## **REMEDIATION STRATEGIES AND MILESTONES FOR THE HAWAII 1915(c) I/DD WAIVER**

### **REVISIONS TO 1915c WAIVER**

*Date of Completion: 03/2016*

Waiver renewal activities were completed concurrent with the My Choice My Way transition plan to provide information and training for stakeholders on the Final Rule requirements. The State engaged in a consultative, open communication process across stakeholders using multiple venues and forums to have discussions with waiver participants, families, advocates, providers, legislators, other state agencies, staff and other interested members of the public. Feedback was obtained from more than 200 stakeholders during several months that was used to shape the service array and guide other revisions for the renewal application. During the formal public notice and comment period prior to submitting the proposed renewal application, further refinement to the waiver was completed.

A number of changes were made to the 1915(c) waiver application that was submitted to CMS in March 2016 to support individuals to have full lives in their communities. Existing services were revised and new services were added. Personal Assistance Habilitation (PAB) was separated into two distinct services – PAB would be delivered in the participant’s home and a new service, Community Learning Services, would be delivered in the community with a specific focus on improving and supporting full access to the community. Existing services were revised to clarify the expectations for community participation and employment in integrated competitive settings. Prevocational services in the current waiver were redefined as Discovery and Career Planning to reflect a strong emphasis on the discovery process and planning that is needed in order for
