% match response were placed on the list for validation.</p>
Residential Providers								
11	Develop the provider self-assessment survey	The survey will assist in identifying provider readiness and classifying them into categories identified in Assessment #4. The public will have input into the provider survey.	01/01/15	03/31/15	DHS/MQD	Providers	HCBS rules, CMS guidance	The MCMW workgroup created and reviewed the survey and provided valuable feedback. The State then finalized the survey and mailed the provider self-assessment surveys

12	Identify providers who will complete self-assessment survey	All providers will be given the opportunity to complete the provider self-assessment survey	02/01/15	02/28/15	DOH/DDD, DHS/MQD	Providers	Compiled database (Assessment #2)	Based on the systemic assessment of statutes, rules, regulations etc. all HCBS providers were not in compliance with at least one or more of the HCBS rule requirements. Therefore, the State determined that all HCBS providers shall complete a self- assessment survey.
13	Conduct a provider self-assessment survey	<p>Providers will conduct a self-assessment of settings using the Provider Survey:</p> <ul style="list-style-type: none"> • Create instructional memo prior to issuing; • Post form on-line to download in addition to mailing; • Add the survey to “survey monkey” for completion electronically; • Provide contact information for questions- e-mail and voice mail; and • Provide a fax # to send back. 	04/01/15	05/31/15	DOH/DDD, DHS/MQD	Providers	HCBS rules, CMS guidance	<p>Surveys were mailed in April 2015 and returned by May 2015. Each survey was given a unique identifier number. To ensure that all providers are encouraged to respond the State issued a letter in addition to the survey stating that completion of the survey was mandatory. After the surveys were all inputted into survey monkey the State posted the survey on the DHS/MQD website.</p> <p><i>Residential provider survey</i> http://www.medquest.us/PDFs/News%20Releases/ResidentialProviderSurvey.pdf</p>
14	Analysis of participant/consumer experience and provider surveys	The State will perform an analysis of the surveys. In addition, the State will perform an analysis that confidentially matches providers with their participants/consumers to verify if assessments are accurate. Providers will then be placed in a category of compliance.	06/1/15	07/31/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DD Council	HCBS rules, CMS guidance	<p>The State mailed about 1688 residential provider surveys which resulted in 44.4% response rate. State staff entered all the survey responses into survey monkey, analyzed the data, and placed each provider in a category of compliance based on their survey response. The State also performed an analysis, using the setting analysis tool that confidentially matched providers with their participants to verify if assessments were accurate. Providers that had less than a 60% match response were placed on the list for validation. If the provider did not complete a survey, they were viewed as a non-compliant provider in all required areas and were also placed on the list for validation.</p> <p><i>Summary of provider compliance</i></p>

								http://www.medquest.us/PDFs/News%20Releases/ProviderComplianceTable.pdf
15	Develop a validation tool for reviewers	In addition to conducting a provider self-assessment surveys, the onsite validations will assist in identifying provider readiness and validating the appropriate category identified in Assessment #4. The public will have input into the validation tool.	08/01/15	09/30/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	<p>The MCMW workgroup developed and reviewed the validation tools and provided valuable feedback. The tool was shared with HCBS providers and was posted on the DHS/MQD website. There were no comments received on the validation tool. The State then finalized the validation tools and posted the validation tools on the DHS/MQD website.</p> <p><i>Residential validation tool</i> http://www.medquest.us/PDFs/News%20Releases/ResidentialProviderSelfAssessmentValidation.pdf</p>
16	Validation training for reviewers	The State will provided training to reviewers to validate the provider survey. The State will need to identify reviewers to help with validations (i.e., MCMW advisory workgroup, self-advocates, families, and State staff)	10/08/15	10/08/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	The State provided training for 50 reviewers to validate provider surveys for compliance with the HCBS rules. Training included knowledge about the different categories of compliance, development of teams of two (2) reviewers that included self-advocates, families, and state staff, reviewers roles and responsibilities, review of the validation tool, how to get the information needed, and interview techniques which encouraged a “Let’s Talk Story” approach. Reviewers were able to utilize the "Big Tent" website as communication platform during the validation period to post questions, ask for/share advice. The website served as a discussion board and tracking tool which reviewers can view any validations that have been scheduled or already completed.
17	Validate the provider self-assessment survey	Reviewers will conduct onsite visits to a sample of providers to validate findings in the provider survey and aggregate data. The purpose of this	10/15/15	12/11/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD,	HCBS rules, CMS guidance	The validation period was conducted from October 2015 to mid-December 2015. The My Choice My Way advisory group determined that an estimated total of 100 settings needed to be validated.

	by conducting onsite visits	visit is to observe the individual's life experience and validate the survey responses. Teams of two to three reviewers will conduct the site validations including self-advocates, families, and State staff. Reviewers are required to attend the validation training as described in Assessment #17.				DOH/OHCA, DOH/DDD, DD Council, Providers		<p>Validation sample included:</p> <ul style="list-style-type: none"> • All Category 1 that had a 100% score on the survey • More than 40 Category 2 that had a survey discrepancy between provider and participant which less than 60% of responses matched and random sample of providers who did not complete a survey • All Category 3 that cannot meet the requirements • All Category 4 that may have the effect of isolation or qualities of an institution based on survey responses to community integration and settings identified by the My Choice My Way advisory group that may have qualities of an institution.
18	Conduct mandatory site visits for all category 3 and 4 settings	The State will perform a mandatory site visits to determine whether the setting will undergo the heightened scrutiny process as defined by CMS https://www.medicaid.gov/medicaid-chip-program-information/by-topics/long-term-services-and-supports/home-and-community-based-services/downloads/settings-that-isolate.pdf	01/2016	01/2016	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	Based on the survey results there were no providers that met category 3 but there were 16 providers that met category 4. There were a number of providers that were also identified by the MCMW advisory group that met category 4 due to service location or operational structure and were added to the validation list. The State conducted site visits to all category 4 settings.
19	Analysis of onsite validation reviews	The State will then review each validation tool submitted and look for consistency in responses among the different settings. Any category 4 determination will undergo the CMS heightened scrutiny process.	01/2016	02/2016	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	At the end of the validation, the reviewers confirmed the compliance of each setting. After the analysis of the validation tools, a secondary review was conducted by DHS/MQD of the ones that were identified as a true category 4 setting and there was 1 provider that will need to undergo the heightened scrutiny process. All the other residential settings will require modifications to comply with the HCBS final rule.

								<p><i>Summary of validations</i> http://www.med-quest.us/PDFs/News%20Releases/AttachmentProviderCompliance.pdf</p> <p><i>Summary of provider compliance</i> http://www.med-quest.us/PDFs/News%20Releases/ProviderComplianceTable.pdf</p> <p><i>Provider compliance list</i> http://www.med-quest.us/PDFs/News%20Releases/ProviderComplianceList.pdf</p>
Section 1: Assessment- Non-Residential Settings								
This area focuses on two key areas: 1) a system-level analysis of the State’s regulations, standards, policies, licensing requirements, and other provider requirements that ensure settings to ensure full and on-going compliance with the federal requirements; and 2) an analysis of settings where HCBS are delivered to assess readiness to meet the federal regulations. The Assessment Phase employs a number of strategies to fully assess and determine compliance								
#	Action Item	Description	Start Date	End Date	Responsible Agency(s)	Key Stakeholders	Sources or Documents	Outcome
Non-Residential Assessment Activities								
1	Review State Standards	State will review current statutes, rules, regulations, standards, or other requirements to identify any needed changes for full compliance with the HCBS settings requirements.	10/17/14	10/17/16	DOH/OHCA, DHS/MQD, DOH/DDD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HRS, HAR, Waiver Standards, contracts, HCBS rules, CMS guidance	<p>A systemic assessment was completed and the State has identified areas where current language needs to be strengthened or revised for full compliance with the HCBS settings requirements.</p> <p><i>State systemic assessment and remediation</i> http://www.med-quest.us/PDFs/News%20Releases/RemediationCrosswalk.pdf</p>

2	Compile list of all non-residential settings where HCB services are provided	Build database with information on every non-residential setting that provides HCB services: <ul style="list-style-type: none"> • Provider name; • Address; • Telephone; • Numbers of participants; • Names of HCBS participants by setting; • Other 	01/01/15	01/30/15	DOH/OHCA DOH/DDD	My Choice My Way team are the decision makers on the factors to gather	DOH/DDD-OCB, DOH/DDD-CMB, DOH/OHCA	The State has obtained a comprehensive list of all non-residential settings.
3	Develop process for settings analysis and identify reviewers for onsite validation	My Choice My Way workgroup advises State on development of the process for assessing and analyzing all HCBS settings. Workgroup develops a provider compliance matrix to identify settings for onsite review in addition to the mandatory Category 3 settings. State is responsible for identifying reviewers for onsite validations. The public will have input into the process for setting analysis.	03/01/15	04/30/15	DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	The State developed a process for assessing and analyzing all HCBS settings. The provider compliance matrix is used throughout the assessment process. The State developed a process for settings validation and reviewer training, see Assessment #15 and #16. <i>Provider compliance matrix</i> http://www.medquest.us/PDFs/News%20Releases/ProviderComplianceTable.pdf
4	Develop the settings analysis tool	The tool will assist in identifying current settings and classifying them into categories: <ul style="list-style-type: none"> • <i>Category 1</i>- Yes, meets requirements • <i>Category 2</i>- Not Yet, can meet with remediation • <i>Category 3</i>- No, cannot meet requirements • <i>Category 4</i>- Not yet, presumed not HCBS but State will require heightened scrutiny • The public will have input into the setting analysis tool. 	03/01/15	04/30/15	DHS/MQD	Providers	HCBS rules, CMS guidance	The setting analysis tool was used after the self-assessment surveys were completed. See Assessment #10 for details on the analysis. The tool was shared with providers and was posted on the DHS/MQD website prior to use. There were no comments received on the setting analysis tool. <i>Non-residential setting analysis tool</i> http://www.medquest.us/PDFs/News%20Releases/SettingAnalysisTools.pdf

5	Revise Statewide transition plan to include assessment information as described below	Transition plan will be updated to incorporate information found from assessment of providers and participants/consumers. Stakeholders will review transition plan for input.	12/14/15	01/14/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD, OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	The remediation section of the transition plan were updated to include additional information gathered from assessments.
Non-Residential Participants/Consumers								
6	Develop the participant/consumer experience survey	HCBS participants and consumer advocacy entities will receive the experience survey. The survey will provide the participant/consumer with the opportunity to report their experience with their current HCBS settings. Survey will be: <ul style="list-style-type: none"> - Formatted in larger font size (i.e., 18 point); - Include pictures; - Plain language; - Reading level; and - Referred to SAAC for input prior to issuing. 	01/01/15	02/01/15	DHS/MQD	Participants, families, SAAC, SPIN, DD Council	Crosswalk document of NCI and HCBS Rule. Other states' surveys and CMS exploratory questions	SAAC reviewed the survey and provided valuable feedback. The State then finalized the survey and mailed the surveys to a sample of participants.
7	Select a statistically significant sample of HCBS participants	State will select a statistically significant sample of HCBS participants who receive services in a non-residential settings to complete the survey.	02/01/15	02/28/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN	Compiled database (Assessment #2)	The State used the Raosoft sample size calculator to determine how many HCBS participants will be mailed a survey. <ul style="list-style-type: none"> • The margin of error was 5%; • The confidence level was 99%; • The estimated population used was 6,000; and • The response distribution was 50%. Using the values above, the minimum recommended sample size was about 600 combined residential and non-residential participants.
8	Conduct a participant/	State will conduct an assessment using the survey:	04/01/15	05/31/15	DOH/DDD, DHS/MQD	Participants, families, SAAC,	HCBS rules, CMS guidance	Surveys were mailed in April 2015 and returned by May 2015. Each survey was given a unique identifier number. After the survey results were all inputted into survey

	consumer experience survey	<ul style="list-style-type: none"> Identify organization(s) that help participant/consumer complete survey (i.e., Health plan service coordinators, DDD case managers, DD waiver agencies that do not provide residential services); Utilize family members who have active contact with their relative to interpret the needs/experiences of non-verbal participants/consumers; Ask SAAC to complete the survey; Attach instructional information when issuing; Post form on-line (and through survey monkey) to download in addition to mailing; Provided contact information for questions- e-mail and voice mail; Provided self-addressed envelope to return to DHS/MQD; and Fax # to send back. 				SPIN, DD Council		<p>monkey and the State posted the survey results on the DHS/MQD website.</p> <p><i>Non-residential participant/consumer experience survey</i> http://www.medquest.us/PDFs/News%20Releases/NonResidentialParticipantSurvey.pdf</p>
9	Training for organizations on the participant/consumer survey	The State will provide training to organizations that will help participants to complete the survey.	03/01/15	03/31/15	DOH/DDD, DHS/MQD	Providers	HCBS rules, CMS guidance	The State provided training primarily to health plan service coordinators and DDD waiver case managers. The health plans and DDD were given the list of participants that were receiving a survey. Training for the services coordinators and case managers was experiential based and included: contacting the participant/guardian/provider to see if they received a survey and if they needed help completing it, arranging a date and time to assist completion of the survey, and

								assuring participants that responses will not affect them or their HCBS services.
10	Analysis of participant/consumer experience survey	The State will perform an analysis of the surveys. In addition, the State will perform an analysis that confidentially matches providers with their participants/consumers to verify if assessments are accurate.	06/1/15	07/31/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DD Council	HCBS rules, CMS guidance	The State mailed about 306 non-residential participant surveys which received a 33.6% response rate. State staff entered all the survey responses into survey monkey, analyzed the data, and sorted providers into categories of compliance. The My Choice My Way advisory group also recommended an average rating by percent compliance. Weight for each question was the same. Categories and average ratings are located on the DHS/MQD website. The State also performed an analysis that confidentially matched providers with their participants to verify if assessments were accurate using the setting analysis tool. Providers that had a less than 60% match response were placed on the list for validation.
Non-Residential Providers								
11	Develop the provider self-assessment survey	The survey will assist in identifying provider readiness and classifying them into categories identified in Assessment #4. The public will have input into the provider survey.	01/01/15	03/31/15	DHS/MQD	Providers	HCBS rules, CMS guidance	The MCMW workgroup developed and reviewed the survey and provided valuable feedback. The State then finalized the survey and mailed the provider self-assessment surveys to all HCBS providers.
12	Identify providers who will complete self-assessment survey	All providers will be given the opportunity to complete the provider self-assessment survey	02/01/15	02/28/15	DOH/DDD, DHS/MQD	Providers	Compiled database (Assessment #2)	Based on the systemic assessment of statutes, rules, regulations etc. all HCBS providers were not in compliance with at least one or more of the HCBS rule requirements. Therefore, the State determined that all HCBS providers shall complete a self-assessment survey.

13	Conduct a provider self-assessment survey	<p>Providers will conduct a self-assessment of settings using the Provider Survey:</p> <ul style="list-style-type: none"> • Instructional memo prior to issuing; • Post form on-line to download in addition to mailing; • Add the survey to “survey monkey” for completion electronically; • Contact information for questions- e-mail and voice mail; and • Fax # to send back. 	04/01/15	05/31/15	DOH/DDD, DHS/MQD	Providers	HCBS rules, CMS guidance	<p>Surveys were mailed in April 2015 and returned by May 2015. Each survey was given a unique identifier number. To ensure that all HCBS providers are encouraged to respond the State issued a letter in addition to the survey stating that completion of the survey was mandatory. After the surveys were all inputted into survey monkey the State posted the survey on the DHS/MQD website.</p> <p><i>Non-residential provider survey</i> http://www.med-quest.us/PDFs/News%20Releases/NonResidentialProviderSurvey.pdf</p>
14	Analysis of participant/consumer experience and provider surveys	The State will perform an analysis of the surveys. In addition, the State will perform an analysis that confidentially matches providers with their participants/consumers to verify if assessments are accurate. Providers will then be placed in a category of compliance.	06/1/15	07/31/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DD Council	HCBS rules, CMS guidance	<p>The State mailed about 49 residential provider surveys which resulted in a 59.2% response rate. State staff entered all the survey responses into survey monkey, analyzed the data, and placed each provider in a category of compliance based on their survey response. The State also performed an analysis, using the setting analysis tool that confidentially matches providers with their participants to verify if assessments were accurate. Providers that had less than a 60% match response was placed on the list for validation. If the provider did not complete a survey, they were viewed as a non-compliant provider in all required areas and were also placed on the list for validation.</p> <p><i>Summary of provider compliance</i></p>

								http://www.medquest.us/PDFs/News%20Releases/ProviderComplianceTable.pdf
15	Develop a validation tool for reviewers	In addition to conducting a provider self-assessment surveys, the onsite validations will assist in identifying provider readiness and validating the appropriate category identified in Assessment #4. The public will have input into the validation tool.	08/01/15	09/30/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	<p>The MCMW workgroup developed and reviewed the validation tools and provided valuable feedback. The tool was shared with providers and was posted on the DHS/MQD website. There were no comments received on the validation tool. The State then finalized the validation tools and posted the validation tools on the DHS/MQD website.</p> <p><i>Non-residential validation tool</i></p> <p>http://www.medquest.us/PDFs/News%20Releases/NonResidentialProviderSettingValidation.pdf</p>
16	Validation training for reviewers	The State will provided training to reviewers to validate the provider survey. The State will need to identify reviewers to help with validations (i.e., MCMW advisory workgroup, self-advocates, families, and State staff)	10/08/15	10/08/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	<p>The State provided training for 50 reviewers to validate provider surveys for compliance with the HCBS rules. Training included knowledge about the different categories of compliance, development of teams of two (2) reviewers that included self-advocates, families, and state staff, reviewers roles and responsibilities, review of the validation tool, how to get the information needed, and interview techniques which encouraged a “Let’s Talk Story” approach. Reviewers were able to utilize the "Big Tent" website as communication platform during the validation period to post questions, ask for/share advice. The website served as a discussion board and tracking tool which reviewers can view any validations that have been scheduled or already completed.</p>

17	Validate the provider self-assessment survey by conducting onsite visits	Reviewers will conduct onsite visits to a sample of providers to validate findings in the provider survey and aggregate data. The purpose of this visit is to observe the individual's life experience and validate the survey responses. Teams of two to three reviewers will conduct the site validations including self-advocates, families, and State staff. Reviewers are required to attend the validation training as described in Assessment #17.	10/15/15	12/11/15	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	<p>The validation period was conducted from October 2015 to mid-December 2015. The My Choice My Way advisory group determined that an estimated total of 100 settings needed to be validated.</p> <p>Validation sample included:</p> <ul style="list-style-type: none"> • All Category 1 that had a 100% score on the survey • More than 40 Category 2 that had a survey discrepancy between provider and participant which less than 60% of responses matched and random sample of providers who did not complete a survey • All Category 3 that cannot meet the requirements • All Category 4 that may have the effect of isolation or qualities of an institution based on self-assessment survey responses to community integration and settings identified by the My Choice My Way advisory group that may have qualities of an institution as defined by CMS.
18	Conduct mandatory site visits for all category 3 and 4 settings	The State will perform a mandatory site visits to determine whether the setting will undergo the heightened scrutiny process as defined by CMS https://www.medicaid.gov/medicaid-chip-program-information/by-topics/long-term-services-and-supports/home-and-community-based-services/downloads/settings-that-isolate.pdf	01/2016	01/2016	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	Based on the survey results there were no providers that met category 3 but there were 19 providers that met category 4. There were a number of providers that were also identified by the MCMW advisory group that met category 4 due to service location or operational structure and were added to the validation list. The State conducted site visits to all category 4 settings.
19	Analysis of onsite validation reviews	The State will then review each validation tool submitted and look for consistency in responses among the different settings. Any category	01/2016	02/2016	DOH/DDD, DHS/MQD	Participants, families, SAAC, SPIN, DHS/MQD,	HCBS rules, CMS guidance	At the end of the validation, the reviewers confirmed the compliance of each setting. After the analysis of the validation tools, a secondary review was conducted by DHS/MQD of the ones that were identified as a true

		4 determination will undergo the CMS heightened scrutiny process.				DOH/OHCA, DOH/DDD, DD Council, Providers		<p>category 4 setting and there were 2 provider that will need to undergo the heightened scrutiny process. All the other non-residential settings will require modifications to comply with the HCBS final rule.</p> <p><i>Summary of validations</i> http://www.med-quest.us/PDFs/News%20Releases/AttachmentProviderCompliance.pdf</p> <p><i>Summary of provider compliance</i> http://www.med-quest.us/PDFs/News%20Releases/ProviderComplianceTable.pdf</p> <p><i>Provider compliance list</i> http://www.med-quest.us/PDFs/News%20Releases/ProviderComplianceList.pdf</p>
--	--	---	--	--	--	---	--	---

Section 2: Remediation								
The State must include remediation activities with timeframes for completion and the process for monitoring to assure that milestones are met as Hawaii moves toward full compliance with the HCBS Rule. Remediation will include revise administrative rules, provider standards, and training to assure compliance with revisions.								
#	Action Item	Description	Proposed Start Date	Proposed End Date	Responsible Person(s)	Key Stakeholders	Sources or Documents	Outcome
1	Modify State standards	State will modify statutes, rules, regulations, standards, or other requirements to identify any needed change for full compliance with the HCBS settings requirements.	06/2015	12/2017	DOH/OHCA, DHS/MQD, DOH/DDD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	<p>Based on the systemic assessment, the State has identified areas where current language needs to be strengthened or revised for full compliance with the HCBS settings requirements. The responsible State agency will track and monitor the modifications. Public notification of status or the proposed changes will occur and all revisions will be posted on the DHS/MQD website for public input. Complete remediation details and action steps for compliance are outlined in the State systemic assessment. All modifications to State standards shall be completed by December 2017 and all remediation of State standards shall be effective immediately upon approval.</p> <p><i>State systemic assessment and remediation</i> http://www.medquest.us/PDFs/News%20Releases/RemediationCrosswalk.pdf</p>
2	Develop program specific remediation strategies and milestones	The State will develop program specific remediation strategies and milestones.	03/2016	06/2016	DOH/OHCA, DHS/MQD, DOH/DDD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	<p>The States program specific remediation strategies and milestones are under development and some of the areas include administrative rule revisions, 1115 waiver demonstration amendments to special terms and conditions, amendments to contracts to managed care providers, provider training, provider monitoring tools, 1915c waiver standards, and participant relocation plan.</p> <p><i>Waiver specific transition plans</i></p>

								<p>1115 QUEST Integration http://www.med-quest.us/PDFs/News%20Releases/1115RemediationStrategies.pdf</p> <p>1915c I/DD Waiver http://www.med-quest.us/PDFs/News%20Releases/1915cREMEDIATIONSTRATEGIES.pdf</p>
3	Develop site specific standard remediation requirements	State will develop standard remediation requirements for each element of the survey where non-compliance noted (a “no” response on the Provider or Participant Self-Assessment Survey) and on common deficiencies identified during the validation reviews.	05/2016	07/2016	DHS/MQD, DOH/DDD	Providers	DOH/DDD Provider review template for some examples	Providers will have training, clear instructions, and ongoing technical assistance on how to remediate the issues of non-compliance.
4	Notification for site specific remediation	<p>The State will provide a report to each provider with settings that require remediation. The responsible state agency will work with providers to develop site-specific, as well as provider-wide, transition plan to achieve full compliance. This process includes:</p> <ul style="list-style-type: none"> • Developing a letter and transition plan template for remediation; • Training on how to develop a provider specific transition plan; • Providers will be given 21 calendar days after the training to submit a completed transition 	05/2016	07/2016	DHS/MQD, DOH/DDD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	The provider will review the remediation letter, attend a training on completing the transition plan, and submit a transition plan to meet the HCBS rules requirements. The transition plan will need to be reviewed and approved by the State agency. Providers will receive ongoing technical assistance and is required to attend all mandatory trainings throughout the transition process.

		<p>plan;</p> <ul style="list-style-type: none">• The transition plan will be reviewed and approved by the responsible state agency;• Ongoing technical assistance will be provided; and• Providers are required to attend mandatory trainings throughout the state transition process						
5	Develop operational procedures for compliance with revised State standards	<p>Identify areas within modified State standards that need changes to operational procedures for full compliance with the HCBS settings requirements.</p> <ul style="list-style-type: none">• <i>Category 1</i>- Use their operational practices as a guide for other providers for developing remediation• Assure that operational protocols provide guidance to the providers related to the change in any State standard• Track and monitor proposed changes to the State standards while operational procedures are being developed	01/2016	Ongoing	DOH/OHCA, DHS/MQD, DOH/DDD	Participants, families, SAAC, SPIN, DHS/MQD, DOH/OHCA, DOH/DDD, DD Council, Providers	HCBS rules, CMS guidance	The State will use the systemic assessment crosswalk as a baseline to identify areas of non-compliance. Current policies and operational procedures will then be evaluated concurrently. The State will continue to validate all settings and compile that information to develop training on new operational procedures in areas that are non-compliant with the final rule. In addition, for validations where a provider is a Category 1 and the advisory group will recommend their operational practices as guidance for other providers during the remediation phase. Once State Standards, policies, procedures, and contracts are updated, new operational procedures will need to be implemented immediately and emphasized during trainings.

6	Mandatory provider training on operational procedures	<p>State will train providers on operational procedures to meet compliance with the HCBS settings requirements. Process includes:</p> <ul style="list-style-type: none"> • Provider type specific and in person, group trainings; • “train the trainer” model components for ongoing training; • focused on person centered planning; and • obtain a training certificate of completion • Training materials will be available on the DHS/MQD website 	01/2018	Ongoing	DHS/MQD, DOH/DDD	Providers	HCBS rules, CMS guidance	Providers will understand operational procedures and obtains a certificate or verification of training completion. The certificate or verification of training will be presented during annual licensing/certification or provider review until State standards are fully implemented.
7	Provider oversight and monitoring	<p>Oversight and monitoring will occur over all providers during the remediation period by:</p> <ul style="list-style-type: none"> • Verifying that the provider has an approved transition plan; • Oversight and monitoring of providers by annual licensing/certification or quality improvement monitoring; • Revised monitoring tools will be used to document compliance; • Tracking remediation efforts by attending mandatory trainings • Provider notification of revised State standards or 	04/01/16	Ongoing	DOH/OHCA DHS/MQD DOH/DDD	Providers	HCBS rules, CMS guidance	Assure providers complete items stated in transition plan, maintain compliance with state standards, and attend all mandatory trainings. The My Choice My Way advisory group will periodically conduct satisfactory surveys or self-assessments to validate setting compliance.

		operational procedures						
8	Heightened scrutiny process- Remediation for all category 4 providers	The State will apply the CMS heightened scrutiny process for providers that have been confirmed during the validation. https://www.medicaid.gov/medicaid-chip-program-information/by-topics/long-term-services-and-supports/home-and-community-based-services/downloads/settings-that-isolate.pdf	06/01/16	Ongoing	DOH/OHCA DHS/MQD DOH/DDD	Providers	HCBS rules, CMS guidance	<p>There was a total of 3 settings that needed a secondary validation and all were confirmed a category 4. The provider compliance list was posted on the DHS/MQD website for public comment. The list included provider information, number of individuals served, category of compliance and survey score. No comments were received on validation findings or provider compliance list. State will work collaboratively with the category 4 settings that been presumed institutional. The State will use the heightened scrutiny process to disprove the presumption that a setting has institutional qualities. Evidence will be collected to explain and document that the setting does not have qualities of an institution and is home and community based.</p> <p><i>Heightened scrutiny process</i> http://www.med-quest.us/PDFs/News%20Releases/Category4HSProcess.pdf</p>
9	Status notification for site specific remediation	Annual reports will be provided to the provider on an ongoing basis. The report will assess that those provider settings are in compliance.	09/01/16	Ongoing	DHS/MQD, DOH/DDD	Providers	HCBS rules, CMS guidance	Providers will have feedback on their status of remediating non-compliance.
10	Provider Qualifications for New Enrollees	New prospective providers will receive information and technical assistance on HCBS settings requirements.	11/07/14	Ongoing	DOH/OHCA DHS/MQD DOH/DDD	Providers	HCBS rules, CMS guidance	New providers must be in full compliance with the HCBS rules requirements prior to providing services once requirements are enacted in HRS and HAR.
11	Plan to transition to a compliant provider	<p>The contracted entity will coordinate a transition of care plan for participants in settings that cannot meet the HCBS requirements. The process includes:</p> <ul style="list-style-type: none"> • Issuing a notification letter to the participant 	10/2018	Ongoing	DOH/OHCA DHS/MQD DOH/DDD	Providers	HCBS rules, CMS guidance	Case manager or service coordinator and provider shall coordinate throughout transition process.

		<div>and provider</div> <ul style="list-style-type: none">• The case manager or service coordinator will discuss different setting options in a person centered planning meeting• Participant/consumer and case manager or service coordinator will work collaboratively during transition to setting of choice

Residential Settings				
Assisted Living Facility (ALF)	Adult Residential Care Home (ARCH) and Expanded ARCH (E-ARCH)	Community Care Foster Family Home (CCFFH)	Developmental Disability Adult Foster Homes (AFH)	Developmental Disability Domiciliary Homes (DD Dom)
Individuals in an ALF setting may need help with activities of daily living, personal care services, protection and health care services. The caregivers providing services need the oversight, supervision, and training of a registered nurse. Each resident whose level of care requires additional services has a negotiated plan of care created by the resident, significant others, and ALF staff. The plan of care reflects ALF principles of individuality, independence, dignity, privacy, choice, and home-like environment and the opportunity to “age in place.” The maximum number of individuals an ALF may serve is related to building, housing, fire and other codes, ordinances and laws.	Individuals in an E-ARCH setting need help with activities of daily living, personal care services, protection, and health care services. The caregivers providing services need the oversight, supervision, and training of a Registered Nurse (RN). Nursing facility level residents in an E-ARCH shall be provided case management services by a licensed RN or social worker in the State of Hawaii who assesses them, develops their service plan, and coordinates their services. Individuals who live in an E-ARCH are not related to the caregiver or case manager. An E-ARCH is allowed to serve two nursing facility level individuals or up to three at the discretion of the department, in a home with up to five individuals.	Individuals in a CCFFH setting need help with activities of daily living, personal care services, protection, and health care services. The caregivers providing services need the oversight, supervision, and training of a registered nurse. All individuals in a CCFFH shall have a licensed RN or social worker in the State of Hawaii that assesses them, develops their service plan, and coordinates their services. Individuals who live in a CCFFH are not related to the caregiver or case manager. A CCFFH is allowed to serve up to three nursing facility level individuals.	Individuals in a DD Adult Foster Home setting need care, training, or supervision, but do not need the professional health services of a registered nurse. A DD Adult Foster Home serves individuals with intellectual or developmental disabilities (DD/ID) and are not related to the caregiver. A DD Adult Foster Home is allowed to serve up to two DD/ID individuals.	Individuals in a DD Dom setting need supervision or care, but do not need the professional health services of a registered nurse. A DD Dom serves adults with intellectual or developmental disabilities (DD/ID) unrelated to the caregiver. A DD Dom is allowed to serve up to five DD/ID individuals.

Assisted Living Facility (ALF)	Adult Residential Care Home (ARCH) and Expanded ARCH (E-ARCH)	Community Care Foster Family Home (CCFFH)	Developmental Disability Adult Foster Homes (AFH)	Developmental Disability Domiciliary Homes (DD Dom)
The unit or dwelling is a specific physical place that can be owned, rented, or occupied under a legally enforceable agreement by the individual receiving services and the individual has, at a minimum, the same responsibilities and protections from eviction that tenants have under the landlord/tenant law of the State, county, city, or other designated entity. For settings in which landlord tenant laws do not apply, the State must ensure that a lease, residency agreement or other form of written agreement will be in place for each HCBS participant, and that the document provides protections that address eviction processes and appeals comparable to those provided under the jurisdiction's landlord tenant law. (42 C.F.R § 441.301(c)(4)(vi)(A))

Adult Day Care (ADC)	Adult Day Health (ADH)	Adult Day Health (ADH)
Individuals in an ADC setting receive services provided through an organized program of personal care, supervision, social services, therapy, and group and leisure activities. Nursing services are not provided in this setting. An ADC serves adults with a physical disability or who are over the age of 65.	Individuals in an ADH setting receive services through an organized day program of therapeutic, social, and health services. Nursing services are provided in this setting. An ADH serves Medicaid adults with a physical disability or who are over the age of 65.	Individuals in an ADH receive services through a non-institutional, community-based setting, encompassing both health and social services needed to ensure the optimal functioning of the individual who has an intellectual or developmental disability. Individuals receiving prevocational services may get those services in the community or at a prevocational site. Services are designed to prepare a person for paid employment through career planning, apprenticeships, and teaching work-related skills.

The unit or dwelling is a specific physical place that can be owned, rented, or occupied under a legally enforceable agreement by the individual receiving services and the individual has, at a minimum, the same responsibilities and protections from eviction that tenants have under the landlord/tenant law of the State, county, city, or other designated entity. For settings in which landlord tenant laws do not apply, the State must ensure that a lease, residency agreement or other form of written agreement will be in place for each HCBS participant, and that the document provides protections that address eviction processes and appeals comparable to those provided under the jurisdiction's landlord tenant law. (42 C.F.R § 441.301(c)(4)(vi)(A))		
Not applicable- Individuals do not reside in this setting, it is a day service.		
<p>Each individual has privacy in their sleeping or living unit (42 C.F.R § 441.301(c)(4)(vi)(B))</p> <p>Units have entrance doors lockable by the individual, with only appropriate staff having keys to doors (42 C.F.R § 441.301(c)(4)(vi)(B)(1))</p> <p>Individuals sharing units have a choice of roommates in that setting. REMEDATION STRATEGIES AND MILESTONES FOR THE HAWAII 1115 WAIVER DEMONSTRATION

REVISIONS TO HAWAII ADMINISTRATIVE RULES

Anticipated Date of Completion: 12/31/2017

DHS/MQD and DOH/OHCA will coordinate revisions to the Hawaii Administrative Rules (HAR). DHS/MQD will establish workgroups to revise the HAR to be in compliant with the HCBS final rule. The function of the workgroup is to revise the rules and establish timelines for completion. This process will include stakeholder input. HARs that will need to be revised:

- Community Care Foster Family Home (CCFFH) HAR Chapter 17-1454
<http://humanservices.hawaii.gov/wp-content/uploads/2013/01/17-1454-CMA-CCFFH.pdf>
- Adult Residential Care Home (ARCH) and Expanded ARCH (E-ARCH) Chapter 11-100.1
<http://health.hawaii.gov/opppd/files/2015/06/11-100.1.pdf>
- Assisted Living Facility (ALF) Chapter 11-90
<http://health.hawaii.gov/opppd/files/2015/06/11-90.pdf>
- Adult Day Health (ADH) Chapter 11-94.1.47 and Chapter 11-96

- Developmental Disability Domiciliary Homes (DD Dom) Chapter 11-89
<http://health.hawaii.gov/opppd/files/2015/06/11-89.pdf>

REVISIONS TO SECTION 1115 WAIVER DEMONSTRATION- QUEST Integration (QI)

Anticipated Date of Completion: 12/31/2017 (1115 waiver renewal submission)

DHS/MQD will request technical changes to the 1115 Special Terms and Conditions (STCs) to ensure compliance with the HCBS final rule federal regulations. The CMS approved technical amendments will be included in the 1115 waiver renewal submission package. This process will include stakeholder input.

REVISIONS TO DHS/MQD SECTION 1115 MANAGED CARE ORGANIZATION (MCO) CONTRACTS

Anticipated Date of Completion: 12/31/2016

DHS/MQD is amending the 1115 contract Scope of Services to include all the applicable HCBS Final Rule federal regulations and will submit the changes to CMS for approval.

Upon CMS approval, DHS/MQD will issue the contract amendments to the five contracted MCOS. MCOS will be required to include HCBS final rule federal regulations in to their existing provider policies and procedures, provider credentialing and provider services agreements. Timelines will be established for completion. This process will include stakeholder input.

REVISIONS TO QI MCO POLICIES AND PROCEDURES

Anticipated Date of Completion: 12/31/2017

MCOS will be required to revise their provider manuals and the HCBS sections of their policy and procedure manuals to include all applicable HCBS final rule federal regulations

DHS/MQD and the MCOS will develop timelines for this process. All new and revised MCO policies and procedures will be submitted to DHS/MQD for prior review and approval.

REVISIONS TO MCO PROVIDER SERVICE AGREEMENTS

Anticipated Date of Completion: 12/31/2017

MCOs will be required to revise their HCBS provider services agreements to include all applicable HCBS final rule federal regulations. DHS/MQD is reviewing whether to provide the MCOs with boilerplate contract language in order to standardize the new rule implementation across all the MCOs. In addition, DHS/MQD is reviewing whether to require a standard credentialing and re-credentialing tool to be utilized by all the MCOs. These tools will be effective after the tools have been vetted and approved internally.

MCOs will submit the revised HCBS provider services agreements to DHS/MQD for prior review and approval. All new HCBS providers must be in full compliance with the HCBS final rule federal regulations in order to receive a MCO contract. The MCO or the state licensing agency, as applicable, will provide technical assistance, as needed.

REVISIONS TO MEMORANDUM OF AGREEMENT (MOA) between DHS/MQD AND DOH/DDD FOR 1915c DDID WAIVER

Anticipated Date of Completion: 12/2016

DHS/MQD and DOH/DDD will coordinate to update the interdepartmental MOA. The revised MOA will include the HCBS final rule federal regulations

PROVIDER TRAINING

Anticipated Date of Completion: Ongoing

DHS/MQD will develop educational webinars and face to face group trainings for 1115 and 1915(c) providers about the HCBS final rule federal regulations

DHS/MQD and the MCOs will also provide focused trainings for HCBS provider-specific issues that require remediation. The training plans currently under internal review include:

- Provider-type specific and in person, group trainings;
- “Train the trainer” model components for ongoing HCBS Rule and Person Centered Planning trainings;
- Continuous Person Centered Planning trainings for MCO service coordinators, case managers and certain HCBS provider-types;
- Issuance of training certificates of participation following completion of each training until the HCBS final rule federal requirements are fully implemented; and
- Posting training materials on the DHS/MQD website

MCO PROVIDER MONITORING TOOLS

Anticipated Date of Completion: Ongoing

MCOs will be required to revise their existing HCBS provider quality improvement monitoring tools to incorporate monitoring of HCBS final rule federal regulation compliance. Revised monitoring materials will be submitted to DHS/MQD for prior review and approval.

STATE LICENSING AGENCY(S) PROVIDER MONITORING TOOLS

Anticipated Date of Completion: Ongoing

State licensing agency(s) will be required to revise their HCBS provider licensing/renewal tools and monitoring tools to incorporate oversight of HCBS final rule federal regulation implementation. All new HCBS providers must be HCBS final rule federal regulation compliant to obtain a state license or certification

PROVIDER MONITORING FOR REMEDIATION AND ONGOING COMPLIANCE

Anticipated Date of Completion: Ongoing

All HCBS providers that participated in the HCBS Rule assessment and validation process and are not fully compliant with the HCBS final rule federal regulation will need to submit a transition plan for each noncompliant item identified in the assessment or validation. Until the Hawaii administrative rules are revised, the transition plans will be submitted to and approved by DHS/MQD.

HCBS providers who did not complete a self-assessment during the initial phase will be required to submit a completed self-assessment form to DHS/MQD. DHS/MQD will be holding discussions in May 2016 with the MCOs and the licensing agencies to determine the extent of their role for survey validation

In addition, plans for oversight and monitoring to occur over all settings during the remediation period and post implementation include:

- Verification that the provider has an approved transition plan and if the provider is meeting benchmarks identified in their transition plan;
- Oversight and monitoring of providers by annual licensing/certification and quality improvement monitoring;
- Revision of monitoring tools to document compliance with the HCBS Final rule federal regulations;
- Observation and interviews of HCBS providers
- Tracking remediation efforts including attendance of mandatory trainings; and
- Provider notification of revised State standards or operational procedures

PROCESS FOR PROVIDER ACCOUNTABILITY

Anticipated Date of Completion: 12/2018

In the event the HCBS provider has gone through remediation activities and continues to demonstrate non-compliance with HCBS final rule federal requirements, the applicable state agency will issue provider sanctions that include but are not limited to: state licensing agency suspension of admissions to the setting or termination of the license/ certification; and/or the MCO termination of the provider's service agreement. These processes are needed to ensure statewide compliance with HCBS final rule federal regulations. The state will meet with stakeholders to obtain feedback while developing the process. DHS/MQD and DOH/DDD will also hold a formal public comment period to disseminate information on the HCBS provider sanctions and disenrollment criterion and to receive feedback from stakeholders.

PLAN TO TRANSITION PARTICIPANTS/MEMBERS TO COMPLIANT PROVIDERS

Anticipated Date of Completion: 3/2019

A relocation notification letter will be sent to the provider and the participant. The goal is to ensure continuity of services for Medicaid enrollees. The service coordinator will discuss different setting options in a person centered planning meeting. The member, service coordinator, and support network will work collaboratively to relocate the member to the member's setting of choice. MCOs will be required to submit a relocation work plan to DHS/MQD for their members at least 90 days prior to the compliance effective date, no later than December 2018 with the expectation that members are relocated by March 2019. DHS/MQD will monitor the relocation progress through monthly and weekly status calls.

REMEDATION STRATEGIES AND MILESTONES FOR THE HAWAII 1915(c) I/DD WAIVER

REVISIONS TO 1915c WAIVER

Date of Completion: 03/2016

Waiver renewal activities were completed concurrent with the My Choice My Way transition plan to provide information and training for stakeholders on the Final Rule requirements. The State engaged in a consultative, open communication process across stakeholders using multiple venues and forums to have discussions with waiver participants, families, advocates, providers, legislators, other state agencies, staff and other interested members of the public. Feedback was obtained from more than 200 stakeholders during several months that was used to shape the service array and guide other revisions for the renewal application. During the formal public notice and comment period prior to submitting the proposed renewal application, further refinement to the waiver was completed.

A number of changes were made to the 1915(c) waiver application that was submitted to CMS in March 2016 to support individuals to have full lives in their communities. Existing services were revised and new services were added. Personal Assistance Habilitation (PAB) was separated into two distinct services – PAB would be delivered in the participant's home and a new service, Community Learning Services, would be delivered in the community with a specific focus on improving and supporting full access to the community. Existing services were revised to clarify the expectations for community participation and employment in integrated competitive settings. Prevocational services in the current waiver were redefined as Discovery and Career Planning to reflect a strong emphasis on the discovery process and planning that is needed in order for participants and their families to make informed choices about employment. A new service, Mentorship, is designed to support participants to develop self-advocacy skills. A new service, Family Training and Supports, is designed to strengthen and support families. Community Guide is a new service for participants who use consumer-directed options to identify and create opportunities for participants to become fully integrated members of their local communities. In addition to services, other revisions to the waiver renewal application included changes throughout the application to strengthen person-centered planning, choice and control. The State is also in the process of conducting a rate study as part of the waiver renewal process.

REVISIONS TO HAWAII ADMINISTRATIVE RULES

Anticipated Date of Completion: 12/2017

Waiver participants reside in a number of different types of settings that have administrative rules or licensing requirements. DOH/DDD will coordinate revisions to the Hawaii Administrative Rules Chapter 11-148 <http://health.hawaii.gov/opppd/files/2015/06/11-148.pdf> related to certified Adult Foster Homes for persons with DD. Based on the analysis and crosswalk with the HCBS requirements, DOH/DDD has identified the sections of the administrative rules that require revisions.

REVISIONS TO THE MEDICAID WAIVER STANDARDS

Anticipated Date of Completion: 9/2016

Based on analysis and a crosswalk with the Final Rule requirements, the Medicaid 1915(c) Waiver Standards are being reviewed and updated. The framework for the updated standards will reflect all HCBS requirements and will no longer focus only on standards for providers as the current Standards do. This comprehensive document will be easy to navigate for participants, families, case managers, providers and stakeholders. The process to review and update includes stakeholders such as participants, families, providers, self-advocates and other community partners. All new and revised Standards will be submitted to DHS/MQD for review and approval.

REVISIONS TO DOH/DDD POLICIES AND PROCEDURES*Anticipated Date of Completion: 12/2016*

DOH/DDD will develop or revise current policies and procedures to reflect all HCBS requirements. Both new and revised policies and procedures will be submitted to DHS/MQD for review and approval. Priority policies and procedures that are under revision, review, or development are Person-Centered Planning, Participants' Rights and Responsibilities, Positive Behavioral Supports, and Restrictive Interventions. DOH/DDD is developing Process Maps for its key functions to determine opportunities for improvements and integrating HCBS requirements into all applicable processes and supporting policies and procedures.

REVISIONS TO NEW PROVIDER APPLICATIONS AND ORIENTATION*Anticipated Date of Completion: 10/2016*

To become a Medicaid waiver provider, a new prospective provider must be in full compliance with the HCBS Final Rule. DOH/DDD has developed a checklist for any new provider applicant to evaluate its compliance with HCBS requirements at the time of enrollment. The checklist was based on the validation tool developed through the My Choice My Way Advisory Group. Additional revisions to the application are in process and will be used for any new applicant starting in July 2016. The revised new provider application and orientation manual will be submitted to DHS/MQD for review and approval. In addition to the orientation manual, DOH/DDD will offer training for prospective applicants to provide waiver services.

PROVIDER TRAINING*Anticipated Date of Completion: 12/2017*

DOH/DDD and DHS/MQD, in conjunction with the My Choice My Way Advisory Group, are designing a Communications/Training Plan which will address the various ways information will be disseminated to the various types of providers of waiver services. The Communications/Training Plan will be developed from an instructional design perspective and will identify the best modalities for training each of the provider types, training phases (from foundational to more advanced trainings depending on the provider type), tools and materials to be developed to reinforce training messages, and the timeline for completing each phase of the training plan. Training will be mandatory for all HCBS providers. In addition to the mandatory trainings, DOH/DDD will continue to hold All-Provider meetings at least twice per year where general issues related to compliance with the HCBS Final Rule is a standing agenda item. Focused trainings will be provided related to provider-specific issues requiring remediation.

PROVIDER MONITORING FOR REMEDIATION AND ONGOING COMPLIANCE*Anticipated Date of Completion: Ongoing*

Each waiver provider agency that does not meet all requirements of the Final Rule must develop a provider specific transition plan to achieve compliance with HCBS requirements. The transition plan must include convening an advisory group comprised of, at a minimum, a self-advocate and a family member, to provide input in the transition plan and completing self-assessment in collaboration with the advisory group at frequent intervals to evaluate progress toward compliance. The transition plan must be submitted to and reviewed by DOH/DDD. All waiver provider agencies must have policies and procedures that reflect the Final Rule requirements; train all staff on the requirements; include Final Rule requirements and compliance in agreements or contracts between the agency and its subcontractor; and have quality structures in place to ensure ongoing compliance with the Final Rule.

DOH/DDD will redesign the monitoring tool and process for evaluating providers, including the addition of new strategies such as reviewing the benchmarks identified in the provider's transition plan, observations of

the activities in which participants are engaged in the community and conducting interviews with participants and families to gather information on the experience of the participant. At a minimum, interviews and observations will be conducted with the annual monitoring site visits. Other sources of information about participant experience and choice will also be used, including the National Core Indicator data and Individualized Service Plan. Revised monitoring materials will be submitted to DHS/MQD for review and approval. The state monitoring staff will receive training to implement new strategies.

DOH/DDD will redesign the monitoring tool for annual inspections of adult foster homes to ensure compliance with HCBS requirements. Certified caregivers who are not in compliance will be required to submit a plan of correction documenting actions to address deficiencies. Annual inspection reports are posted on a DOH/DDD website.

DEVELOP PROCESS FOR PROVIDER ACCOUNTABILITY

Anticipated Date of Completion: 6/2018

In the event the provider has gone through remediation activities and continues to demonstrate non-compliance with HCBS requirements, the state will develop a tool and process for issuing site-specific or agency sanctions up to disenrollment. Criteria will be developed for disenrollment and an appeal process will be developed if the provider disagrees with the pending action. The state will include stakeholders in discussions to develop the tool and process. DOH/DDD and DHS/MQD will seek input from stakeholders on the tool and process to address provider accountability and sanctions.

PLAN TO TRANSITION TO COMPLIANT PROVIDER

Anticipated Date of Completion: Ongoing

DOH/DDD will coordinate a transition process for participants in settings that cannot meet the HCBS requirements. A notification letter will be sent to the participant and the case manager. The case manager will discuss the options available and have the participant or guardian choose a new provider. The case manager will work collaboratively with the new provider to ensure a smooth transition. A meeting is then arranged with the new provider and a target transition date is set, along with signing and updating all the required documents needed for the new provider.

**STATE OF HAWAII
DEPARTMENT OF HUMAN SERVICES
MED-QUEST DIVISION**

NOTICE OF PUBLIC FORUM

Under the provision of Title 42, Section 441.301(c)(6)(iii), of the Code of Federal Regulations (C.F.R), the State of Hawaii, Department of Human Services (the State), hereby notifies the public that it intends to submit a transition plan for Home and Community-Based Services Settings for Hawaii's 1915(c) Home and Community-Based Services (HCBS) Waiver, which provides services as an alternative to institutionalization in an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID).

The 1915(c) HCBS Waiver transition plan for home and community-based services settings is required as outlined by the Centers for Medicare & Medicaid Services in 42 C.F.R. 441.301(c)(4). The purpose of the transition plan is to ensure Medicaid beneficiaries are receiving HCBS in settings that meet the quality requirements specified in the final rule and are appropriate based on the needs of the individual as indicated in their person-centered service plan. The final rule provides the State the opportunity to develop a transition plan that encompasses a period of up to five (5) years after the effective date of the regulation to meet the provisions of the final rule.

The State will hold a public forum to seek input on the proposed 1915(c) HCBS Waiver transition plan described in this notification.

January 14, 2015 from 10:00 am to 12:00 pm

Queen's Conference Center Auditorium
(formerly Mabel Smythe Building)
1301 Punchbowl Street
Honolulu, HI 96813

For individuals who wish to participate by video teleconference (VTC), sites and locations are being finalized and will be posted online at www.med-quest.us under News and Events.

All interested parties are invited to join the public forum and to state their views regarding the 1915(c) HCBS Waiver transition plan. In lieu of joining the public forum in person or by VTC, written testimony may also be provided and must be received by the State from the date of publication of this notice through **January 30, 2015** to:

Department of Human Services
Med-QUEST Division

Neighbor island residents requesting special accommodations should contact the appropriate Med-QUEST Division offices on the respective neighbor islands listed above.

DEPARTMENT OF HUMAN SERVICES
BARBARA YAMASHITA
DIRECTOR

Hawaii HCBS Transition Plan

The Department of Human Services (DHS) is required to submit a transition plan to CMS by March 17, 2015. Hawaii's transition plan will address areas of assessment, remediation, and public input. DHS is partnering with Medicaid waiver participants, families of individuals with disabilities, provider associations, advocates, other State agencies, and other stakeholders throughout this process to provide input into the plan. One goal of the plan is to assure that providers have access to needed information to assist with transition activities. There will be at least a 30-day public comment period before the statewide transition plan is submitted to CMS. The final outcome will be that Medicaid waiver participants will be served in a way that will enable them to live and thrive in truly integrated community settings.

[Click here](#) for more information.

Questions and comments on the Hawaii State Transition Plan, can be submitted by email to mychoicemyway@medicaid.dhs.state.hi.us.

**STATE OF HAWAII
DEPARTMENT OF HUMAN SERVICES
MED-QUEST DIVISION**

NOTICE FOR A PUBLIC FORUM

The State of Hawaii, Department of Human Services and Department of Health (the State) published a public notice on December 16, 2014 to notify the public of the opportunity to comment on the proposed transition plan for Home and Community Based Services Settings for Hawaii's 1915(c) Home and Community Based Services (HCBS) Waiver, which provides services as an alternative to institutionalization in an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID).

The 1915(c) HCBS Waiver transition plan for home and community-based services settings are required as outlined by the Centers for Medicare & Medicaid Services in 42 C.F.R. §441.301(c)(4). The purpose of the transition plan is to ensure Medicaid beneficiaries are receiving HCBS in settings that meet the quality requirements specified in the final rule and are appropriately based on the needs of the individual as indicated in their person-centered service plan. The final rule provides the State the opportunity to develop a transition plan that encompasses a period of up to five (5) years after the effective date of the regulation to meet the provisions of the final rule.

The State has revised the initial transition plan submitted to the Centers for Medicare and Medicaid Services. These changes incorporate the heightened scrutiny process as part of the transition plan and as result of these changes, the State hereby notifies the public of the opportunity to comment on these revisions.

The State will hold a public forum to seek input on the *revised* 1915(c) HCBS Waiver transition plan described in this notification.

Date: January 14, 2016

Time: 9:30 a.m. to 11:30 a.m. – For individuals receiving services in the Waiver
1:00 p.m. to 3:00 p.m. – For providers and stakeholders

Location: Queen's Conference Center Auditorium (formerly Mabel Smythe Building)
1301 Punchbowl Street
Honolulu, Hawaii 96813

For individuals who wish to participate by video teleconference (VTC), sites are being finalized and will be posted online at www.med-quest.us under News and Events.

All interested parties are invited to join the public forum and to state their views regarding the *revised* 1915(c) HCBS Waiver transition plan. In lieu of joining the public forum in person or by VTC, written comments can be mailed to:

Public Forum January 2016

The State will hold a public forum to seek input on the revisions made to the transition plan that was first submitted to CMS on March 2015. The revised transition plan will include a summary of the site validations, provide details on any setting brought forth for heightened scrutiny, and address other areas identified by CMS. There will be at least a 30-day public comment period before the transition plan is resubmitted.

Please RSVP for attendance by either Email: mychoicemyway@medicaid.dhs.state.hi.us or call 808-692-8094

Date: January 14, 2016

Time: 9:30 a.m. to 11:30 a.m. – For individuals receiving services in the Waiver
1:00 p.m. to 3:00 p.m. – For providers and stakeholders

Location: Queen's Conference Center Auditorium (formerly Mabel Smythe Building)
1301 Punchbowl Street
Honolulu, Hawaii 96813

Parking: State Capitol Basement, Makai Garage (Halekauwila Street),
Vineyard Garage (Punchbowl Street), Alii Place Parking Garage (Alakea Street)
DO NOT park at Queen's Medical Center Parking Garage, reserved for visitors with doctor appointments

Video Conference Centers: HILO – Hilo State Office Building, 75 Aupuni Street
MAUI – Puunene School, E Camp 5 Road, Puunene
KAUAI – Lihue State Office Building, 3060 Eiwa Street
OAHU- Kakuhihewa State Office Building, 601 Kamokila Boulevard

Last Updated 4/31/2016

21	Written Comment-Stakeholder submission	1/30/15	<p>Comment summary: How will services provided in a person's home be assessed to ensure that such settings comply with the requirements for all settings, including person- centered planning and community access?</p> <p>State response: CMS focused its HCBS final rules on changes to both residential and non- residential settings. The final rules do not require going into individuals private homes to assure their final rules are enacted. However, the requirements surrounding person- centered planning will address community access.</p> <p>Impact on Transition plan: No change to plan.</p>
22	Written Comment-Stakeholder submission	1/30/15	<p>Comment summary: How will additional resources needed by consumers (affordable housing, transportation, competitive employment) be addressed to support mandated changes, particularly for transitioning consumers changing LOC settings?</p> <p>State response: Collaborative partnerships will be established and strengthened to address affordable housing, transportation, and competitive employment.</p> <p>Impact on Transition plan: No change to plan.</p>
23	Written Comment-Stakeholder submission	1/30/15	<p>Comment summary: How will individual choice be supported for consumers in pursuit of competitive employment? DVR was not on the list of State department "partners".</p> <p>State response: Continued collaborative efforts to strengthen and foster community partnerships to support individual choices for competitive employment.</p> <p>Impact on Transition plan: No change to plan.</p>
24	Written Comment-Stakeholder submission	1/30/15	<p>Comment summary: How does the State intend to educate the physician network that treats these consumers of the mandated changes as they can play a significant role in LOC changes and/or needed resource decisions?</p> <p>State response: The State will develop these processes for addressing this question with public input through the assessment, remediation, and public comment phases of the My Choice My Way transition plan.</p> <p>Impact on Transition plan: No change to plan.</p>
25	Written Comment-Stakeholder submission	1/30/15	<p>Comment summary: What is considered a reasonable statistical sample of consumers that will receive surveys and how will that selected percentage of consumers be assured to respond?</p> <p>State response: DHS/MQD is in the process of compiling the number of individuals receiving services in a residential and non-residential setting to determine the representative sample size. DHS/MQD and DOH/DDD will compile a team of DDD case managers and health plan service coordinators to reach out to individuals who have been sent a survey to offer assistance in completing the surveys. DHS/MQD and DOH/DDD anticipate that will help with completion of the surveys, the response rate will be higher.</p> <p>Impact on Transition plan: No change to plan.</p>

44	Public Forum from a parent of an individual receiving HCBS	1/14/16	<p>Comment summary: Parent believes that MCMW is a great idea/program however she wonders if independence will lead to more isolation.</p> <p>State response: The State understands your concern, however, we must look into self-determination in how we ensure people are making responsible choices. Although the concerns of parents are valid, we must provide the opportunity for the member to make informed choices regardless of whether or not we agree with the decision. Sometimes lessons are best learned after the person experiences the consequences of such decisions. Our roles are to assure the health and safety of the member as we encourage them to make these decisions for themselves.</p> <p>Impact on Transition plan: No change to plan.</p>
45	Public Forum	1/14/16	<p>Comment summary: Suggest we must look into what administrative rules must be changed and then update these specific rules that needs adjustments.</p> <p>State response: The State has updated the transition plan in Section: 2 Remediation #1 to include a systemic remediation of all State standards.</p> <p>Impact on Transition plan: Updated plan.</p>
46	Public Forum	1/14/16	<p>Comment summary: Regarding training recommendations they will like us to come out in person to different sites and hold trainings at the sites with more information available many feel this way won't feel so intimidating.</p> <p>State response: The State has updated the transition plan in Section: 2 Remediation #5 to include provider specific training. The State will take the recommendation into consideration in regards to a training in person and creating an environment that is less intimidating.</p> <p>Impact on Transition plan: Updated plan.</p>
47	Public Forum	1/14/16	<p>Comment summary: If found Non-compliant will funding be available for the agency to become in compliant, is the State willing to provide these funds?</p> <p>State response: The State will not provide funds for providers. Providers are responsible for making the appropriate changes to come into compliance with the HCBS final rule.</p> <p>Impact on Transition plan: No change to plan.</p>
48	Public Forum	1/14/16	<p>Comment summary: Once agencies are in compliance what does the audit look like, what are the expectations for ongoing monitoring? For ex. Annual review, in person survey, web, and stand alone, they recommend to incorporate an audit.</p> <p>State response: The State updated the transition plan, see Section: 2 Remediation #6 and #7 that include ongoing monitoring and compliance.</p> <p>Impact on Transition plan: Updated plan.</p>
49	Public Forum	1/14/16	<p>Comment summary: Suggest training and use of technology for more interaction and help with the accommodation of time.</p> <p>State response: The State will take into consideration the use of technology for some of the future trainings.</p> <p>Impact on Transition plan: No change to plan.</p>

50	Public Forum	1/14/16	<p>Comment summary: Would like better access to standardized forms for training.</p> <p>State response: Following each training, the State will post all training materials on the DHS/MQD website. See the updated transition plan, Section 2: Remediation #5 Mandatory provider training.</p> <p>Impact on Transition plan: Updated plan.</p>
51	Public Forum	1/14/16	<p>Comment summary: When the new rules are implemented do you think the training will be done individually for an agency or will it be a group training with other agencies? Prefers individual training by agency.</p> <p>State response: The mandatory trainings will be provider type specific, primarily in a group. Individual trainings by agency may be requested through DHS/MQD. This type of training is subject to the trainer availability. See the updated transition plan, Section: 2 Remediation #5 Mandatory provider training.</p> <p>Impact on Transition plan: No change to plan.</p>
52	Public Forum	1/14/16	<p>Comment summary: Who will be trained?</p> <p>State response: All training will be mandatory for all providers. See response to question #51 of in this Public Comment section. Using the “train the trainer” model, the MCMW advisory group will assist in selecting the trainers.</p> <p>Impact on Transition plan: No change to plan.</p>
53	Public Forum	1/14/16	<p>Comment summary: Recommendation that there needs to be a memorandum agreement to develop a trained curriculum for primary care givers or professional staff with the university system to help train and support.</p> <p>State response: The State will consider the recommendation to use a memorandum of agreements between the State and the trainers.</p> <p>Impact on Transition plan: No change to plan.</p>
54	Public Forum	1/14/16	<p>Comment summary: Recommendation that training for individual highly recommended to be done face to face. Using the web is partially effective because it can be complex. Many find face to face training easier.</p> <p>State response: Please see the State response to question #46 and #49 in this Public Comment section.</p> <p>Impact on Transition plan: No change to plan.</p>
55	Public Forum	1/14/16	<p>Comment summary: Do all islands have all licensed facilities and do all islands have access to these facilities if not what are your plans to make it available in the future?</p> <p>State response: The State understands this concern and will analyze provider networks statewide.</p> <p>Impact on Transition plan: No change to plan.</p>
56	Public Forum	1/14/16	<p>Comment summary: Can the requirements combine different licensing types on the neighbor island?</p> <p>State response: The State understands this concern and will review this option statewide.</p> <p>Impact on Transition plan: No change to plan.</p>
57	Public Forum	1/14/16	<p>Comment summary: Suggest to research cases on what’s happening out in the field such as if the satisfaction level and curriculum match the needs.</p> <p>State response: The State will consider this for ongoing monitoring and supports.</p> <p>Impact on Transition plan: No change to plan.</p>

58	Public Forum	1/14/16	<p>Comment summary: Suggest helping the provider get into compliance, by working with the participants to find their likes, wants, and needs. Get more inclusive about participants as well as the care home/facility.</p> <p>State response: The State will have mandatory provider trainings on Person Centered Planning to address this.</p> <p>Impact on Transition plan: No change to plan.</p>
59	Public Forum	1/14/16	<p>Comment summary: Suggest working with participants to develop facilities to become in compliance, maybe the participant wants a choice to relocate.</p> <p>State response: The State supports participant choice of setting. Please see the updated transition plan, Section 2: Remediation #9 for Relocation plan for a participant in a setting that cannot meet the HCBS requirements.</p> <p>Impact on Transition plan: Updated plan.</p>
60	Public Forum	1/14/16	<p>Comment summary: Struggles of family and foster families. Suggest that foster families need to better obtain what needs to be done. Care home operators needs to be more engaged with the participants.</p> <p>State response: The State will have mandatory provider trainings on Person Centered Planning to address this.</p> <p>Impact on Transition plan: No change to plan.</p>
61	Public Forum	1/14/16	<p>Comment summary: Request the Department that process the paperwork give more flexibility and time for the neighbor islands because there is much less access for transportation as well as farther distances compared to Oahu. More consideration of deadlines for the neighbor islands.</p> <p>State response: The State acknowledges your request and will work collaboratively to get settings into compliance by March 2019.</p> <p>Impact on Transition plan: No change to plan.</p>
61	Public Forum	1/14/16	<p>Comment summary: Require providers to access support and services that are not specifically assigned such as improving services with other available resources by going beyond funded programs to expand their horizons.</p> <p>State response: The State will have a mandatory provider training on Person Centered Planning to address this. Supplemental trainings or materials may be provided to educate case managers, providers, and participants of other programs that also support community integration.</p> <p>Impact on Transition plan: No change to plan.</p>
62	Public Forum	1/14/16	<p>Comment summary: An individual from a community care foster family home said there is no fun in foster homes maybe they should get together every so often to have fun with their foster families. Such as going to the movies or being able to go out or go to the mall to shop.</p> <p>State response: The State will have a mandatory provider training on Person Centered Planning to address this.</p> <p>Impact on Transition plan: No change to plan.</p>

63	Public Forum	1/14/16	<p>Comment summary: 1915(c) developmental disabilities eligible participant wants to go to college how do they address the needs for hours for class time? Support is required for success in activities such as college because not only is there class time there is also homework time and etc. Which can pertain to services outside of the budget.</p> <p>State response: There are a number of supports available to individuals with I/DD enrolled in the 1915(c) waiver who want to pursue post-secondary education or vocational training. These supports could assist an individual to participate fully in campus life, including waiver services, developing natural supports with fellow students, using campus resources and vocational rehabilitation services. In the waiver renewal application, the State has proposed a service, Community Learning Supports, which could provide some of the supports that a student may need in post-secondary education or training. Currently, the DOH/DDD is entering into a partnership with the University of Hawaii/Centers for Disability Studies and the Division of Vocational Rehabilitation around a pilot project to support several individuals with I/DD to attend college with support coordinated between the three partners. The State will continue to collaborate with individuals, families, state agencies and colleges/universities/vocational training programs to expand opportunities for individuals to pursue post-secondary or vocational activities.</p> <p>Impact on Transition plan: No change to plan.</p>
64	Public Comment-Email	1/14/16	<p>Comment summary: The topics and the public inputs are very interesting. My only concern is when the training will be implemented would it be possible that the only individuals who are the primary caregivers in each CCFFH's will be the one to attend. To avoid more expenses from the Med-QUEST office. Because, the primary caregivers are the holder of the certificate of their homes who deals with the rules and regulations of the CCFFH program.</p> <p>State response: The State will have a mandatory provider training on Person Centered Planning to address this. It is important that the primary caregiver and any substitute caregiver that has direct contact with a Medicaid beneficiary in any type of home receive the proper training. The State will provide continuous oversight and monitoring to ensure that all providers are trained and settings reach compliance.</p> <p>Impact on Transition plan: No change to plan.</p>
65	Public Comment-Email	1/14/16	<p>Comment summary: I wanted to ensure you are aware of the transportation issues we face. Much of our Island has NO public transportation. Where we are in Honokaa and all along the Hamakua and Kohala coast there is not even a taxi service available. This is true for the majority of our Island. We try hard to accommodate the choices of our population by providing mileage to the DSW's. Obviously with the costs to the organizations constantly on the rise, this becomes increasingly challenging. We don't have the cheaper, public transportation as an option. I know our Island is unique, partly due to our sheer size, please take into consideration these challenges when you delegate funding for these new programs as well as the ones we already have. Having said this, I also want to express how excited I am at the opportunities coming to those we serve with the new service options.</p> <p>State response: The State recognizes that transportation is an important issue. The State will continue to collaborate with stakeholders and community partners to identify creative strategies.</p> <p>Impact on Transition plan: No change to plan.</p>

66	Public Comment-Email	2/26/16	<p>Comment summary: With the low percentage of 2015 Participant survey responses provided for both Residential and Non-Residential settings fewer than half of those surveyed, do you still think that 5% is a reasonable statistical sample of consumers?</p> <p>State response: The self-assessment surveys was an initial approach to establishing a baseline for current provider compliance. The State will consider a different strategy for gathering information from consumers during the remediation phase.</p> <p>Impact on Transition plan: No change to plan.</p>
67	Public Comment-Email	2/26/16	<p>Comment summary: How will the State ensure going forward that it receives adequate ongoing information from consumers about each residential or non-residential site?</p> <p>State response: The State agency that is responsible for the ongoing oversight and monitoring will provide updates during the MCMW advisory meetings. This includes provider and participant concerns or issues. Providers and participants will continue to have the opportunity to express any concerns or comments via phone, mail, email, or information sessions.</p> <p>Impact on Transition plan: No change to plan.</p>
68	Public Comment-Email	2/26/16	<p>Comment summary: Were site visits made to all the providers who did not complete a Provider survey?</p> <p>State response: No. Please see the methodology for site validation on the updated transition plan, Section 1: Assessment #7</p> <p>Impact on Transition plan: No change to plan.</p>
69	Public Comment-Email	2/26/16	<p>Comment summary: What is the grievance process for consumers and their families to file complaints about non-compliant settings and what are the remediation and appeal procedures? How will the public be educated on these procedures?</p> <p>State response: The State will develop these processes for addressing this question with public input through the assessment, remediation, and public comment phases of the My Choice My Way transition plan.</p> <p>Impact on Transition plan: No change to plan.</p>
70	Public Comment-Email	2/26/16	<p>Comment summary: How can the public access any State proposed changes for review before formal hearings are scheduled? Will these proposed changes be available on the website for review in advance, before any hearings are scheduled?</p> <p>State response: The State will upload any documents needed for public comments in a timely manner. The public notification process will remain the same, see the updated transition plan, Section 3: Stakeholder Engagement and Public Comment #1 and #2.</p> <p>Impact on Transition plan: No change to plan.</p>

71	Public Comment-Email	2/26/16	<p>Comment summary: It is noted that the State and its partners will conduct informational sessions <u>every 6 months</u> for stakeholders; however, the new regulations require that a Public Hearing should be held for "any significant change" to the Transition Plan. Would that not include any changes made as result of:</p> <ul style="list-style-type: none"> • Public Comment • Remediation process for Category 4 Providers • Any Proposed rules, policy changes, etc. • Any revised 1915 Waiver Application submitted <p>State response: The informational sessions are used for stakeholder engagement where education may be provided and updates are shared. The State will comply with the public comment requirements set forth for all significant changes such as proposed rule changes and amendments to the 1915(c) Waiver. Please see the updated transition plan, Section 3: Stakeholder Engagement and Public Comment #1, #2, and #5.</p> <p>Impact on Transition plan: Updated plan.</p>
72	Public Comment-Email	2/26/16	<p>Comment summary: The State had an initial 4/15/15 date to review current statutes, rules, regulations, standards, or other requirements to identify any needed changes for full compliance with HCBS settings. How do we know this deadline was met as there has been little communication with the public on this process? How will the State provide ongoing status reports?</p> <p>State response: The State has developed a systemic remediation crosswalk with proposed time of completion. The State will use the informational sessions as a way to communicate the public on the status on the rule changes. See #71 of Q&A and Section 2: Remediation #1.</p> <p>Impact on Transition plan: Updated plan.</p>
73	Public Comment-Email	2/26/16	<p>Comment summary: The Plan continues to lack detail in areas, such as:</p> <ul style="list-style-type: none"> • How will the State deal with provider settings that might need to have clients if they cannot meet the standards of the new regulation • Relocation plan for beneficiaries in settings that cannot be remediated/ Moving clients from/to different settings • Ensuring ongoing compliance from point of initial assessment through recertification (step by step) <p>Is there a timeframe when these details will be made public?</p> <p>State response: See the updated transition plan, Section 2: Remediation #5, #6, #7, and #9. The State will develop detailed processes for addressing this question with public input through remediation, and public comment phases of the My Choice My Way transition plan.</p> <p>Impact on Transition plan: Updated plan.</p>
74	Public Comment-Email	2/26/16	<p>Comment summary: How will the public be routinely notified of any provider sanctions or terminations as a result of non-compliance?</p> <p>State response: State agencies providing oversight and monitoring will report to DHS/MQD and the advisory group on a monthly basis. The provider list will be updated on the DHS/MQD website, semi-annually or during informational sessions.</p> <p>Impact on Transition plan: No change to plan.</p>

Public Comments

Last Updated 4/31/2016

75	Public Comment-Email	2/26/16	<p>Comment summary: There should be more "overlap" of information between the Transition Plan and the new 1915 Waiver Application (as any Transition is impacted by the benefits available when the Waiver is approved by CMS). Is there a crosswalk planned for public review to connect these two mighty efforts by Med-QUEST and I/DD?</p> <p>State response: DOH/DDD and DHS/MQD have completed the 1915(c) Waiver Renewal Application. A copy will be available for viewing on both websites, see attachment #2 for specific wavier details on meeting the HCBS final rule.</p> <p>Impact on Transition plan: No change to plan.</p>
76	Public Comment-Email	2/26/16	<p>Comment summary: In the likelihood that more emphasis on community integration will produce an increase in changes of community settings for individuals (new residence, revised day program schedules, work training and employment settings, transportation, etc.) will the new Waiver accommodate better <i>crisis intervention planning</i> – including better understanding and training in recognizing crisis triggers and early intervention- for individuals, families and community setting providers? Further, can crisis intervention planning become mandatory in the ISP process for all individuals?</p> <p>State response: Crisis intervention planning The State agrees with the commenter that crisis planning can be strengthened for individuals who may experience behavioral challenges. The State will continue to work with individuals, families, caregivers, and community partners to review current practices and receive input on ways to strengthen the system of supports to improve crisis planning at the individual and service levels.</p> <p>Impact on Transition plan: No change to plan.</p>
77	Public Comment-Email	2/26/16	<p>Comment summary: There is a great emphasis on Provider training needed to implement the Transition Plan in future, yet little detail has been provided on how this will happen.</p> <p>State response: See the updated transition plan, Section 2: Remediation #5 Mandatory provider training and response to #51 in this Public Comment section.</p> <p>Impact on Transition plan: Updated plan.</p>
78	Public Comment-Email	2/26/16	<p>Comment summary: Will Quality standards be modified to address any changes that are made to either the Transition Plan or the 1915 Waiver Application as a result of public comments?</p> <p>State response: DOH/DDD and DHS/MQD have completed the 1915(c) Waiver Renewal Application. A copy will be available for viewing on both websites, see updated quality measures for specific wavier details on meeting the HCBS final rule.</p> <p>Impact on Transition plan: No change to plan.</p>
89	Public Comment-Email	2/26/16	<p>Comment summary: With so many variables required by island transportation, should that be addressed as a separate "category"!</p> <p>State response: The State recognizes that transportation is an important issue. The State will continue to collaborate with stakeholders and community partners to identify creative strategies. Transportation will be reviewed as a separate system issue.</p> <p>Impact on Transition plan: No plan change.</p>
